Dowden, Meike Werner, 2002

Proceedings of the Brandeis conference on Jewish Germanists who fled Nazi Germany and their impact on Anglo American German studies

Among the Jewish academics and intellectuals expelled from Germany and Austria during the Nazi era were many specialists in German literature

Strangely their impact on the practice of Germanistik in the United States England and Canada has been given little attention

Who were they Did their vision of German literature and culture differ significantly from that of those who remained in their former homeland

What problems did they face in the American and British academic settings

Above all how did they help shape German studies in the postwar era

This unique and important symposium which convened at Brandeis University under the auspices of its Center for German and European Studies addresses these and many other questions

Among its distinguished participants who numbered over thirty in all are Peter Demetz Yale emeritus Gesa Dane Göttingen Amir Eshel Stanford Willi Goetschel Toronto Barbara Hahn Princeton Susanne Klingenstein MIT Christoph K nig Deutsches Literaturarchiv Marbach Ritchie Robertson Oxford Egon Schwarz Washington University St Louis emeritus Hinrich Seeba UC Berkeley Walter Sokel University of Virginia emeritus Frank Trommler University of Pennsylvania and many more

The volume includes not only the revised essays of the participants but also their prepared responses transcripts of the panel discussion and dialogue of the participants with members of the audience

Stephen D Dowden is professor of German at Brandeis University Meike G Werner is assistant professor of German at Vanderbilt University The Cultural Front Michael Denning, 1998

As garment workers longshoremen autoworkers sharecroppers and clerks took to the streets striking and organizing unions in the midst of the Depression artists writers and filmmakers joined the insurgent social movement by creating a cultural front

Disney cartoonists walked picket lines and Billie Holiday sang Strange Fruit at the left wing cabaret Caf Society Duke Ellington produced a radical musical Jump for Joy

New York garment workers staged the legendary Broadway revue Pins and Needles and Orson Welles and his Mercury players took their labor operas and anti fascist Shakespeare to Hollywood and made Citizen Kane

A major reassessment of US cultural history

The Cultural Front is a vivid mural of this extraordinary upheaval which reshaped American culture in the twentieth century **The Rise of Eurocentrism** Vassilis Lambropoulos, 2019-10-08

In the controversy over political correctness the canon and the curriculum the role of Western tradition in a post modern world is often debated

To clarify what is at stake Vassilis Lambropoulos traces the ideology of European culture from the Reformation focusing on a key element of Western tradition the act of interpretation as a distinct practice of understanding and a civil right

Championed by Protestants insisting on independent interpretation of scripture this ideal of autonomy ushered in the era of modernity with its essentialist philosophy of universal

man and his aesthetic understanding of the world After explaining the dominance of European culture through the combined archetypes of Hebraism reason and morality and Hellenism spirit and art Lambropoulos shows how the rule of autonomy has been transformed into the aesthetic disinterested contemplation of things in themselves Arguing that it is time to restore the socio political dimension to the movement of autonomy he proposes that a genealogy of the Hebraic Hellenic archetypes can help us evaluate more recent models like the Afrocentric one and redefine the controversy surrounding education

Eurocentrism and cultural politics **Mere Reading** Lee Clark Mitchell, 2017-04-20 Named a Choice Outstanding Academic Title of the Year Mere Reading argues for a return to the foundations of literary study established nearly a century ago Following a recent period dominated by symptomatic analyses of fictional texts new historicist Marxist feminist identity political Lee Clark Mitchell joins a burgeoning neo formalist movement in challenging readers to embrace a rationale for literary criticism that has too long been ignored a neglect that corresponds perhaps not coincidentally to a flight from literature courses themselves In close readings of six American novels spread over the past century Willa Cather's *The Professor* s House Vladimir Nabokov's *Lolita* Marilynne Robinson's *Housekeeping* Cormac McCarthy's *Blood Meridian* and *The Road* and Junot Diaz's *The Brief Wondrous Life of Oscar Wao* Mitchell traces a shifting strain of late modernist innovation that celebrates a species of magic and wonder of aesthetic bliss as Barthes and Nabokov both coincidentally described the experience that dumbfounds the reader and compels a reassessment of interpretive assumptions The novels included here aspire to being read slowly so that sounds rhythms repetitions rhymes and other verbal features take on a heightened poetic status in critic Barbara Johnson's words the rigorous perversity and seductiveness of literary language thwarting pressures of plot that otherwise push us ineluctably forward In each chapter the return to mere reading becomes paradoxically a gesture that honors the intractability of fictional texts their sheer irresolution indeed the way in which their literary status rests on the play of irreconcilables that emerges from the verbal tensions we find ourselves first astonished by then delighting in *A Guilted Age* Ashraf A. H. Rushdy, 2015-10 Public apologies have become increasingly common scenes and representative moments in what appears to be a global process of forgiveness The apology forgiveness dynamic is familiar to all of us but what do these rituals of atonement mean when they are applied to political and historical events In his timely topical and incisive book *A Guilted Age* Ashraf Rushdy argues that the proliferation of apologies by politicians nations and churches for past events such as American slavery or the Holocaust can be understood as a historical phenomenon In our post World War II world Rushdy claims that we live in a guilted age *A Guilted Age* identifies the two major forms of apologies political and historical and Rushdy defines the dynamics and strategies of each showing how the evolution of one led to the other In doing so he reveals what apology and forgiveness do to the past events they respectively apologize for and forgive and what happens when they fail *The Wonder of Their Voices* Alan Rosen, 2010-11-04 Nothing seems more important and meaningful to survivors than to share their experiences In this volume the reader will find memories that will enrich his or

