Latin American Religion In Motion

Merike Blofield

Latin American Religion In Motion:

Latin American Religion in Motion Christian Smith, Joshua Prokopy, 2004-11-23 Latin America is undergoing a period of intense religious transformation and upheaval This book analyzes some of the more important new discoveries about religious movements in the region It examines important shifts such as the expansion and politicization of Protestantism the ongoing transformation of the Catholic church the growth of Afro Brazilian religions and the genuine pluralization of faith

Religion and Politics in Comparative Perspective Ted Gerard Jelen, Clyde Wilcox, 2002-04 This book examines religion and politics in diverse countries or regions

Latin American Religions Anna L. Peterson, Manuel A. Vasquez, 2008-08-03 Before Columbus the Americas were populated by many indigenous cultures with a great diversity of religions After 1492 European governments and churches dominated religious life While Roman Catholicism was the official religion great religious hybridization occurred mixing European indigenous and often African traditions into distinctly New World forms Latin American Religions provides an introduction through documents to the historical development and contemporary expressions of religious life in South and Central America Mexico and the Spanish speaking Caribbean A central feature of this text is its inclusion of both primary and secondary materials including letters sermons journal entries ritual manuals and ancient sacred texts These documents provide readers with direct access to the voices of adherents enabling them to act as academic investigators experiencing and interpreting the same texts on which historians draw The documents are framed by substantive introductions which provide both historical context and theoretical insights for the study of these religions traditions and the ways in which they have developed over time From the religious traditions of the Mayas and Aztecs and of the African diaspora to official and popular Catholicism to liberation theology the rise of Pentecostalism and emerging trends and new religious movements in Latin America this new work offers a concise overview of this fascinating field

Streams of Latin American Protestant Theology Ryan R. Gladwin, 2020-01-13 Although church historians often call the 19th century the Great Century of Protestant mission for Latin America it was the 20th century that was the great century of Protestant growth and expansion The 20th century witnessed vast societal changes and the realization of systemic poverty and injustice as well as the exponential growth pentecostalization and diversification of Latin American Protestantism Latin American Protestant Theology emerged during this century of change This text provides an introduction to Latin American Protestant Theology by engaging its dominant theological streams Liberal Evangelical and Pentecostal and how they understand themselves through the lens of mission The text offers both a critique of the Christendom cartography that is dominant in Latin American Protestant Theology as well as suggestions for how to move towards a transformative theology of mission The primary intention of this text is to offer an informed outline and analysis of the theological landscape of Latin American Protestantism The secondary intention of this book is to note the contributions as well as deficiencies of the streams of LAPT in the hope to signal a possible path towards the development of an integral transformative contextual and

