Senkewicz, 2023-01-26 Mariano Guadalupe Vallejo 1807 90 grew up in Spanish California became a leading military and political figure in Mexican California and participated in some of the founding events of U S California In 1874 75 Vallejo working with historian and publisher Hubert Howe Bancroft composed a five volume history of Alta California a monumental work that would be the most complete eyewitness account of California before the gold rush But Bancroft shelved the work and it has lain in the archives until its recent publication as *Recuerdos Historical and Personal Remembrances Relating to Alta California 1769 1849* translated and edited by Rose Marie Beebe and Robert M Senkewicz In *Mariano Guadalupe Vallejo Life in Spanish Mexican and American California* Beebe and Senkewicz not only illuminate Vallejo's life and history but also examine the broader experience of the nineteenth century Californio community In eight essays the authors consider Spanish and Mexican rule in California mission secularization the rise of rancho culture and the conflicts between settlers and Indigenous Californians especially in the post mission era Vallejo was uniquely positioned to provide insight into early California's foundation and as a defender of culture and education among Mexican Californians he also offered a rare perspective on the cultural life of the Mexican American community In their final

chapter Beebe and Senkewicz include a significant portion of the correspondence between Vallejo and his wife Francisca Benicia for what it reveals about the effects of the American conquest on family and gender roles A long overdue in depth look at one of the preeminent Mexican Americans in nineteenth century California Mariano Guadalupe Vallejo also provides an unprecedented view of the Mexican American experience during that transformative era **History of California:**

1542-1800 Hubert Howe Bancroft, Henry Lebbeus Oak, William Nemos, Frances Fuller Victor, 1884 This work examines California's history from 1520 to 1890 It also contains a ethnology of the state's population economics and politics **The Works of Hubert Howe Bancroft** Andrew Dickson White, Herbert Huntington Smith, Hubert Howe Bancroft, 2024-05-01 Reprint of the original first published in 1884 The Works of Hubert Howe Bancroft Hubert Howe Bancroft, 1884

Possessing the Pacific Stuart Banner, 2009-06-30 During the nineteenth century British and American settlers acquired a vast amount of land from indigenous people throughout the Pacific but in no two places did they acquire it the same way Stuart Banner tells the story of colonial settlement in Australia New Zealand Fiji Tonga Hawaii California Oregon Washington British Columbia and Alaska Today indigenous people own much more land in some of these places than in others And certain indigenous peoples benefit from treaty rights while others do not These variations are traceable to choices made more than a century ago choices about whether indigenous people were the owners of their land and how that land was to be transferred to whites Banner argues that these differences were not due to any deliberate land policy created in London or Washington Rather the decisions were made locally by settlers and colonial officials and were based on factors peculiar to each colony such as whether the local indigenous people were agriculturalists and what level of political organization they had attained These differences loom very large now perhaps even larger than they did in the nineteenth century because they continue to influence the course of litigation and political struggle between indigenous people and whites over claims to land and other resources Possessing the Pacific is an original and broadly conceived study of how colonial struggles over land still shape the relations between whites and indigenous people throughout much of the world **Recuerdos** Mariano

Guadalupe Vallejo, 2023-03-02 A generation after the U S conquest of California Mariano Guadalupe Vallejo set out to write the story of the land he knew so well a history to dispel the romantic vision quickly overtaking the state's recent past The five volume history he produced published here for the first time in English translation is the most complete account of California before the gold rush by someone who resided in California at the time Mariano Guadalupe Vallejo 1807-90 grew up in Spanish California became a leading military and political figure in Mexican California and participated in some of the founding events of U S California such as the Monterey Constitutional Convention and the first legislature With his project undertaken for historian and publisher Hubert Howe Bancroft Vallejo sought to correct misrepresentations of California's past which dismissed as insignificant the pre gold rush Spanish and Mexican periods conflated into one Mission era Instead Vallejo's history emphasized the role of the military in the Spanish colonization of California and argued that the missionaries

after Jun pero Serra with their medieval ideas had actually retarded the development of California until secularization in the early 1830s Culture he contended was of intense interest to the Californio people as was the education of children His accounts of Indigenous peoples while often sympathetic were also characteristic of his time he and other California military leaders Vallejo maintained had successfully subdued hostile Indians and established mutually beneficial relationships with others Out of keeping with Bancroft s American triumphalism Vallejo s monumental project was consigned to the archives With their deft translation and commentary Rose Marie Beebe and Robert M Senkewicz authors of a companion volume on Vallejo s work have brought to light a remarkable perspective often firsthand on important events in early California history Their efforts restore a critical chapter to the story of California and the American West **California** George Wharton James,1921 The Resources of California John Shertzer Hittell,1867 *The History of Nations* Henry Cabot Lodge,1928