Bringing Forth a World Joff P.N. Bradley, David Kennedy, 2019-12-30 Offering a critical yet constructive response to the perceived crises in tertiary foreign language education in the Japanese university the contributors to *Bringing Forth a World* provide theoretical and practical solutions which together act as a prolegomena to bringing forth a world There is an ecology of contribution in liberal arts education which takes responsibility for the care for youth and contests intellectual passivity and indifference in foreign language instruction The editors proffer a transformative engaged and multidisciplinary liberal arts pedagogy one at odds with forms of lowest common denominator one size fits all and standardized provision In response to the prevalent business dominated model they demonstrate an applied format of multiliteracy theory one with semiotic multimodal feminist dimensions which is regionally specific and better accounts for divergent forms of human expression and perception The writers not only take account of the intellectual and mental issues in the student demographic but also in the teaching profession which suffers from widespread anxiety job insecurity and a lack of autonomy experimentation and innovation Philosophically the contributors to this book demand a form of meaning making which is fundamentally social and creative and which celebrates processes of becoming other in between the student and teacher that seldom if ever follow a predictable trajectory It is hoped that readers will embrace the spirit of the book pick up its philosophical gauntlet to think otherwise than prevalent standardized models of teaching and learning and therefore will use its core tenets to experiment

with different ways of educating the youth of today Caring for Words in a Culture of Lies, 2nd ed Marilyn McEntyre, 2021-05-11 With the pervasiveness of vitriol and dishonesty today language needs to be revived and restored In Caring for Words in a Culture of Lies Marilyn McEntyre exposes the commercial and political forces that affect public discourse in American culture and counters with twelve constructive strategies of stewardship such as challenging lies including widely tolerated forms of deception and spin fostering the art of conversation and encouraging playfulness and prayerfulness in writing and speaking The second edition of this timely and timeless book includes updated cultural references and questions for reflection and discussion at the end allowing a new generation of readers to apply McEntyre's wisdom in a world that struggles with truth and graceful language more than ever before **The Naked Truth** Alys X. George, 2020-05-15 Uncovers the interplay of the physical and the aesthetic that shaped Viennese modernism and offers a new interpretation of this moment in the history of the West Viennese modernism is often described in terms of a *fin de siècle* fascination with the psyche But this stereotype of the movement as essentially cerebral overlooks a rich cultural history of the body The Naked Truth an interdisciplinary tour de force addresses this lacuna fundamentally recasting the visual literary and performative cultures of Viennese modernism through an innovative focus on the corporeal Alys X. George explores the modernist focus on the flesh by turning our attention to the second Vienna medical school which revolutionized the field of anatomy in the 1800s As she traces the results of this materialist influence across a broad range of cultural forms exhibitions literature portraiture dance film and more George brings into dialogue a diverse group of historical protagonists from canonical figures such as Egon Schiele Arthur Schnitzler Joseph Roth and Hugo von Hofmannsthal to long overlooked ones including author and doctor Marie Pappenheim journalist Else Feldmann and dancers Grete Wiesenthal Gertrud Bodenwieser and Hilde Holger She deftly blends analyses of popular and high culture laying to rest the notion that Viennese modernism was an exclusively male movement The Naked Truth uncovers the complex interplay of the physical and the aesthetic that shaped modernism and offers a striking new interpretation of this fascinating moment in the history of the West

Consuming Silences Myles Weber, 2005 J. D. Salinger was an author in 1951 when he published The Catcher in the Rye Is he one now Was Henry Roth an author during the sixty years that separated Call It Sleep his literary debut from his second novel Mercy of a Rude Stream To show us how silence can be produced and consumed as a literary text Myles Weber takes a provocative look at four revered authors who battled writer's block or simply ceased publishing The careers of Tillie Olsen Henry Roth J. D. Salinger and Ralph Ellison suggest that an unproductive twentieth century author could command serious critical attention and remain a literary celebrity by offering the public volumes of silence which became read and admired like any other text Weber sees periods of nonpublication as texts that are consumed by the literary public and sometimes produced deliberately by inactive writers and their handlers However his aim is not to criticize individual authors but to reveal connections between literature as a commodity and authorship as a profession As Weber looks at the particular

circumstances of each author's silence he brings to them an understanding of such topics as the cult of celebrity intellectual property law the complicity of the media and the academy in engendering and then maintaining an author's silence and mass production and distribution By helping us to look in new ways at authorial silence not just as a biographical fact or a creative problem but also as a marketing opportunity Consuming Silences injects energy into debates about the nature of literary production and the cultural place of authors who do not publish

The Contemporary Reception of Classical Rhetoric Kathleen E. Welch, 2013-11-05 Responding to the reassertion of orality in the twentieth century in the form of electronic media such as the telegraph film video computers and television this unique volume traces the roots of classical rhetoric in the modern world Welch begins by changing the current view of classical rhetoric by reinterpreting the existing texts into fluid language contexts a change that requires relinquishing the formulaic tradition acquiring an awareness of translation issues and constructing a classical rhetoric beginning with the Fifth Century B C She continues with a discussion of the adaptability of this material to new language situations including political cultural and linguistic change providing it with much of its power as well as its longevity The book concludes that classical rhetoric can readily address any situation since it focuses not only on critical stances toward discourse that already exists but also presents elaborate theories for the production of new discourse
