Setiawan, Abdul Wahid, 2025-08-21 Rethinking Histories of Indonesia Experiencing Resisting and Renegotiating Coloniality provides a critical evaluation of histories of Indonesia from the formal period of colonisation to the present day The volume approaches Indonesian history through the lens of coloniality or the structures of power and control that underpin colonisation and which persist into the present Bringing together seventeen authors from across the world the volume offers an alternative conceptualisation of Indonesian history and lays bare the enduring legacies of and processes that reproduce coloniality This is a significant and exciting volume in terms of its scale the range of disciplines approaches and topics included and ultimately for its contribution to the field of Indonesian history and historiography and Indonesian studies and decolonial studies more broadly The contributors to this book do a great service to students of Indonesian history its cultures society and politics offering new sources voices approaches and perspectives Overall they provide a fresh and vital critique of not only Indonesia s colonial history but its continuing lived influences on present day Indonesia and beyond Jemma Purdey Australia Indonesia Centre Monash University *Jan van Noordt* David de Witt, 2007-11-02 De Witt offers a detailed biography based on a thorough review of the documentary evidence He traces Van Noordt s origins back to a prominent musical family details his artistic development under the guidance of prominent Amsterdam painter Jacob Adriaensz Backer and reveals his synthesis of the styles of the two dominant Netherlandish artists Rubens and Rembrandt Using a systematic analysis of technique manner and approach to form de Witt proves that over half the paintings and drawings presently attributed to Van Noordt are not his work virtually recasting the accomplishments of an artist whose vibrant often daring works challenge our concept of seventeenth century Dutch art **Vermeer and the Delft School** Walter A. Liedtke, Michiel Plomp, Axel Rüger, Metropolitan Museum of Art (New York, N.Y.), National Gallery (Great Britain), 2001 Walter Liedtke curator of European paintings at the Metropolitan Museum of Art in New York has assembled a splendid catalog of Vermeer and his artistic milieu Seven lengthy well illustrated chapters Liedtke wrote five Dutch art historians Michiel Plomp and Marten Jan Bok wrote the others describe life in the city of Delft the painters Carel Fabritius Leonart Bramer and others who preceded Vermeer the careers of Vermeer and De Hooch the making of drawings and prints in 17th century Delft and the collecting of art in the same period The catalog follows each painting print and drawing accompanied by a lengthy catalog essay Oversize 12 25x9 75 c Book News Inc **Catalogue** Hispanic Society of America. identifying the names of flowers as well as insects and other animals the book also discusses the earliest depictions of flower still life and the distinctive characteristics behind the development of floral arrangements in different periods including the variation of the flowers the variety of techniques used by artists as well as an exploration of the symbolism behind the numerous plant and animal species this form of art portrays Composed in Dutch the text was translated into English by Judith Deitch and edited by Philip Kelleway Publication of this book was made possible thanks to generous support of Dr med Bettina Leysen Rose Marie and Eijk van Otterloo and the Center for Netherlandish Art at the Museum of Fine Arts Boston With additional support of the M A O C Gravin van Bylandt Stichting See inside the book

Maffioli,Lodewijk C. Palm,2023-03-13 **Critical Theories in Dark Tourism** Nitasha Sharma,Annaclaudia Martini,Dallen J. Timothy,2024-12-02 This book facilitates a critical investigation of gaps in theorizing and framing dark tourism by navigating through some onto epistemological issues theoretical entanglements future possibilities and the application of critical theoretical perspectives related to affect and emotions human animal studies postcolonialism feminism trauma studies posthumanism power and identity In doing so it advances the need to connect critical theory pragmatism and contemporary issues of social and global relevance Given the growing body of critical research within tourism studies dark tourism has somewhat lagged behind For example critical tourism researchers have been examining postcolonialism for two decades but dark tourism research has only sporadically engaged with this topic Similarly the issue of gender has been curiously neglected within dark tourism In addition dark tourism research has tended to shy away from the big challenges facing contemporary societies Through its engagement with a range of critical theories this volume not only addresses gaps in the existing dark tourism literature but also moves the debate forward in exciting new directions This volume is well placed to demonstrate to other disciplines and fields that dark tourism research can be critical theoretically grounded and transformative Duncan Light **Repertorium betreffende Nederlandshe monumenten van geschiedenis en kunst** ,1962 **Textielhistorische bijdragen** ,1996 **Fifteenth-to Eighteenth-century European Paintings** Metropolitan Museum of Art.
