Handbook Of Juvenile Forensic Psychology And Psychiatry:

Handbook of Juvenile Forensic Psychology and Psychiatry Elena Grigorenko, 2012-02-18 Juvenile justice centers have a long tradition as an unfortunate stop for young offenders who need mental health care Reports estimate that as many as 70% of the youth in detention centers meet criteria for mental health disorders As juvenile justice systems once again turn their focus from confinement to rehabilitation mental health providers have major opportunities to inform and improve both practice and policy The Handbook of Juvenile Forensic Psychology and Psychiatry explores these opportunities by emphasizing a developmental perspective multifaceted assessment and evidence based practice in working with juvenile offenders This comprehensive volume provides insights at virtually every intersection of mental health practice and juvenile justice covering areas as wide ranging as special populations sentencing issues educational and pharmacological interventions family involvement ethical issues staff training concerns and emerging challenges Together its chapters contain guidelines not only for changing the culture of detention but also preventing detention facilities from being the venue of choice in placing troubled youth Key issues addressed in the Handbook include Developmental risks for delinquency Race and sex disparities in juvenile justice processing Establishing standards of practice in juvenile forensic mental health assessment Serving dually diagnosed youth in the juvenile justice system PTSD among court involved youth Female juvenile offenders Juvenile sex offenders The Handbook of Juvenile Forensic Psychology and Psychiatry is an essential reference for researchers professors allied clinicians and professionals and policy makers across multiple fields including child and school psychology child and adolescent psychiatry developmental psychology criminology juvenile justice forensic psychology neuropsychology social work and education California School of Professional Psychology Handbook of Juvenile Forensic Psychology Neil Ribner, 2002-10-02 The Handbook of Juvenile Forensic Psychology is a comprehensive handbook for mental health professionals working with juveniles in the criminal justice system and in family and dependency courts Written by a panel of experts in the field the book focuses on the proactive prevention accurate evaluation and progressive treatment for delinquent juveniles and for juveniles caught in the web of a contentious divorce or in the foster care system California School of Professional Psychology Handbook of Juvenile Forensic Psychology Neil G. Ribner, 2003-02-17 The Handbook of Juvenile Forensic Psychology is a comprehensive handbook for mental health professionals working with juveniles in the criminal justice system and in family and dependency courts Written by a panel of experts in the field the book focuses on the proactive prevention accurate evaluation and progressive treatment for delinquent juveniles and for juveniles caught in the web of a contentious divorce or in the foster care system Inside Forensic Psychology Tiffany R. Masson, 2016-03-28 The rich case material in this unique book provides readers with an in depth understanding of a wide variety of forensic psychology topics through the perspective of the psychologist working with these individuals In this absorbing and illustrative volume experienced forensic psychologists explain the specialized field s intersection between psychology and the

justice system It documents psychologists interviews with involved parties the law research they conduct and their testimony in court on issues that include competency to stand trial Miranda evaluations defendants sanity sentencing the death penalty and violence and risk assessments as well as on cases regarding family matters such as child custody child protection and parental rights Offering firsthand testimonials from some of the best known and most practiced professionals in the nation the contributors not only explain the work but also offer comprehensive case studies that will enable students as well as readers who are not specialists in psychology to fully understand core concepts and appreciate the complexities and subtleties of the field Inside Forensic Psychology is intended for undergraduate students and graduate students studying forensic psychology or entering into a forensic psychology concentration specialization As an instructional text the book serves professors as a single resource that houses varied forensic clinical case vignettes incorporating the clinical thinking of the psychologist The rich case material will serve to excite critical thinking in students assist instructors in expanding upon their lectures and provide invigorating intriguing material for lay readers

