Historia Calamitatum The Story Of My Misfortunes:

Historia Calamitatum Peter Abelard, 2019-09-25 Reproduction of the original Historia Calamitatum by Peter Abelard Historia Calamitatum Peter Abelard, 2013-01-04 Peter Abelard 1079 1142 was the preeminent philosopher of the twelfth century and perhaps the greatest logician of the middle ages During his life he was equally famous as a poet and a composer and might also have ranked as the preeminent theologian of his day had his ideas earned more converts and less condemnation In all areas Abelard was brilliant innovative and controversial He was a genius He knew it and made no apologies His vast knowledge wit charm and even arrogance drew a generation of Europe's finest minds to Paris to learn from him Many of the misfortunes which the Historia Calamitatum relates were the direct outcome of Ab lard s uncompromising position as a rationalist and this important document is above all interesting for the picture it gives of Peter Ab lard himself against the background of early twelfth century France The Historia Calamitatum was written while Ab lard was still abbot of the monastery of St Gildas in Brittany The terrors of his existence there are fully dwelt on in his autobiographical letter and finally in 1134 or 1135 he fled living for a short time in retirement In 1136 however we find him once more lecturing and apparently with much of his former success on Mont Ste Genevi ve His old enemies were still on his trail and most of all Bernard of Clairvaux to whose fiery adherence to the faith Ab lard s rationalism seemed a sheer desecration The unceasing activities of Bernard and others finally brought Ab lard before an ecclesiastical council at Sens in 1140 where he was formally arraigned on charges of heresy Had Ab lard s courage held good he might have won his case for Bernard was frankly terrified at the prospect of meeting so formidable a dialectitian but Ab lard broken in spirit by the prolonged persecution from which he had suffered contented himself with appealing to the Pope The indefatigable Bernard at once proceeded to secure a condemnation of Ab lard from Rome whither the accused man set out to plead his case On the way however he collapsed both physically and in spirit and remained for a few months at the abbey of Cluny whence his friends removed him a dying man to the priory of St Marcel near Ch lons sur Sa ne Here he died on April 21 1142

Historia Calamitatum Peter Abelard, 2017-03-06 Historia Calamitatum English Story of His Misfortunes or A history of my Calamities is also known as Abaelardi ad Amicum Suum Consolatoria is an autobiographical work in Latin by Peter Abelard 1079 1142 a medieval French pioneer of scholastic philosophy The work written in 1132 is one of the first autobiographical works in medieval Western Europe written in the form of a letter Historia Calamitatum Peter Ablard, Henry Adams Bellows, Ralph Adams Cram, 2014-03-16 An excerpt from the INTRODUCTION THE Historia Calamitatum of Peter Ab lard is one of those human documents out of the very heart of the Middle Ages that illuminates by the glow of its ardour a shadowy period that has been made even more dusky and incomprehensible by unsympathetic commentators and the ill digested matter of source books Like the Confessions of St Augustine it is an authentic revelation of personality and like the latter it seems to show how unchangeable is man how consistent unto himself whether he is of the sixth century or the twelfth or

indeed of the twentieth century Evolution may change the flora and fauna of the world or modify its physical forms but man is always the same and the unrolling of the centuries affects him not at all If we can assume the vivid personality the enormous intellectual power and the clear keen mentality of Ab lard and his contemporaries and immediate successors there is no reason why The Story of My Misfortunes should not have been written within the last decade They are large assumptions for this is not a period in world history when the informing energy of life expresses itself through such qualities whereas the twelfth century was of precisely this nature The antecedent hundred years had seen the recovery from the barbarism that engulfed Western Europe after the fall of Rome and the generation of those vital forces that for two centuries were to infuse society with a vigour almost unexampled in its potency and in the things it brought to pass The parabolic curve that describes the trajectory of Mediaevalism was then emergent out of chaos and old night and Ab lard and his opponent St Bernard rode high on the mounting force in its swift and almost violent ascent Historia Calamitatum Peter Abelard, 1922 The Story of My Misfortunes Peter Abelard, 2020-02-05 The Story of My Misfortunes also known as Historia Calamitatum A history of my calamities is an autobiographical work by Peter Abelard one of medieval France s most important intellectuals and a pioneer of scholastic philosophy The Story of My Misfortunes is one of the first autobiographical works in medieval Western Europe written in the form of a letter Historia Calamitatum Peter Abelard, 1958 Calamitatum Peter Abelard, 2013-07-28 The Historia Calamitatum of Peter Ab lard is one of those human documents out of the very heart of the Middle Ages that illuminates by the glow of its ardour a shadowy period that has been made even more dusky and incomprehensible by unsympathetic commentators and the ill digested matter of source books Like the Confessions of St Augustine it is an authentic revelation of personality and like the latter it seems to show how unchangeable is man how consistent unto himself whether he is of the sixth century or the twelfth or indeed of the twentieth century Evolution may change the flora and fauna of the world or modify its physical forms but man is always the same and the unrolling of the centuries affects him not at all If we can assume the vivid personality the enormous intellectual power and the clear keen mentality of Ab lard and his contemporaries and immediate successors there is no reason why The Story of My Misfortunes should not have been written within the last decade They are large assumptions for this is not a period in world history when the informing energy of life expresses itself through such qualities whereas the twelfth century was of precisely this nature The antecedent hundred years had seen the recovery from the barbarism that engulfed Western Europe after the fall of Rome and the generation of those vital forces that for two centuries were to infuse society with a vigour almost unexampled in its potency and in the things it brought to pass The parabolic curve that describes the trajectory of Mediaevalism was then emergent out of chaos and old night and Ab lard and his opponent St Bernard rode high on the mounting force in its swift and almost violent ascent Pierre du Pallet yclept Ab lard was born in 1079 and died in 1142 and his life precisely covers the period of the birth development and perfecting of that Gothic style of architecture which is one of

the great exemplars of the period Actually the Norman development occupied the years from 1050 to 1125 while the initiating and determining of Gothic consumed only fifteen years from Bury begun in 1125 to Saint Denis the work of Abbot Suger the friend and partisan of Ab lard in 1140 It was the time of the Crusades of the founding and development of schools and universities of the invention or recovery of great arts of the growth of music poetry and romance It was the age of great kings and knights and leaders of all kinds but above all it was the epoch of a new philosophy refounded on the newly revealed corner stones of Plato and Aristotle but with a new content a new impulse and a new method inspired by Christianity
