A History of Divorce (Classic Reprint) S. B. Kitchin, 2015-07-08 Excerpt from A History of Divorce So far as I am aware there is no book in the English language which gives a concise and simple account of the history of divorce and there is no modern problem in which the historical and comparative study of law and opinion is so essential for those who administer or make the laws and all those who wish to have an adequate knowledge of the subject in its modern bearings The extraordinary diversity of laws and opinions which exists in modern countries of the same degree of civilisation often professing the same religion when seen in the light of history is found to have certain common elements which show that substantially the same forces have been at work in their evolution The object of this book is to explain as briefly and simply as I can how this diversity came about to endeavour to deduce from the facts of history the tendencies of thought and legislation and to ascertain the principles which according to the teaching of history ought to be applied to modern legislation on the subject About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *An Historical Introduction to Modern Civil Law*,

"Classical" Instruction: its use and abuse. Reprinted from the Westminster Review, etc, 1854 *Inflation and the Family* Jeffery L. Degner, 2025-05-16 This book provides unique insight into the relationship between economics and family life Taking ideas from the Austrian school of economics understanding of monetary theory it delves into the drivers of family formation fertility and family disintegration with a particular focus on the role of inflation and inflationary policy By placing questions surrounding family life within a political economy setting the impact of relative price changes inflation culture and specific monetary policies on the role and structure of the family are highlighted This book offers a nuanced and robust understanding of the economic causes of the deinstitutionalization of traditional family life It will be relevant to students and researchers interested in monetary economics and the economics of the family **Agricultural and Pastoral Societies in**

Ancient and Classical History Michael Adas, 2001 Introduces readers to the cross cultural study of ancient and classical civilizations The book is divided into two sections the first examining the ongoing interaction between ancient agrarian and nomadic societies and the second focusing on regional patterns in the dissemination of ideas [Petticoats and Prejudice - Women's Press Classics](#) Constance Backhouse, 2015-02-01 Drawing on historical records of women's varying experiences as litigants accused criminals or witnesses this book offers critical insight into women's legal status in nineteenth century Canada In an effort to recover the social and political conditions under which women lobbied rebelled and in some cases

influenced change Petticoats and Prejudice weaves together forgotten stories of achievement and defeat in the Canadian legal system Expanding the concept of heroism beyond its traditional limitations this text gives life to some of Canada's lost heroines Euphemia Rabbitt who resisted an attempted rape and Clara Brett Martin who valiantly secured entry into the all male legal profession were admired by their contemporaries for their successful pursuits of justice But Ellen Rogers a prostitute who believed all women should be legally protected against sexual assault and Nellie Armstrong a battered wife and mother who sought child custody were ostracized for their ideas and demands Well aware of the limitations placed upon women advocating for reform in a patriarchal legal system Constance Backhouse recreates vivid and textured snapshots of these and other women's courageous struggles against gender discrimination and oppression Employing social history to illuminate the reproductive sexual racial and occupational inequalities that continue to shape women's encounters with the law Petticoats and Prejudice is an essential entry point into the gendered treatment of feminized bodies in Canadian legal institutions This book was co published with The Osgoode Society for Canadian Legal History

The Status of Women in Classical Economic Thought Robert William Dimand, Chris Nyland, 2003-01-01 This book explores how the classical economists explained the status of women in society As the essays show the focus of the classical school was not nearly as limited to the activities of men as conventional wisdom has supposed Chris Nyland from Monash University

The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune women's and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Rediscovering the Islamic Classics Ahmed El Shamsy, 2022-11-29 The story of how Arab editors of the late nineteenth and early twentieth centuries revolutionized Islamic literature Islamic book culture

dates back to late antiquity when Muslim scholars began to write down their doctrines on parchment papyrus and paper and then to compose increasingly elaborate analyses of and commentaries on these ideas Movable type was adopted in the Middle East only in the early nineteenth century and it wasn't until the second half of the century that the first works of classical Islamic religious scholarship were printed there But from that moment on Ahmed El Shamsy reveals the technology of print transformed Islamic scholarship and Arabic literature In the first wide ranging account of the effects of print and the publishing industry on Islamic scholarship El Shamsy tells the fascinating story of how a small group of editors and intellectuals brought forgotten works of Islamic literature into print and defined what became the classical canon of Islamic thought Through the lens of the literary culture of nineteenth and twentieth century Arab cities especially Cairo a hot spot of the nascent publishing business he explores the contributions of these individuals who included some of the most important thinkers of the time Through their efforts to find and publish classical literature El Shamsy shows many nearly lost works were recovered disseminated and harnessed for agendas of linguistic ethical and religious reform Bringing to light the agents and events of the Islamic print revolution Rediscovering the Islamic Classics is an absorbing examination of the central role printing and its advocates played in the intellectual history of the modern Arab world *Psychology*, 1929 *Law Books Published*, 1984 **The Journal of Military History**, 1997 *The Divorce Court* John George Phillimore, 1859

Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1897 *Canadian Books in Print. Author and Title Index*, 1975 **An Underground Education** Richard Zacks, 1999-04-20 The best kind of knowledge is uncommon knowledge Okay so maybe you know all the stuff you're supposed to know that there are teenier things than atoms that Remembrance of Things Past has something to do with a perfumed cookie that the Monroe Doctrine means we get to take over small South American countries when we feel like it But really is this kind of knowledge going to make you the hit of the cocktail party or the loser spending forty five minutes examining the host's bookshelves Wouldn't you rather learn things like how the invention of the bicycle affected the evolution of underwear Or that the 1949 Nobel Prize for Medicine was awarded to a doctor who performed lobotomies with a household ice pick Or how Catherine the Great really died Or that heroin was sold over the counter not too long ago For the truly well rounded intellectual nothing fascinates so much as the subversive the contrarian the suppressed and the bizarre Richard Zacks' auto didact extraordinaire has unloosed his admittedly strange mind and astonishing research abilities upon the entire spectrum of human knowledge ferreting out endlessly fascinating facts stories photos and images guaranteed to make you laugh gasp in wonder and occasionally shudder at the depths of human depravity The result of his labors is this fantastically illustrated quasi encyclopedia that provides alternative takes on art business crime science medicine sex lots of that and many other facets of human experience Immensely entertaining and arguably enlightening An Underground Education is the only book that explains the birth of motion pictures using photos of naked baseball players Richard Zacks is the author of History Laid Bare Love Sex and

Perversity from the Ancient Etruscans to Warren G Harding which was excerpted in classy magazines like Harper's and earned the attention of the even classier New York Times which noted that Zacks specializes in the raunchy and perverse The Georgia State Legislature voted on whether to ban the book from public libraries He has studied Arabic Greek Latin French Italian and Hebrew and received the Phillips Classical Greek Award at the University of Michigan He has also told his publisher that he made a living in Cairo cheating royalty from a certain Arab country at games of chance although the claim remains unverified His writing has appeared in the New York Times The Atlantic Monthly Time Life Sports Illustrated The Village Voice TV Guide and similarly diverse publications Zacks is married and busy warping the minds of his two children Georgia and Ziegfield He resides in New York City and can be reached via e mail at rzacks@echonyc.com

The Cambridge Critical Guide to Latin Literature Roy Gibson, Christopher Whitton, 2024-01-18 The Cambridge Critical Guide to Latin Literature offers a critical overview of work on Latin literature Where are we How did we get here Where to next Fifteen commissioned chapters along with an extensive introduction and Mary Beard's postscript approach these questions from a range of angles They aim not to codify the field but to give snapshots of the discipline from different perspectives and to offer provocations for future development The Critical Guide aims to stimulate reflection on how we engage with Latin literature Texts tools and territories are the three areas of focus The Guide situates the study of classical Latin literature within its global context from late antiquity to Neo Latin moving away from an exclusive focus on the pre 200 CE corpus It recalibrates links with adjoining disciplines history philosophy material culture linguistics political thought Greek and takes a fresh look at key tools editing reception intertextuality theory Crisis, 1929

The World-Conquering Fiction John L. Bracht, 2018-02-16 The grand claim of the Christian religion is that it alone has the answer to the human plight which is that all people are born into a state of lostness and are estranged from God If they die outside of God's grace and salvation they will enter an eternal state of separation from God The solution to this terrible plight is the saving death of Jesus But does the Christian doctrine of salvation make sense Curiously most believers assert that faith isn't supposed to make sense in a human rational way It is God's revealed truth the mystery of faith and it can only be understood through faith That response however has long ceased to be acceptable to most thinking people The more the theologians explain their view of salvation the deeper the hole of incomprehensibility they dig We are in the midst of a paradigm shift in our perception of the truth that is shaking the foundations of our inherited religious traditions

Shaping the Eighteenth Amendment Richard F. Hamm, 2000-11-09 Richard Hamm examines prohibitionists' struggle for reform from the late nineteenth century to their great victory in securing passage of the Eighteenth Amendment Because the prohibition movement was a quintessential reform effort Hamm uses it as a case study to advance a general theory about the interaction between reformers and the state during the Gilded Age and Progressive Era Most scholarship on prohibition focuses on its social context but Hamm explores how the regulation of commerce and the federal tax structure molded the drys' crusade Federalism gave the drys a

restricted setting individual states as a proving ground for their proposals But federal policies precipitated a series of crises in the states that the dries strove to overcome According to Hamm interaction with the federal government system helped to reshape prohibitionists legal culture that is their ideas about what law was and how it could be used Originally published in 1995 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
