

An aerial night photograph of a village. The scene is illuminated by warm, golden light, likely from streetlights or building lights, which reflects on a river on the right side of the frame. The houses have dark roofs, and some windows are lit up. In the background, there are dark, silhouetted mountains under a twilight sky with some clouds.

Histoire De La Rvolution Franaise Depuis 1789 Jusquen 1814 French Edition:

Historicizing the French Revolution Antonino De Francesco,2022-03-24 This book provides a critical examination of over 300 historical works about the French Revolution published in Europe in particular in France Great Britain Germany Italy and Russia as well as in the United States between 1789 and 1989 It also goes on to examine recent trends in French Revolution historiography and consider where histories of this landmark event may go in the future By emphasizing the elements which have been valued or hidden exalted or silenced Historicizing the French Revolution shows how reflections on 1789 are always fundamentally tied to the times in which they are formulated Antonino De Francesco looks at the ways in which these historical accounts can be seen to support and at times contrast with the formation of political modernity both in national and international contexts as it has taken shape in the hundreds of years that have followed this key moment in world history

The A to Z of the French Revolution Paul R. Hanson,2007-02-23 The French Revolution remains the most examined event and period in world history Most historians would argue that it was the first modern revolution an event so momentous that it changed the very meaning of the word revolution to its current connotation of a political and or social upheaval that marks a decisive break with the past moving the society in a forward or progressive direction No revolution has occurred since 1789 without making reference to this first revolution and most have been measured against it When revolution shook the foundations of the Old Regime in France shock waves reverberated throughout the western world The A to Z of the French Revolution examines the causes and origins the roles of significant persons crucial events and turning points important institutions and organizations and the economic social and intellectual factors involved in the event that gave birth to the Declaration of the Rights of Man and Citizen the introduction of universal manhood suffrage and the Napoleonic Empire An introductory essay chronology and comprehensive bibliography complement the more than 400 cross referenced dictionary entries making this a great resource for students and history enthusiasts alike
