**A Dictionary of Nonprofit Terms and Concepts** David Horton Smith, Robert A. Stebbins, Michael A. Dover, 2006-11-08  
This reference work defines more than 1 200 terms and concepts that have been found useful in past research and theory on the nonprofit sector The entries reflect the importance of associations citizen participation philanthropy voluntary action nonprofit management volunteer administration leisure and political activities of nonprofits They also reflect a concern for the wider range of useful general concepts in theory and research that bear on the nonprofit sector and its manifestations in the United States and elsewhere This dictionary supplies some of the necessary foundational work on the road toward a general theory of the nonprofit sector *Handbook of Symbolic Interactionism* Larry T. Reynolds, Nancy J.

Herman-Kinney, 2003 Symbolic interactionism has a long history in sociology social psychology and related social sciences In this volume the editors and contributors explain its history major theoretical tenets and concepts methods of doing symbolic interactionist work and its uses and findings in a host of substantive research areas Gonzo Governance David L.

Altheide, 2022-10-24 Drawing on social science and communications theory Gonzo Governance offers a new interpretation of presidential power that shifts focus to the media dynamics that surrounded Donald Trump The former president's unhinged behavior and skilled media and digital manipulations changed the nature and process of significant governance at the federal and state levels including denying election results and restricting voting opportunities He went Gonzo promoting himself without regard for conventional norms and practices and blasted ideological fault lines into explosive political fragments resulting in so much dissensus that numerous legislators would not recognize the newly elected President Biden nor would they agree to take a potential life saving vaccine because it had been associated with a politicized virus COVID 19 Nurtured by media logic and a communications ecology that has wedded people to digital technologies and formats that govern the structure grammar form expectations and meanings of messages that can entertain enlighten and disinform this form of governance alters the fundamental way that information is communicated David L Altheide emphasizes how these changes informed Donald Trump's electoral strategies as well as the insurrection attempt on the U S Capitol on January 6 2021
