Last Rites The Death Of William Saroyan:

Last Rites Aram Saroyan, 1984-01-01 The son of the late William Saroyan describes his father's struggle against cancer and the family's attempts to become closer to the dying writer The Last Passage Donald Heinz, 1999 Heinz offers wise answers to questions about death urging readers to recover a death of their own and to view the final years as a fulfillment of a last career **The World of William Saroyan** Nona Balakian, 1998 In this work the author tells how Saroyan transformed the short story by personalizing it and by loosening the structure of the novella form He went on to bring new life to the theater and to the telling of autobiography Better than that of any recent drama critic Balakian's chapters on the theater place Saroyan's plays in the larger framework of the American theater of his time and achieve the creation of a total picture of the state of the American theater of the 1930s **A Study Guide for William Saroyan's "The Time Of Your Life"** Gale, Cengage Learning, 2016 A Study Guide for William Saroyan's *The Time Of Your Life* excerpted from Gale's acclaimed *Drama For Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Drama For Students* for all of your research needs *William Saroyan* Leo Hamalian, 1987 An illustrated compilation of critical essays intimate recollections biographical notes and interviews which sheds new light on the life and work of Pulitzer Prize winner William Saroyan 1913-81 Reflections by his son and daughter and a candid interview with Garig Basmadjian reveal the intimate side of the talented celebrity trying to cope with his human weakness **Saroyan** Lawrence Lee, Barry Gifford, 1998-01-01 A biography of William Saroyan an American author working mainly in the middle of the twentieth century **William Saroyan** Elisabeth C. Foard, 1989 **The Magical Pine Ring** Margaret Bedrosian, 1991 Margaret Bedrosian's pioneering interdisciplinary study examines the continuing effect of Armenian history on Armenian American writing Using the work of ten Armenian American poets and fiction and non fiction writers she shows the continuing impact on Armenian Americans of cultural symbols myths and attitudes carried over from the Old World and explores the ways in which two cultures meet conflict and become integrated in the imagination Through analysis of writers' actual or fictionalized experience *The Magical Pine Ring* provides an understanding of the Armenians' specific concerns as Armenians and as immigrants the effect of their self awareness as Armenians on their adaptation to America the typical and stereotypical situations and personalities that emerged with time and the key values and beliefs that endured even as names were changed and assimilation blurred physical and social demeanor Bedrosian also explores the directions Armenian American writers have taken in portraying group history and the nature of their self discovery as Armenian Americans For the most part this literature is not a direct outgrowth of the mainstream of Armenian literature The relationship of the writer discussed here is one of spirit of ancestral sympathies burdens and responsibilities These writers register the pain of exile and alienation as they weave images of yearning and loss celebration and futuristic vision into their writing Through their crossroads identity in America these

