Historia De Una Escalera Austral 70 Anos:

Reception and Renewal in Modern Spanish Theatre, 1939-1963 John London, 1997 The book constitutes the first attempt to provide an overview of the reception of foreign drama in Spain during the Franco dictatorship John London analyses performance stage design translation censorship and critical reviews in relation to the works of many authors including Noel Coward Arthur Miller Eugene Ionesco and Samuel Beckett He compares the original reception of these dramatists with the treatment they were given in Spain However his study is also a reassessment of the Spanish drama of the period Dr London argues that only by tracing the reception of non Spanish drama can we understand the praise lavished on playwrights such as Antonio Buero Vallejo and Alfonso Sastre alongside the simultaneous rejection of Spanish avant garde styles A concluding reinterpretation of the early plays of Fernando Arrabal indicates the richness of an alternative route largely ignored in histories of Spanish theatre

Home Away from Home N. Michelle Murray, 2018-12-28 Home Away from Home Immigrant Narratives Domesticity and Coloniality in Contemporary Spanish Culture examines ideological emotional economic and cultural phenomena brought about by migration through readings of works of literature and film featuring domestic workers In the past thirty years Spain has experienced a massive increase in immigration Since the 1990s immigrants have been increasingly female as bilateral trade agreements migration quotas and immigration policies between Spain and its former colonies including the Dominican Republic Ecuador Equatorial Guinea and the Philippines have created jobs for foreign women in the domestic service sector These migrations reveal that colonial histories continue to be structuring elements of Spanish national culture even in a democratic era in which its former colonies are now independent Migration has also transformed the demographic composition of Spain and has created complex new social relations around the axes of gender race and nationality Representations of migrant domestic workers provide critical responses to immigration and its feminization alongside profound engagements with how the Spanish nation has changed since the end of the Franco era in 1975 Throughout Home Away from Home readings of works of literature and film show that texts concerning the transnational nature of domestic work uniquely provide a nuanced account of the cultural shifts occurring in late twentieth through twenty first century Spain
