Last Legend Empress Quest Sires:

Andreas Prime the Legend Home Charles Nickerson,Irene Nickerson,2013-09-26 It has been 12 months since Beary has arrived at the Academy from his tour aboard the Saber Claw He enjoyed teaching the classes he had been assigned At first some of the older cadets resented the fact that their instructor was younger than they were Then they would see the ribbons on his uniform and hear the rumors Ben of course helped spread them Flight training was going well His many hours in jump ships were proving to be a blessing instead of a curse He expected to graduate early from flight training Caesar had spent six months at the academy then shipped off to aid a hospital ship that had lost one of its surgeons to an accident The Hospital ship was trying to combat a new disease that had cropped up on an agricultural colony in the Darius system Once again his work under Dr Maxumus was proving invaluable Ben along with taking accelerated classes was teaching a class in survival and weapons Ben had taken to this task with enthusiasm With the help of two of the Marine Professors he wrote the training manual for the course which they used as a major project in two of his classes The class he taught was so popular there was a waiting list Pompey kept busy trying to prepare for the cub which was due in three months running two homes plus working for her new father in law on special issues Senator Maxumus was busy trying to get the Senate to strengthen its rules He did not want to see new conspiracies flair up The idea that eight senators some in critical positions could become traitors had shaken the Senate The Bearilian house of Representatives was demanding a full and open investigation as it scrutinized its own members The Arcrilians had suffered such a devastating defeat that they were asking for terms for a treaty and for aid The Bearilian President immediately started negotiations along with the Antillean Supreme Council The result was the removal of all Arcrilian ships from Bearilian and Antillean territory in exchange for food and raw materials purchased at a reasonable price For the Antilleans this was a big win For Angelina Maxumus the last 12 months had been hectic as she tried to balance her time between Bearilia Prime and Andreas Prime She enjoyed being a Neuro surgeon a lot more than being an Empress She even found that she had to show up at State functions not as a wife of a prominent Senator but as a Head of State There had also been a need to appoint representatives to the two Bearilian Houses One of her second Brother s sons Iacomus Augustus had joined his cousins on Andreas Prime He found some unclaimed land near the western ocean connected to the Augustan land A young Dragon Silver Tail agreed to be his Family Dragon The Dragon Counsel suggested that he be appointed as the Planet s Senator A young nomad also moved to Andreas Prime He had no family or land A young Dogon Saraina approached the Dogon Counsel and asked that this young Nomad be given its sheep and become its family His name was Khristophoros The Dogon Counsel gave him the last name Theodoros Khristophoros Theodoros was called before Angelina She questioned him for several cycles She found out that he had been part of a servant family to the Pompaius family She found goodness and strength in this young Bear After talking with both counsels she appointed him to the House of Representatives He would prove to be a loyal and excellent choice Savato Artemus was not happy He loved the Crimson

Blade but he could not find a gunner that met his standards He also missed his friends Captain Centaurus found he hated the paper work of a ships captain as much as Atilus had Yet he loved the Saber Claw especially with the new upgrades Commodore Atilus was a taskmaster with his Destroyer Squadron Only Centaurus had no complaints Yet Destroyer Squadron 9 was shapin

The King Arthur Quest Clayton Donoghue,2018-10-04 Who was King Arthur A man or a myth Was he a living breathing figure in medieval history or is he merely a timeless literary character in a beloved fairy tale King Arthur is a monumental figure as we know him but will the search for the real King Arthur prove the legend or will it undermine his majesty The King Arthur Quest takes a deep look into discovering the true person behind the great legend of King Arthur and whether the man really existed at all Author Clayton Donoghue investigates a number of sources of the stories behind the man and it turns out that the legendary king was real all right but that he may not be as exciting as what some people like Geoffrey Monmouth have made the king out to be Nevertheless the real King Arthur lived in the Dark Ages when Briton was being overrun by the Irish the Picts and the Anglo Saxons and these were desperate times of survival completely void of knights in shining armour yet from this turbulence clerics and scribes managed to keep records that survive today revealing Arthur s true identity King Arthur may not have been part of the age of chivalry or even a king at all Yet tracing his legacy in both history and in fiction can tell us something about who he was and why he was important both for the people arising out of the Dark Ages and for us today

The Literary World ,1891 *Transgressive Itineraries* Marc Maufort,2003 The fast growing body of postcolonial drama is progressively gaining its just recognition in the twentieth century canon of English language plays From the vantage point of various samplings along the Trans Pacific axis linking English Canada Australia and New Zealand this monograph seeks to document the significance of this emerging postcolonial theater More specifically it examines the myriad ways in which over the last two decades representative mainstream ethnic and First Nations

playwrights have dramatized Europe's Other in its multiple guises. In their efforts to match new content with innovative form, these artists have followed transgressive itineraries redrawing the boundaries of conventional Western stage realism. Their new aesthetics often relies on techniques akin to Homi Bhabha's notions of hybridity and mimicry. The present study offers detailed analyses of the modes of hybridization through which Judith Thompson, Louis Nowra, Tomson Highway, Jack Davis, Hone Kouka, and other prominent writers have articulated subtle forms of psychic grotesque and mythic magic realism. Their legacy will undoubtedly affect the postcolonial dramaturgies of the twenty-first century.

Women in Christian Traditions Rebecca Moore, 2015-03-06 Uncovers women's participation and impact on defining historical moments and themes of Christian traditions. *Women in Christian Traditions* offers a concise and accessible examination of the roles women have played in the construction and practice of Christian traditions, revealing the enormous debt that this major world religion owes to its female followers. It recovers forgotten and obscured moments in church history to help us to realize a richer and fuller understanding of Christianity. This text provides an overview of the complete sweep of Christian history through the lens of feminist scholarship. Yet it also departs from some of the assumptions of that scholarship, raising questions that challenge our thinking about how women have shaped beliefs and practices during two thousand years of church history. Did the emphasis on virginity in the early church empower Christian women? Did the emphasis on marriage during the Reformations of the sixteenth century improve their status? These questions and others have important implications for women in Christianity in particular and for women in religion in general, since they go to the heart of the human condition. This work examines themes, movements, and events in their historical contexts and locates churchwomen within the broader developments that have been pivotal in the evolution of Christianity. From the earliest disciples to the latest theologians, from the missionaries to the martyrs, women have been instrumental in keeping the faith alive. *Women in Christian Traditions* shows how they did so.

Wagnerism Alex Ross, 2020-09-15 Alex Ross, renowned New Yorker music critic and author of the international bestseller and Pulitzer Prize finalist *The Rest Is Noise*, reveals how Richard Wagner became the proving ground for modern art and politics, an aesthetic war zone where the Western world wrestled with its capacity for beauty and violence. For better or worse, Wagner is the most widely influential figure in the history of music. Around 1900, the phenomenon known as Wagnerism saturated European and American culture. Such colossal creations as *The Ring of the Nibelung*, *Tristan und Isolde*, and *Parsifal* were models of formal daring, mythmaking, erotic freedom, and mystical speculation. A mighty procession of artists, including Virginia Woolf, Thomas Mann, Paul Cézanne, Isadora Duncan, and Luis Buñuel, felt his impact. Anarchists, occultists, feminists, and gay rights pioneers saw him as a kindred spirit. Then Adolf Hitler incorporated Wagner into the soundtrack of Nazi Germany, and the composer came to be defined by his ferocious antisemitism. For many, his name is now almost synonymous with artistic evil. In *Wagnerism*, Alex Ross restores the magnificent confusion of what it means to be a
