- Borstvoeding

“Nu heeft mijn kind tegen mijn wil, en toch met mijn instemming, een min gekregen. Mijn vrouw, of ze er nu toe in staat was of niet, zou nimmer haar kind mogen voeden – dat was altijd mijn vaste voornemen! Alleen, de melk van een ander zou mijn kind ook niet naar binnen mogen slikken! Ik wil het, net als bij mijn zuster en mij is gebeurd, met water grootbrengen.” W.A. Mozart, 1783.

Bibliografie der geschiedenis van Nederland H. de Buck, E.M. Smit, *Bijdragen voor vaderlandsche geschiedenis en oudheidkunde*, 1928 **History of the Low Countries** J. C. H. Blom, E. Lamberts, 2006-06-01 The history of the smaller European countries is rather neglected in the teaching of European history at university level We are therefore pleased to announce the publication of the first comprehensive history of the Low Countries in English from Roman Times to the present Remaining politically and culturally fragmented with its inhabitants speaking Dutch French Frisian and German the Low Countries offer a fascinating picture of European history en miniature For historical reasons parts of northern France and western Germany also have to be included in the Low Countries a term that must remain both broad and fluid a convenient label for a region which has seldom if ever composed a unified whole In earlier ages it as even more difficult to the region set parameters again reflecting Europe as a whole when tribes and kingdoms stretched across expanses not limited to the present states of Belgium Luxembourg and the Netherlands Nevertheless its parts did demonstrate many common traits and similar developments that differentiated them from surrounding countries and lent them a distinct character Internationally the region often served both as a mediator for and a buffer to the surrounding great powers France Britain and Germany an important role still played today as Belgium and the Netherlands have increasingly become involved in the broader process of European integration in which they often share the same interest and follow parallel policies This highly illustrated volume serves as an ideal introduction to the rich history of the Low Countries for students and the generally interested reader alike

New Perspectives on Power and Political Representation from Ancient History to the Present Day ,2019-06-07 New Perspectives on Power and Political Representation from Ancient History to the Present Day offers a unique perspective on political communication between rulers and ruled from antiquity to

the present day by putting the concept of representation center stage It explores the dynamic relationship between elites and the people as it was shaped by constructions of self representation and representative claims The contributors to this volume specialists in ancient medieval early modern and modern history move away from reductionist associations of political representation with formal aspects of modern democratic electoral and parliamentary politics Instead they contend that the construction of political representation involves a set of discourses practices and mechanisms that although they have been applied and appropriated in various ways in a range of historical contexts has stood the test of time **De garoeda en de**