writers add to our understanding of the Armenian diaspora **How to Die** Ray Robertson,2020-01-28 A radical revaluation of how contemporary society perceives death and an argument for how it can make us happy He who would teach men to die would teach them to live writes Montaigne in *Essais* and in *How to Die* A Book about Being Alive Ray Robertson takes up the challenge Though contemporary society avoids the subject and often values the mere continuation of existence over its quality Robertson argues that the active and intentional consideration of death is neither morbid nor frivolous but instead essential to our ability to fully value life *How to Die* is both an absorbing excursion through some of Western literature s most compelling works on the subject of death as well as an anecdote driven argument for cultivating a better understanding of death in the belief that if we do we ll know more about what it means to live a meaningful life *Encyclopedia of the American Short Story* Abby H. P. Werlock,2015-04-22 Two volume set that presents an introduction to American short fiction from the 19th century to the present **William Saroyan** Patricia Jean Hunter,Pat Hunter,Janice Stevens,2008 A concise biographical survey of the the signature places and locales that played a role in Saroyan s life with a special focus on locations in his native Fresno Publisher s blurb **Heed Thy Private Dream** ,2022-11-30 Heed Thy Private Dream A New Age Spiritual Journal Volume I Compiled by Christine White Truth can be found in cartoons the Bible and Mad magazine Truth can be serious or humorous Heed Thy Private Dream is food for thought It should be read slowly It cannot be digested in large amounts The authors in this book are real They think similar thoughts to us We can feel a closeness to earthlings when we discover that we re all in this together and can help each other We don t have to meet face to face we have met in spirit **0 to 9 and the New York Avant-Garde** Ross Hair,2025-09-08 Edited and self published by Bernadette Mayer and Vito Acconci from 1967 to 1969 0 to 9 not only documented some of the most compelling examples of intermedia performance contemporary poetry and post formalist art of the period but also pioneered new ways of conceiving and using the magazine as medium and instrument 0 to 9 and the New York Avant Garde Publishing by Numbers examines how the magazine both responded to and helped shape key developments in New York s often fractious avant garde communities The book pays particular attention to the ways in which Mayer and Acconci foregrounded the material and generic qualities of the magazine and conceived their periodical as a means of generating as well as documenting art and poetry 0 to 9 and the New York Avant Garde considers the ways in which 0 to 9 interacted with other artistic movements and theoretical concerns of the period including cybernetics Pop Art structuralism and information theory Arguing for the enduring importance of the magazine and its unique position in the history of New York s experimental art and literary scenes this study contends that 0 to 9 was both a swan song of 1960s idealism and a precursor for the directions that avant garde art would take in the decades that followed the magazine s demise *absence of clutter* Paul Stephens,2020-03-24 An exploration of minimal writing texts generally shorter than a sentence as complex powerful literary and visual works In the 1960s and 70s minimal and conceptual artists stripped language down to its most basic components the word and the letter Barbara Kruger Jenny

Holzer Carl Andre Lawrence Weiner and others built lucrative careers from text based art Meanwhile poets and writers created works of minimal writing visual texts generally shorter than a sentence One poem by Aram Saroyan reads in its entirety eyeeye In absence of clutter Paul Stephens offers the first comprehensive account of minimal writing arguing that it is equal in complexity and power to better known more commercial text based art Minimal writing Stephens writes can be beguilingly simple on the surface but can also offer iterative reading experiences on multiple levels from the fleeting to the ponderous absence of clutter for example the entire text of a poem by Robert Grenier is both expressive and self descriptive Stephens first sets out a theoretical framework for reading and viewing minimal writing and then offers close readings of works of minimal writing by Saroyan Grenier Norman Pritchard Natalie Czech and others He reverse engineers recent works by Jen Bervin Craig Dworkin and Christian B k that draw on molecular biology and explores print on demand books by Holly Melgard code poetry by Nick Montfort Twitter based work by Allison Parrish and the use of Instagram by Hans Ulrich Obrist and Saroyan Text it seems is becoming ever more prevalent in visual art meanwhile poems are getting shorter When reading has become scanning a screen and writing tapping out a text absence of clutter invites us to reflect on how we read see and pay attention

Encyclopedia of the American Novel Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this William Saroyan Edward Halsey Foster, 1991

Riding Like the Wind Iris Jamahl Dunkle, 2024-10-15 This saga of a writer done dirty resurrects the silenced voice of Sanora Babb peerless author of midcentury American literature In 1939 when John Steinbeck's *The Grapes of Wrath* was published it became an instant bestseller and a prevailing narrative in the nation's collective imagination of the era But it also stopped the publication of another important novel silencing a gifted writer who was more intimately connected to the true experiences of Dust Bowl migrants In *Riding Like the Wind* renowned biographer Iris Jamahl Dunkle revives the groundbreaking voice of Sanora Babb Dunkle follows Babb from her impoverished childhood in eastern Colorado to California There she befriended the era's literati including Ray Bradbury and Ralph Ellison entered into an illegal marriage and was blacklisted by the House Un American Activities Committee It was Babb's field notes and oral histories of migrant farmworkers that Steinbeck relied on to write his novel But this is not merely a saga of literary usurping on her own merits Babb's impact was profound Her life and work feature heavily in Ken Burns's award winning documentary *The Dust Bowl* and inspired Kristin Hannah in her bestseller *The Four Winds* *Riding Like the Wind* reminds us with fresh awareness that the stories we know and who tells them can change the way we remember history
