Latin Love Elegy Latin And English Edition:

The Cambridge Companion to Latin Love Elegy Thea S. Thorsen, 2013-11-21 Latin love elegy is one of the most important poetic genres in the Augustan era also known as the golden age of Roman literature This volume brings together leading scholars from Australia Europe and North America to present and explore the Greek and Roman backdrop for Latin love elegy the individual Latin love elegists both the canonical and the non canonical their poems and influence on writers in later times The book is designed as an accessible introduction for the general reader interested in Latin love elegy and the history of love and lament in Western literature as well as a collection of critically stimulating essays for students and scholars of Latin poetry and of the classical tradition Latin Love Elegy Robert Maltby, 1980 This book offers a representative selection of the three main exponents of Latin love elegy Propertius Tibullus and Ovid A few elegiac poems by Catullus are included for purposes of comparison The book includes a general introduction to the elegy select bibliography Latin text of twenty poems and commentary to introduce each poem notes both grammatical and to aid literary analysis

Catullus to Ovid Joan Booth, 1999-12-09 This text offers introduction Latin text translation and literary commentary on 17 poems The poems have been selected to represent each author's particular qualities and literary merits and invites comparison and contrast between them *The Latin Love Elegy* Georg Luck, 1969 **Non-Elegiac Latin Love Poetry of Late Antiquity** Vasileios Pappas, 2025-05-19 For about five hundred years between Ovid's death 17 AD and Maximianus Elegies 6th century AD the genre of love elegy disappears Does this mean that love poetry in general was no longer being written This was certainly not the case Poets continued to compose love poetry merely in other forms than elegy This book deals with non elegiac Latin love poetry of Late Antiquity It is the first monograph to focus on the metaliterary interpretation of four non elegiac poetic works the *Pervigilium Veneris* Ausonius *Bissula* Reposianus *De concubitu Martis et Veneris* and the *Aegritudo Perdicae* The book contains all the required information about these poems including their date authorship structure and literary tradition However its content is predominantly original as it examines subjects that have not previously been discussed in the past These include a the generic interaction between the poems host genre and several guest genres that are present within them b the metaliterary discourse developed in several passages which reveals the metapoetic self consciousness of their poets c their hidden demands for the innovation of love poetry and d their allusive comments on the conservatism of this era Greek and Latin Love Thea S. Thorsen, Iris Brecke, Stephen Harrison, 2021-09-07 It is often claimed that the kind of love that is variously deemed romantic or true did not exist in antiquity Yet ancient literature abounds with stories that seem to adhere precisely to this kind of love This volume focuses on such literature and the concepts of love it espouses The volume differs from and challenges much existing classical scholarship which has traditionally privileged the theme of sex over love and prose genres over those of poetry By conversely focusing on love and poetry the present volume freshly explores central poets in ancient literature such as Homer Sappho Terence Catullus Virgil

Horace and Ovid alongside less canonized such as the anonymous poet of The Lament for Bion Philodemus and Sulpicia The chapters which are written by world leading as well as younger scholars reveal that Greek and Latin concepts of love seem interconnected that such love is as relevant for hetero as homoerotic couples and that such ideas of love follow the mainstream of poetry throughout antiquity In addition to the general reader interested in the history of love this volume is relevant for students and scholars of the ancient world and the poetic tradition *Latin Poetry: From the Beginnings through the End of the Republic: Oxford Bibliographies Online Research Guide* Oxford University Press,2010-05-01 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In classics as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is just one of many articles from Oxford Bibliographies Online Classics a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of classics Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.aboutobo.com **The Latin Poetry of Thomas Gray** Estelle Haan,2024-11-11 In the first full scale edition of Thomas Gray s Latin poetry the Latin text and facing English translation are complemented by a detailed introduction and comprehensive commentary that situate Gray s Latin verse in relation to his vernacular poetry epistolary correspondence and especially his appropriation of classical and Neo Latin literature This book also traces hitherto unlocated manuscripts of several of his Latin poems and includes an editio princeps of recently discovered Latin verses pertaining to his Neapolitan sojourn Gray s Latin poetry presents an illuminating portrait of the artist as a young man mapping his growth and development from his Etonian days to his undergraduate years at Cambridge University to his continental journey and his return to England Impressively eclectic in its scope and tone it ranges from experimental renderings of English Greek and Italian verse to more strikingly original pieces including poetic reinterpretations of Alexander Pope s Essay on Man and John Locke s An Essay Concerning Humane Understanding Gray looks back to a classical past offering imaginative re readings of Lucretius Virgil and Horace At the same time his Latin verse is firmly rooted in a postclassical world At its heart is the theme of presences whether sacred imagined absent or remembered conveyed with a linguistic ingenuity that facilitates the encoding of homoeroticism in a Neo Latin language of sensibility Travel, Geography, and Empire in Latin Poetry Micah