decolonial theological voice Latin America's Neo-Reformation Eric Patterson,2013-10-11 The purpose of this study is to focus on the intersection of religion and politics Do different religions result in different politics More specifically are there significant contrasts between the political attitudes and behavior of Catholics and Protestants in Latin America The Oxford Handbook of Latin American History Jose C. Moya,2011 This Oxford Handbook comprehensively examines the field of Latin American history **Spiritual Mapping in the United States and Argentina** René Holvast,2009 Referring to U S Evangelicalism and Neo Pentecostalism this book presents a comprehensive historical description of the movement and concept of Spiritual Mapping with special attention to theological and anthropological concepts The result is a fascinating picture of modern Christian Americanism **Activist Faith** Carol Ann Drogus,Hannah Stewart-Gambino,2009-03-02 An extensive and powerful literature on religion society and politics in Latin America in recent years has begun with the assumption that most of the movements that surged in the struggle against military rule are dead that most of the activists are scattered and burned out and that the promise of civil society as a source of new values and a new kind of citizenship and political life was illusory Many have assumed that the religiously inspired activism of that period left little lasting impact but hardly anyone has actually looked at the activists themselves to see what remains how they cope in a different more open environment and how they see and act on the present and future Activist Faith addresses these issues with a wealth of empirical detail from two key cases and with a richly interdisciplinary argument that draws on theorizing about social movements The authors strive to understand what sustains activism and movements in radically different circumstances from those in which they arose Their analysis is enriched by systematic attention to the impact of gender and gender related issues on activism and movements In the process they shed much needed light on the fate of the activists and social movements that rose to prominence throughout Latin America during the 1980s This beautifully written book is a major achievement that gives us analytical tools for studying how movements and activists survive in the doldrums and when a cycle of protest peaks and societies move on Daniel H Levine University of Michigan **Pentecostals and Charismatics in Latin America and Latino Communities** Néstor Medina,2015-09-30 Pentecostal charismatics in Latin America and among Latinos communities that share profound historical linguistic and cultural roots This compilation brings together practitioners and academics with pentecostal charismatic affiliations who analyse from within the development of the movement among these diverse communities **Global Pentecostal Movements** Michael Wilkinson,2012-09-19 This volume contributes to the growing body of literature on religion and globalization and specifically global Pentecostal movements While Pentecostalism worldwide shares a cultural resemblance it is also localized and expressed in different ways The variety of Pentecostalisms throughout the world are illustrated through important themes of mission migration and public religion The global flows of Pentecostal practices beliefs and cultures brings into contrast these variations Negotiating what it means to be Pentecostal often leads to conflict and questions of identity Interaction with other religions like Islam in

Africa mission work in Asia and migration to Europe and North America is problematized Regional coverage includes Africa Asia Latin America Europe and North America Contributors include Thomas Aechtner Connie Ho Yan Au Joseph Bosco Bangura Richard Burgess Girish Daswani David A Reed Otto Madura N stor Medina A Christian van Gorder Michael Wilkinson and Seth N Zielicke **Religions of the United States in Practice, Volume 2** Colleen McDannell, 2018-06-05

Religions of the United States in Practice is a rich anthology of primary sources with accompanying essays that examines religious behavior in America From praying in an early American synagogue to performing Mormon healing rituals to debating cremation Volume 2 explores faith through action in the nineteenth and twentieth centuries The documents and essays consider the religious practices of average people praying singing healing teaching imagining and persuading Some documents are formal liturgies while other texts describe more spontaneous religious actions Because religious practices also take place in the imagination dreams visions and fictional accounts are also included Accompanying each primary document is an essay that sets the religious practice in its historical and theological context making this volume ideal for classroom use and accessible to any reader The introductory essays explain the various meanings of religious practices as lived out in churches and synagogues in parlors and fields beside rivers on lecture platforms and in the streets *Religions of the United States in Practice* offers a sampling of religious perspectives in order to approximate the living texture of popular religious thought and practice in the United States The history of religion in America is more than the story of institutions and famous people This anthology presents a more nuanced story composed of the everyday actions and thoughts of lay men and women *Brazilian Evangelicalism in the Twenty-First Century* Eric Miller, Ronald J. Morgan, 2019-05-09

Over the past fifty years Brazil's evangelical community has increased from five to twenty five percent of the population This volume's authors use statistical overview historical narrative personal anecdote social scientific analysis and theological inquiry to map out this emerging landscape The book's thematic center pivots on the question of how Brazilian evangelicals are exerting their presence and effecting change in the public life of the nation Rather than fixing its focus on the interior life of Brazilian evangelicals and their congregations the book's attention is directed toward social expression the ways in which Brazilian evangelicals are present and active in the common life of the nation **The Politics of Moral Sin** Merike Blofield, 2013-09-13 This book analyzes the problems that arise when women's rights conflict with the views of conservative organized religion Specifically it addresses the legalization or lack thereof of divorce and abortion in three recently democratized Catholic countries Spain Chile and Argentina Offering a vital and timely contribution to political debates on democratic consolidation social policy gender politics and religion it challenges many of the accepted assumptions and conclusions in these fields arguing that to understand the political dynamics and policy trajectories on these issues we must first analyze the distribution of both economic and political power Merike Blofield moves the debate away from a unitary focus on values and public opinion to an analysis of how economic social and political structures give certain actors more

power than others The topics covered should appeal to a broad readership interested in the difficulties of democratic consolidation in Latin America and the obstacles to social policy reform in a region with such high levels of inequality The analysis presented in *The Politics of Moral Sin* also deepens our understanding of why and how European countries have been so successful in limiting the indulgence of organized religion and in promoting women's rights

