memorial to commemorate the only massacre in Australia's colonial history where some but not all of the perpetrators were punished Today We're Alive Generating Performance in a Cross Cultural Context an Australian Experience is a doctoral thesis which examines the multiple narratives embedded in colonial and recent history At the heart of this research is a verbatim play the interweaving of Aboriginal and non Aboriginal testimonies about Myall Creek and the memorial testimonies sourced from descendants of massacre survivors descendants of massacre perpetrators and involved others As a thesis it explores the possibilities offered by performance ethnography as a decolonizing methodology as a play the research seeks to find a reconciliation narrative a story that through performance addresses the past and recognises the possibilities of a shared future