Forensic Mental Health Assessment Kirk Heilbrun,David DeMatteo,Stephanie Brooks Holliday,Casey LaDuke,2014-06-09 Forensic mental health assessment FMHA continues to develop and expand as a specialization Since the publication of the First Edition of Forensic Mental Health Assessment A Casebook over a decade ago there have been a number of significant changes in the applicable law ethics science and practice that have shaped the conceptual and empirical underpinnings of FMHA The Second Edition of Forensic Mental Health Assessment is thoroughly updated in light of the developments and changes in the field while still keeping the unique structure of presenting cases detailed reports and specific teaching points on a wide range of topics Unlike anything else in the literature it provides genuine although disguised case material so trainees as well as legal and mental health professionals can review how high quality forensic evaluation reports are written it features contributions from leading experts in forensic psychology and psychiatry providing samples of work in their particular areas of specialization and it discusses case material in the larger context of broad foundational principles and specific teaching points making it a valuable resource for teaching training and continuing education Now featuring 50 real world cases this new edition covers topics including criminal responsibility sexual offending risk evaluation federal sentencing capital sentencing capacity to consent to treatment personal injury harassment and discrimination guardianship juvenile commitment transfer and decertification response style expert testimony evaluations in a military context and many more It will be invaluable for anyone involved in assessments for the courts including psychologists psychiatrists social workers and attorneys as well as for FMHA courses

Evaluating Juvenile Transfer and Disposition Kirk Heilbrun,David DeMatteo,Christopher King,Sarah Filone,2017-05-08 Focusing on juvenile transfer and disposition evaluations this volume provides an up to date integration of current law science and practice with respect to juvenile risk assessment treatment needs amenability and sophistication maturity Included are perspectives relating to international practices use of specialized assessment tools and a

separate chapter on resentencing following US Supreme Court decisions on juveniles sentenced to mandatory life without parole This text will be a useful and comprehensive reference for forensic psychologists and other mental health professionals engaged in juvenile evaluation as well as legal professionals juvenile and criminal justice professionals and others involved with juvenile assessment decision making and rehabilitation Juvenile Delinquency Tom D. Kennedy, David Detullio, Danielle H. Millen, 2020-03-25 This brief explores the current theories trends risk factors and intervention efforts related to juvenile crime Although arrest rates for juveniles in the US have declined over the last two decades the amount of severe crimes warrants increased examination as the US reports higher rates than most other developed countries The authors examine individual family and environmental risk and protective factors for juvenile crime while considering the need for better integration of treatment into critically at risk areas of the community Covering notable topics of interest for researchers and public policy makers alike this brief provides an overview of factors and trends related to juvenile crime aiming to support more effective evidence based treatment and prevention **The Wiley Handbook of What Works in Correctional Rehabilitation** Leam A. Craig, Louise Dixon, Theresa A. Gannon, 2024-09-05 Theory assessment and treatment strategies for offenders across forensic populations with practical examples and discussion of often overlooked cultural considerations The Wiley Handbook of What Works in the Rehabilitation of People Who Have Offended comprehensively outlines effective rehabilitation strategies for offenders while acknowledging the challenges in implementation and discussing ethical considerations potential biases and the need for ongoing evaluation The book introduces the current state of effective practices outlines up to date risk assessment processes for various crime types investigates effective treatments for diverse forensic populations explores treatments for those in prison and mental health settings and examines the often overlooked cultural factors influencing rehabilitation efforts This Second Edition expanded from 25 to 32 chapters has been written by leading researchers seasoned professionals and academics providing a wealth of expertise and diverse perspectives Each chapter offers a well researched and balanced review of existing literature laying a solid foundation for comprehending the effectiveness of various rehabilitation approaches Practical examples enhance the content s applicability emphasizing evidence based practices crucial for accountability and effectiveness in the criminal justice system Some of the sample topics discussed in The Wiley Handbook of What Works in the Rehabilitation of People Who Have Offended include Risk Need and Responsivity principles used in the assessment and triage of offenders and evidence for the Good Lives Model in supporting rehabilitation and desistance from offending Recidivism risk in people convicted of intimate partner violence and treatment of aggressive and problematic adjudicated youth in a secure psychiatric setting Treatment of persons convicted of sexual offenses in the community including online offending Strategies to prevent and reduce gang involvement and rehabilitation of intellectually disabled individuals who have harmful sexual behavior Offering a valuable evidence based coverage in the pursuit of effective rehabilitation strategies the Second Edition of The Wiley Handbook of What Works in the
