Sylvie Thorel Cailleteaus new history of the novel demonstrates how this art of the mediocre took shape bound to the practice of prose in various forms Although in its classic acceptation mediocrity meant that a work suited a chosen audience it came to merge with a vulgarity or triteness from which nineteenth century novelists attempted to extract beauty The novel evolved from simply depicting that which is simply human to representing the defeat of the very values that it had expressed demonstrating our mortal condition Rather than spinning consoling stories it raised as in Becketts last works a voice of gloom French text **Le partage du secret** Bernard Darbord, Agnès Delage, 2013-08-28 Le secret et le d voilement repr sentent les deux faces d une m me pi ce que la litt rature se pla t mettre en sc ne Paradoxalement le secret ne peut tre identifi comme tel qu au moment de sa r v lation m me partielle L id al m di val du partage du secret conf rait autrui une haute reconnaissance dans une intimit pure de toute dissimulation la Renaissance il c de la place une fascination nouvelle pour le secret qui devient un instrument de contr le social et une technique de domination politique Les uvres litt raires du XVe au XVIIe si cle r v lent la passion pour ce tourniquet m taphysique du secret selon les termes de Louis Marin D sormais on exhibe simultan ment le pouvoir et la vanit du spectacle du secret en jouant avec virtuosit de sa propre d nudation Dirig par Bernard Darbord et Agn s Delage cet ouvrage pluridisciplinaire retrace sur la longue dur e les reconfigurations que conna t la culture du secret en Europe entre le Moyen ge et l poque moderne *La situation du Tchad* Francis Jouannet, Serge Goracci, 1978 Contributions de F Jouannet et S Goracci F Jouannet *Les langues de sagesse dans la Grèce et l'Inde anciennes* Alexis Pinchard, 2009 L ouvrage se propose d appliquer la m thode prouv e du comparatisme structural indo europ en aux textes po tiques mythologiques et d sormais philosophiques notamment pr socratiques afin de repenser l unit de la sagesse grecque soph a Comment concilier la sagacit vide du d chiffreur d nigmes qui tel un sophiste ne conna t des choses que le syst me de leurs noms avec la science universelle parce que premi re dont la poursuite transforme la sagesse en m taphysique Bien que compos en Inde le Veda offre une r ponse se posant en r alit primordiale du seul fait qu il cultive l occulte dans la parole La th orie platonicienne des Id es en effet se r v lera ici d ductible de l antique hi rarchie articulant langue des hommes et langue des dieux pr sente dans le Veda comme chez Hom re Les Myst res d leusis dont Platon se r clame d s qu il affirme le caract re stratifi de l tre confirmeront cette g n alogie faisant de la connaissance une source d immortalit ils mettent en sc ne dans des rites analogues ceux des br hmanes la qu te de l inspiration propre aux po tes voyants laquelle culmine dans l intuition intellectuelle des noms secrets en usage chez les dieux les dieux Arabic as a Secret Song Leïla Sebbar, 2015-06-17 The celebrated and highly versatile writer Le la Sebbar was born in French colonial Algeria but has lived nearly her entire adult life in France where she is recognized as a major voice on the penetrating effects of colonialism in contemporary society The dramatic contrast between her past and present is the subject of the nine autobiographical essays collected in this volume Written between 1978 and 2006 they trace a journey that began in Aflou Algeria where her father ran a schoolhouse and continued to France where Sebbar traveled alone as a graduate student

before eventually realizing her powerful creative vision The pieces collected in this book capture an array of experiences sensations and sentiments surrounding the French colonial presence in Algeria and offer an intimate and prismatic reflection on Sebbar s bicultural upbringing as the child of an Algerian father and French mother Sebbar paints an unflinching portrait of her original disconnection from her father s Arabic language and culture depicting her struggle to revive a cultural heritage that her family had deliberately obscured and to convey the vibrant yet muted Arabic of her father and of Algeria Looking back from numerous vantage points throughout her life she presents the complicated and divisive dynamics of being raised between two shores the colonized and the colonizer CARAF Books Caribbean and African Literature Translated from French

Dictionnaire universel de la langue française Claude-Marie Gattel,1858

Performative Bodies, Hybrid Tongues Julian Vigo, 2010 This book reconsiders the body in literature and makes a case for visual representation as a physical and gesticulative domain for rethinking the constructions of gender nationalism and sexuality Examining literary production from the eleventh century until the present the author argues that the body in contemporary North Africa and Latin America serves as a physical and symbolic terrain upon which sexual textual national racial and linguistic identities are vectored and through which postcolonial and hegemonic antagonisms of power and identity are resolved Rather than embracing third world identity as a residual repository of western thought colonization and linguistic infusion the author suggests that the paradigm of cultural identity in the Maghreb and Latin America is best understood through an examination of the emergent corporeal articulations of subjectivity prevalent in these literatures and visual cultures The text examines the body as a critical landscape through which the various discourses of nationhood gender and sexuality converge in order to construct a reading of the social that neither amasses subjectivity as singular under the rubric of the third world nor couches the other within static notions of gendered sexual or racial identities