Introducing World Christianity Charles E. Farhadian, 2012-02-20 This interdisciplinary introduction offers students a truly global overview of the worldwide spread and impact of Christianity It is enriched throughout by detailed historic and ethnographic material showing how broad themes within Christianity have been adopted and adapted by Christian denominations within each major region of the world Provides a comprehensive overview of the spread and impact of world Christianity Contains studies from every major region of the world including Africa Asia Latin America the North Atlantic and Oceania Brings together an international team of contributors from history sociology and anthropology as well as religious studies Examines the significant social cultural and political transformations in contemporary societies brought about through the influence of Christianity Discusses Protestant Evangelical Catholic and Orthodox forms of the faith Features useful maps and illustrations Combines broader discussions with detailed regional analysis creating an invaluable introduction to world Christianity

Christianity as a World Religion Sebastian Kim, Kirsteen Kim, 2016-11-03 Now in its second edition *Christianity as a World Religion* locates Christianity within its global context Structured by geographical region it covers Asia Africa Europe Latin America and the Caribbean North America and Oceania It deals with four dimensions of Christianity in each context Christian history churches and society interreligious relations and distinctive worship and theology Study questions and further reading suggestions are provided in each chapter Fully updated throughout this second edition now includes A new chapter covering Christianity in Oceania Further analysis of the early growth of Christianity in Asia and Africa Coverage of research trends in migration theologies of prosperity and the role of local agents in evangelization Coverage of global interconnections and networks new movements global Catholicism Christian political engagement and persecution of Christian communities A thorough revision of the conclusion including reflection on the discipline of world Christianity and its implications for theology 40 images and maps Chapter summaries Extra resources online including a timeline and weblinks New text design and layout making the text more student friendly and accessible *Christianity as a World Religion* is ideal for courses on World Christianity Christianity as a Global Religion the History of Christianity and contemporary Christian theology

The Embattled but Empowered Community Wilma Wells Davies, 2010-04-27 The global phenomenon of Pentecostal growth continues to interest scholars particularly its local manifestations Although previous explanations may have noted the connections between the cultural substrata and local Pentecostal practices this book concentrates on seeking out the connections Using both extensive field research and reflection on Latin American scholarship the author proposes that a major link exists at the level of worldview assumptions particularly in understandings

of spiritual power The book concludes with a reflection on the implications a conversion based on the search for spiritual power has for the future of the evangelical church in Latin America [Las Abejas](#) Marco Tavanti,2014-01-27 Las Abejas came to be known by the international community as the civil counterpart to the neozapatista movements and as a Christian pacifist movement This book presents the voices of Las Abejas and of numerous collaborators alongside an innovative theoretical analysis of the dynamics of identity construction The uniqueness of this study is the analysis of the role of international human rights observers in relation to indigenous communities in resistance In this fascinating study Marco Tavanti explains how cultural religious political human rights and nonviolent frameworks combine in a syncretic identity of resistance **Library of Congress Subject Headings** Library of Congress,Library of Congress. Subject Cataloging Division,Library of Congress. Office for Subject Cataloging Policy,2013 [Library of Congress Subject Headings](#) Library of Congress. Cataloging Policy and Support Office,2009 [Library of Congress Subject Headings: P-Z](#) Library of Congress. Subject Cataloging Division,1988

Latin American Religion In Motion: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Latin American Religion In Motion : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
