James Aitken Wylie, The Phoenicians the first Discoverers of Britain They trade with it in Tin Greatness of Sidon and Tyre partly Owing to British Trade Triumphal Gates of Shalmanezar Tyrian Harbours and probable size of Tyrian Ships When and whence came the first Inhabitants of Britain The resting place of the Ark the starting point of the enquiry Mount Ararat The Four great Rivers Their courses regulate the Emigration of the Human Family The Mountain girdle of the Globe Divided by it into a Southern and Northern World For what purpose The Three Fountainheads of the World's Population Ham peoples Egypt Shem Arabia and Persia Migration of Japhet's Descendants Two great Pathways The basin of the Mediterranean The slopes of the Caucasus running betwixt the Caspian and the Euxine The Sons of Japhet travel by both routes The one arrives in Britain through the Pillars of Hercules The other by the Baltic The Journey stamps its imprint on each Their foot prints The Sons of Gomer or Cymri the first Inhabitants of Britain While Alexander was overrunning the world by his arms and Greece was enlightening it with her arts Scotland lay hidden beneath the cloud of barbarism and had neither name nor place among the nations of the earth Its isolation however was not complete and absolute Centuries before the great Macedonian had commenced his victorious career the adventurous navigators of the Phoenician seaboard had explored the darkness of the hyperborean ocean The first to steer by the pole star they boldly adventured where less skillful mariners would have feared to penetrate Within the hazy confine of the North Sea they descried an island swathed in a mild if humid air and disclosing to the eye behind its frontier screen of chalk cliffs the pleasing prospect of wooded hills and far expanding meadows roamed over by numerous herds and inhabitants The Phoenicians oft revisited this remote and to all but themselves

unknown shore but the enriching trade which they carried on with it they retained for centuries in their own hands Their ships might be seen passing out at the Pillars of Hercules on voyages of unknown destination and after the lapse of months they would return laden with the products of regions which had found as yet no name on the chart of geographer 3 But the source of this trade they kept a secret from the rest of the nations By and by however it began to be rumoured that the fleets seen going and returning on these mysterious voyages traded with an island that lay far to the north and which was rich in a metal so white and lustrous that it had begun to be used as a substitute for silver In this capacity it was employed now to lend a meretricious glitter to the robe of the courtesan and now to impart a more legitimate splendour to the mantle of the magistrate

Wylie,2017-11-24 Excerpt from History of the Scottish Nation Vol 2 The Celtic Christianisation Embracing the Epochs of Ninian Patrick Columba Columbanus and the Culdee Church We must here pause in order specially to note the dead lock into which the affairs Of the world had come at this great turning point Of its history Its three leading nations are seen to be unable to advance beyond the point at which they had now arrived Hence the necessity of bringing new races upon the stage if the human march was to go forward This extraordinary position Of matters must be taken into account and distinctly apprehended if we would intelligently follow the course of succeeding events About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
