Urban Uprisings Margit Mayer, Catharina Thörn, Håkan Thörn, 2016-06-01 This book analyses the waves of protests from spontaneous uprisings to well organized forms of collective action which have shaken European cities over the last decade It shows how analysing these protests in connection with the structural context of neoliberal urbanism and its crises is more productive than standard explanations Processes of neoliberalisation have caused deeply segregated urban landscapes defined by deepening social inequality rising unemployment racism securitization of urban spaces and welfare state withdrawal particularly from poor peripheral areas where tensions between marginalized youth and police often manifest in public spaces Challenging a conventional distinction made in research on protest the book integrates a structural analysis of processes of large scale urban transformation with analyses of the relationship between riots and social movement action in nine countries France Greece England Germany Spain Poland Denmark Sweden and Turkey

The Oxford Handbook of Spanish Politics Diego Muro, Ignacio Lago, 2020-02-17 The Oxford Handbook of Spanish Politics provides a comprehensive and comparative overview of the Spanish political system through the lens of political science It aims to move away from a complacent analysis of Spanish democracy and provide a nuanced view of some of its strengths and challenges The Handbook introduces Spanish politics to an international audience of scholars and practitioners It is structured around six sections that cover Spain's political history institutional changes elections civil society policy making and foreign affairs The volume brings together a distinguished group of 47 internationally renowned scholars who study Spain in its own right or as a case among others in a comparative perspective The contributors provide expert accounts of contemporary Spain making the Oxford Handbook of Spanish Politics an invaluable resource for anyone interested in Spanish politics and government since the country's transition to democracy

Late Neoliberalism and its Discontents in the Economic Crisis Donatella Della Porta, Massimiliano Andretta, Tiago Fernandes, Francis O'Connor, Eduardo Romanos, Markos Vogiatzoglou, 2016-10-29 This book analyses protests against the Great Recession in the European periphery While social movements have long been considered as children of affluent times or at least of times of opening opportunities these protests defy such expectations

developing instead in moments of diminishing opportunities in both the economic and the political realms Can social movement studies still be useful to understanding these movements of troubled times The authors offer a positive answer to this question although specify the need to bridge contentious politics with other fields including political economy They highlight differences in the social movements strength and breadth and attempt to understand them in terms of three sets of dimensions a the specific characteristics of the socio economic crisis and its consequences in terms of mobilization potential b the political reactions to it in what we can define as political opportunities and threats and c the social movement cultures and structures that characterize each country The book discusses these topics through a contextualized analysis of anti austerity protest in the European periphery

Sustainable Smart City Transitions Luca Mora, Mark Deakin, Xiaoling Zhang, Michael Batty, Martin de Jong, Paolo Santi, Francesco Paolo Appio, 2022-02-23 This book enhances the reader's understanding of the theoretical foundations sociotechnical assemblage and governance mechanisms of sustainable smart city transitions Drawing on empirical evidence stemming from existing smart city research the book begins by advancing a theory of sustainable smart city transitions which forms bridges between smart city development studies and some of the key assumptions underpinning transition management and system innovation research human geography spatial planning and critical urban scholarship This interdisciplinary theoretical formulation details how smart city transitions unfold and how they should be conceptualized and enacted in order to be assembled as sustainable developments The proposed theory of sustainable smart city transitions is then enriched by the findings of investigations into the planning and implementation of smart city transition strategies and projects Focusing on different empirical settings change dimensions and analytical elements the attention moves from the sociotechnical requirements of citywide transition pathways to the development of sector specific smart city projects and technological innovations in particular in the fields of urban mobility and urban governance This book represents a relevant reference work for academic and practitioner audiences policy makers and representative of smart city industries The chapters in this book were originally published as a special issue of the Journal of Urban Technology

Lets delve into the realm of top-selling books, exploring the fascinating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Las Diez Mareas Del Cambio : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
