Tax Tales from the Second Millennium Ferdinand H. M. Grapperhaus, International Bureau of Fiscal Documentation, 2009 An entertaining look at how tax events have had a decisive

impact on the course of history **Old World Empires** Ilhan Niaz,2014-03-26 This book is a sweeping historical survey of the origins development and nature of state power It demonstrates that Eurasia is home to a dominant tradition of arbitrary rule mediated through military civil and ecclesiastical servants and a marginal tradition of representative and responsible government through autonomous institutions The former tradition finds expression in hierarchically organized and ideologically legitimated continental bureaucratic states while the latter manifests itself in the state of laws In recent times the marginal tradition has gained in popularity and has led to continental bureaucratic states attempting to introduce democratic and constitutional reforms These attempts have rarely altered the actual manner in which power is exercised by the state and its elites given the deeper and historically rooted experience of arbitrary rule Far from being remote the arbitrary culture of power that emerged in many parts of the world continues to shape the fortunes of states To ignore this culture of power and the historical circumstances that have shaped it comes at a high price as indicated by the ongoing democratic recession and erosion of liberal norms within states that are democracies *The First Spring* Abraham Eraly,2011 **The Crimson Throne** Sudhir Kakar,2010 Farzana Julia Keay,2014-09-11 Amongst the riches of nineteenth century India as the British fought their way across Mughal territory an orphaned streetgirl ends up at court with the ear of the Emperor That girl was Farzana and she would become a courtesan a leader of armies a treasured defender of the last Mughal emperor and the head of one of the most legendary courts in history In this beautifully written book the author s last Julia Keay weaves a story which spans the Indian continent and the end of a golden era in Indian history the story of a nobody who became a teenage seductress and died one of the richest and most prominent women of her age Farzana rode into battle atop a stallion though only 4 1 2 feet tall and led an army which defended a sickly Mughal Empire She dabbled in witchcraft while gaining favour with the Pope and died a favourite of the British Raj Farzana is an evocative and moving depiction of one of the most remarkable and least known historical lives of the nineteenth century