Young Myers,Erika Zimmermann Damer,2021-09-29 This volume considers representations of space and movement in sources ranging from Roman comedy to late antique verse exploring how poetry in the Roman world is fundamentally shaped by its relationship to travel within the geography of Rome's far reaching empire The volume surveys Roman poetics of travel and geography in sources ranging from Plautus to Augustan poetry from the Flavians to Ausonius The chapters offer a range of approaches to the complex relationship between Latin poetry Roman identity imperialism and travel and geospatial narratives and the diachronic and generic evolutions of poetic descriptions of space and mobility In addition two chapters including the concluding one contextualize and respond to the volume's discussion of poetry by looking at ways in which Romans not only write and read poems about travel and geography but also make writing and reading part of the experience of traveling as demonstrated in their epigraphic practices The collection as a whole offers important insights into Roman poetics and into ancient notions of movement and geographical space *Travel Geography and Empire in Latin Poetry* will be of interest to specialists in Latin poetry ancient travel and Latin epigraphy as well as to those studying travel writing geography imperialism and mobility in other periods The chapters are written to be accessible to researchers graduate students and advanced undergraduates

Elegies Tibullus,2012-01-12 Delia when flames engulf my bier you'll weep for me and then you'll mix your kisses with sad tears Tibullus 55 18 BC was one of a group of poets known as the Latin elegists whose number included Ovid and Propertius Living in the age of Augustus his poems reflect Augustan ideals but they are above all notable for their emphasis on the personal and for their subject matter love Tibullus elegies are addressed to two different mistresses Delia and Nemesis and a boy Marathus His pious and idealistic love for Delia is replaced by a more tortured affair with the cruel Nemesis and the poet's elegies to Marathus give a broader perspective to his treatment of the subject Anguish and betrayal characterize Tibullus depiction of love's changing fortunes in poetry that is passionate vivid and sometimes haunting In this parallel text edition A M Juster's eloquent translations are accompanied by an introduction and notes from Robert Maltby which discuss Tibullus work in its literary and historical context Together they demonstrate the achievements of this fine Roman poet ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Intratextuality and Latin Literature Stephen J. Harrison, Stavros Frangoulidis, Theodore D. Papanghelis, 2018-10-08 Recent years have witnessed an increased interest in classical studies in the ways meaning is generated through the medium of intertextuality namely how different texts of the same or different authors communicate and interact with each other Attention although on a lesser scale has also been paid to the manner in which meaning is produced through interaction between various parts of the same text or body of texts within the overall production of a single author namely intratextuality Taking off from the seminal volume on Intratextuality Greek and Roman Textual Relations edited by A Sharrock H Morales Oxford 2000 which largely sets the theoretical framework for such internal associations within classical texts this collective volume brings together twenty seven contributions written by an international team of experts exploring the evolution of intratextuality from Late Republic to Late Antiquity across a wide range of authors genres and historical periods Of particular interest are also the combined instances of intra and intertextual poetics as well as the way in which intratextuality in Latin literature draws on reading practices and critical methods already theorized and operative in Greek antiquity
