Breure, Rob Pincus, 2012-07-27 Some Comments from Lens Students I want you to know that in my many years of being a student you easily rank as the best teacher I have ever had Your skill and patience has made me infinitely more comfortable with my weapons and myself The next class you teach I ll be there in a heartbeat I m sure you don t have to be reminded of the multitude of people you have touched and the positive impact you have had on firearms training overall Bob Patridge Len has taught me to effectively and safely use a handgun and rifle and for that I will always be grateful I look forward to the time I spend once or twice a week under his instruction Len has created a wide range of firearms training programs out of virtually nothing and trained a sizeable and competent cadre of firearms instructors who like me greatly respects the man He is engaged with his students and always approachable Students who have shot much longer than me comment on his great depth of knowledge and ability to improve their shooting He clearly loves to teach the material and his enthusiasm is contagious He has a great sense of humor and makes his classes a lot of fun But in spite of all of this the safety of his students is always his first concern Dr Noel Pillman MD I am a retired police officer and a former police firearms instructor for over 20 years I have been to numerous firearms training classes over the years but have not had any instructors more professional knowledgeable and dedicated to what they do then Len Breure Maurice Merabella Len was my first real tactical instructor a few years ago He is a thorough safe and well versed instructor His teaching style is unique in a way that clearly conveys lessons and makes them easy to understand for experienced shooters and novices alike Len brings a wealth of prior been there done that experience to the table that s an asset to his teaching and is rarely found in

many of the new instructors that have come to the arena since most states have enacted concealed carry laws I continue to train with a variety of tactical instructors and am always amazed by how much of the information Len taught me is still the foundation upon which I build Mike VanMeeteren I have been fortunate enough to receive numerous training courses that were being taught by Len Breure In my opinion Len is one of the best in the business It is very rewarding to be able to learn from someone who has the experience and knowledge to take tactical training to the next level Jim Bryant I first meet Len while taking my Minnesota Concealed Carry Course in 2005 Since that time I have taken every course that Len teaches In my opinion Len is the consummate professional who teaches with passion and an incredible degree of knowledge I would strongly urge anyone interested in personal protection to take Len's courses Mike Pingel *Texas Handgun License License to Carry* Handgun Safety Handgun Safety Training Corporation, 2017-10-10 A comprehensive and user friendly workbook that contains the required training curriculum to obtain a Texas Handgun License LTC Handgun Safety Training Corporation Firearms Defensive Tactics Training Academy an industry leader in professional self defense training since 1995 developed this workbook to effectively deliver Handgun License LTC Training required by the State of Texas Concealed Handgun Training Manual for the State of Texas Texas Concealed Handgun Instructor Association, 2001 The Complete Illustrated Manual of Handgun Skills Robert Campbell, 2011 The Personal Protection Handbook Leonard M. The Practical Pistol Manual Bill

Clede,1997 Since more than 26 states have passed laws requiring training for concealed carrying of firearms citizens and police have a duty to teach the safe and responsible use of the weapons In eight other states that permit concealed carry with no training required men and women have a moral obligation to learn how to carry and use their firearms safely and responsibly This handy little book contains everything a novice gun owner needs to know to start learning the basics of competent and safe pistol use as well as the essentials of using a gun in a potentially violent confrontation with a criminal It is an ideal textbook for state courses required for concealed carry permits While there are many excellent books on handguns marksmanship and self defense all are designed for those who want to be expert in those subjects There are no other books which address the specific concerns of someone who simply wants to carry a concealed firearm safely and responsibly until now Bill Clede serves on the Connecticut State Police Firearms Advisory Committee which determines what training in his state will and will not include A fruitless search for a suitable text is what prompted him to develop this book One of Clede s primary goals is teaching how to avoid discharging the firearm in the first place defusing aggressive behavior without resorting to shooting someone The Practical Pistol Manual brings all these concerns together safety competent shooting and how to deal with violent behavior in one concise and affordable book This is the only book that fills the need of a text for novices that covers safety competent shooting and how to deal with potentially violent encounters

FIREARMS INSTRUCTOR'S MANUAL R.E. Parham, 1999-01-01 This manual has been written with the Law Enforcement Firearms Instructor in mind It is an attempt to save the instructor time by furnishing already prepared outlines that cover most of the subject currently taught by and to law enforcement personnel The purpose of the manual is twofold First it can be used by current firearms instructors as a handy reference guide and also as a way of keeping all of the firearms outlines in one simple format By preparing the manual in this fashion all of an instructor's outlines are easily accessible should an instructor's class be

challenged by the legal system Secondly this manual can be used as the text for firearms instructor initial certification classes Once the new instructor completes the basic certification course he or she will have a complete set of outlines that can be used for teaching their classes The first four outlines in this manual The Role of the Firearms Instructor Safety Responsibilities Record Keeping and Discipline are generally used during instructor development classes The rest of the outlines while also used in instructor development classes are also appropriate for basic recruit classes as well as classes that are designed for in service personnel The Appendix contains material that can be used as class handouts or made into overheads for class presentations Some of the courses can be used for general firearms qualification while others are used for training a specific skill such as linear and lateral movement or multiple attackers The manual has been written to take the pain out of the office work part of being a firearms instructor and to give the instructor more time to teach

Safe N Secure Defensive Pistol Training Manual Bernard M. Martinage, 2013-04 In a growing world of firearm enthusiasts and shooting opportunities ranging from plinking to practical shooting competitions the Continental Army US thought it was necessary to develop a program to answer the demand for basic Practical Defensive Shooting We must differentiate action shooting activities such as the respectable IDPA International Defense Pistol Association IPSC Institute for the Protection of the Citizen and NRA Action Pistol from actual combat techniques designed to help you have the upper hand in a situation where you need to use a gun for the purpose of self defense Competition is fun and so is winning however the skills required engaging an opponent who is shooting back are quite different The best analogy we can make is to compare this with race car drivers A NASCAR driver has skills that a defensive driver doesn't have Therefore if you will encounter a situation where the need arises for you to protect yourself or your family using deadly force it will likely be on the street or your home and not in a shooting range This program is designed to assist you in building the skills strength and mental preparedness to effectively fight when it matters most You will not and cannot win a shooting competition using the skills presented in this manual because what is required to win a competition is tactically opposite of what you will learn here In the real world there is No clock to beat No room for shortcuts No time for previewing the fight No chance to know where and when the threat will come from No certainty about when it will start or stop No re shoot opportunity Definite terrible consequences for mistakes
