History Of Post War Southeast Asia Independence Problems:

The History of Post-war Southeast Asia John Frank Cady, 1978 **The History of Post-war Southeast Asia** John F. Cady, 1978 **In Search of Southeast Asia** David Joel Steinberg, David P. Chandler, William R. Roff, John R. W. Smail, Robert H. Taylor, Alexander Woodside, David K. Wyatt, 2021-05-25 No detailed description available for *In Search of Southeast Asia* *At War in the Shadow of Vietnam* Timothy Neil Castle, 1993 On December 2 1975 the Lao monarchy was abolished and replaced by the Lao People's Democratic Republic This marked the end of a controversial U S policy in which the State Department the CIA the Department of Defense and the United States Agency for International Development supplied covert military aid to a nation that was technically neutral *At War in the Shadow of Vietnam* is the first book to recount the full story of U S covert activity in Laos from 1955 to 1975 Based on newly declassified materials as well as interviews with scores of key American and Laotian participants it describes in detail the structure and execution of America's secret war and the long term consequences In an effort to defend the Lao kingdom and to disrupt the flow of communist arms material and soldiers traversing Laos en route to South Vietnam the U S created and clandestinely administered a covert military aid plan that fueled a unique and little known conflict Castle chronicles the close relationship between the CIA and the Lao army the role of the CIA's proprietary airline Air America and the evolution of U S Thailand cooperation and the impact of Thai support on the Lao military assistance program Until now the covert war in Laos has been documented only in fragmented and speculative fashion By synthesizing an enormous amount of source material much of it gathered in Laos Castle not only deepens our understanding of American intervention in Southeast Asia but also provides a masterful reconstruction of a secretive and ultimately tragic episode in United States foreign policy **Not Just Victims** Audrey U. Kim, 2003 *Not Just Victims* contains twelve oral histories based on conversations with Cambodian community leaders in eight American cities Long Beach Philadelphia Washington D C Seattle Portland Tacoma and the Massachusetts towns of Fall River and Lowell Unlike the dozens of autobiographies published by Cambodians that focus largely on their victimization these narratives describe how Cambodian refugees have adapted to life in the United States Sucheng Chan's extensive introduction provides a historical framework she discusses the civil war 1970-75 the bloody Khmer Rouge revolution 1975-79 the border war during the Vietnamese occupation of Cambodia 1979-89 and the additional travails faced by those who escaped to holding camps in Thailand The book also includes an essay on oral history and a substantial bibliography **The British Army, the Gurkhas and Cold War Strategy in the Far East, 1947-1954** Raffi Gregorian, 2002-05-10 This book argues that postwar Britain's imperial over extension has been exaggerated Britain developed and adjusted its defence strategy based upon the perceived Communist threat and available resources It was especially successful at adapting to meet the strategic and resource challenges from the Far East from 1947-54 There British and Gurkha forces were deployed only in contingencies that threatened vital British interests while the U S and Commonwealth allies were persuaded to accept key

wartime missions thus preserving Britain's ability to fight in Western Europe

Bibliography of the Indonesian Revolution H.A.J. Klooster, 2024-12-09 Interest in the Indonesian Revolution a period of crucial importance in the history of modern Indonesia continues unabated as reflected in this bibliography The bibliography lists more than 6 000 titles related to the Indonesian Revolution 1945 1949 the West Irian issue 1950 1962 and the South Moluccan question 1950 1951 and its aftermath It is the first bibliography of such depth and scope and purports to offer a complete listing of scholarly works including unpublished theses as well as journalistic accounts pamphlets memoirs and fictional works Most of the works listed are in Indonesian Dutch or English but relevant works in French German Russian Japanese and other languages have also been included An introduction allows a first acquaintance with the mass of publications listed The titles are arranged by period and subdivided by language Indexes of authors of subjects of persons and of geographical names make it possible to access the titles in more detail

The Oxford Handbook of the Cold War Richard H. Immerman, Petra Goedde, 2013-01-31 The Oxford Handbook of the Cold War offers a broad reassessment of the period war based on new conceptual frameworks developed in the field of international history Nearing the 25th anniversary of its end the cold war now emerges as a distinct period in twentieth century history yet one which should be evaluated within the broader context of global political economic social and cultural developments The editors have brought together leading scholars in cold war history to offer a new assessment of the state of the field and identify fundamental questions for future research The individual chapters in this volume evaluate both the extent and the limits of the cold war's reach in world history They call into question orthodox ways of ordering the chronology of the cold war and also present new insights into the global dimension of the conflict Even though each essay offers a unique perspective together they show the interconnectedness between cold war and national and transnational developments including long standing conflicts that preceded the cold war and persisted after its end or global transformations in areas such as human rights or economic and cultural globalization Because of its broad mandate the volume is structured not along conventional chronological lines but thematically offering essays on conceptual frameworks regional perspectives cold war instruments and cold war challenges The result is a rich and diverse accounting of the ways in which the cold war should be positioned within the broader context of world history
