The Multilingual Jesus and the Sociolinguistic World of the New Testament Hughson T. Ong,2015-10-05 In The Multilingual Jesus and the Sociolinguistic World of the New Testament Hughson Ong provides a study of the multifarious social and linguistic dynamics that compose the speech community of ancient Palestine which include its historical linguistic shifts under different military regimes its geographical linguistic landscape the social functions of the languages in its linguistic repertoire and the specific types of social contexts where those languages were used Using a sociolinguistic model his study attempts to paint a portrait of the sociolinguistic situation of ancient Palestine This book is arguably the most comprehensive treatment of the subject matter to date in terms of its survey of the secondary literature and of its analysis of the sociolinguistic environment of first century Palestine

Narrative Worlds and the Texture of Time Rosemary Huisman,2022-09-30 This book brings together a model of time and a model of language to generate a new model of narrative where different stories with different temporalities and non chronological modes of sequence can tell of different worlds of human and non human experience woven together the texture of time in the one narrative The work of Gerald Edelman on consciousness J T Fraser on time and M A K Halliday on language is introduced the categories of systemic functional linguistics are used for detailed analysis of English narrative texts from different literary periods A summary chapter gives an overview of previous narrative studies and theories with extensive references Chapters on temporalization and spatialization of language contrast the importance of time in narrative texts with the effect of grammatical metaphor as described by M A K Halliday for scientific discourse Chapters on prose fiction poetry and the texts of digital culture chart changes in the texture of time with changes in the social context narrative as social semiotic

Biblical and Ancient

Greek Linguistics, Volume 4 Stanley E. Porter, Matthew Brook O'Donnell, 2016-03-24 Biblical and Ancient Greek Linguistics BAGL is an international journal that exists to further the application of modern linguistics to the study of Ancient and Biblical Greek with a particular focus on the analysis of texts including but not restricted to the Greek New Testament. The journal is hosted by McMaster Divinity College and works in conjunction with its Centre for Biblical Linguistics Translation and Exegesis and the OpenText.org organization www.opentext.org in the sponsoring of conferences and symposia open to scholars and students working in Greek linguistics who are interested in contributing to advancing the discussion and methods of the field of research. BAGL is a refereed on line and print journal dedicated to distributing the results of significant research in the area of linguistic theory and application to biblical and ancient Greek and is open to all scholars not just those connected to the Centre and the OpenText.org project. Learner Narratives of Translingual Identities Patrick Kiernan, 2018-08-16 This book addresses translingual identities through an innovative multimodal analysis of the language learning histories of a class of advanced learners of English in Japan who grew up between two or more languages. The author explores both the translingual experiences of those in the classroom and how they use language and gesture when describing their experiences to each other. This approach uses three perspectives: it looks at the worlds and identities the interviewees construct for themselves at their interpersonal communication and at the way they frame their experience. Finally, it offers some lessons based on the observations of the class which reveal the values they share and the key to their success as language learners. It will appeal to applied linguistic and educational researchers, particularly those with an interest in narrative approaches to exploring educational contexts as well as language educators and policy makers interested in gaining a learner perspective on language learning. *Applicable Linguistics* Ahmar Mahboob, Naomi K. Knight, 2010-08-26 *Applicable Linguistics* tackles everyday real life language related problems in diverse social, professional and academic contexts. **Disciplinary: Functional Linguistic and Sociological Perspectives** Frances Christie, Karl Maton, 2011-02-03 Disciplinary knowledge is under threat in the modern world. Claims abound that we are entering a landscape in which the division of disciplines is obsolete, implying a commitment to outdated values in scholarship. Notions of discipline are critiqued as reflecting social power and representing the worldview of dominant social groups. By addressing and challenging such claims, this edited collection argues that proclamations of the death of disciplines have been greatly overstated. Not only are the notions of disciplinaryity still important for understanding how we come to know the world, but this volume demonstrates how significant disciplinaryity is to understanding different forms of knowledge if we wish to improve the building of knowledge and educational practice. Using analytical tools from systemic functional linguistics theory and social realist sociology, this volume illustrates how different disciplines can collaborate and cross-fertilize successfully without losing their distinctive insights and disciplinary integrity. The subsequent theory developed will thereby extend both linguistic and sociological approaches to the topic and make a major contribution to educational theory. **Discourse**

Analysis Brian Paltridge, 2021-10-21 Outlining the core methodological and theoretical premises this book presents the essential approaches that you need to know when doing discourse analysis for the first time Chapters cover discourse and society discourse and pragmatics discourse and genre discourse and conversation discourse grammar corpus approaches multimodal discourse and critical discourse analysis Encompassing the latest trends and developments this third edition includes A new chapter on discourse and digital media New topics including English as a lingua franca linguistic landscapes and translanguaging Updated examples from a variety of global perspectives and contexts ranging from North America to East Asia Updated discussion questions throughout Each chapter also features exercises discussion questions and lists of further reading Alongside online resources with lecture slides extended readings and enhanced bibliographies this is the only book you need for doing discourse analysis *Language Policy* Bingjun Yang, Rui Wang, 2016-11-18 Appendix 2 Non standard language in Lu Xun's works Zi and Ci Appendix 3 Old words gaining new meanings in cyber space Appendix 4 Old words restructuring semantic relations References Index *Communication as Gesture* Michael Schandorf, 2019-06-19 This book critiques current assumptions about communication particularly digitally mediated communication by re-examining conceptual foundations in rhetoric linguistics semiotics information theory and cybernetics The result is a dimensional account of interaction that is at once both intuitive and revolutionary Developing Language and Literacy in English across the Secondary School Curriculum Urszula Clark, 2018-07-21 This book draws on original research and a language based pedagogy approach to examine how secondary schools in the UK can devise and implement coherent language and literacy across curriculum policies and strategies so that grammar and associated metalanguage becomes an integral part of their day to day curriculum practices The research was undertaken in three 11 to 18 secondary schools in England where the majority of students are categorised as having English as a second language EAL and where a significant minority are also socially disadvantaged in two of the three The author argues that paying explicit attention to the linguistic structures through which subject knowledge is realised can be of benefit to all pupils in ways that are also socially just and democratic This book provides an important bridge between academic theory and educational practice that will appeal to applied linguists and sociolinguists as well as to teachers teacher trainers and practitioners
