Historia de Chile durante los gobiernos de García Ramón Crescente Errázuriz, 1908 *Historia de Chile durante los gobiernos de García Ramón, Merlo de la Fuente y Jaraquemada* Crescente Errázuriz, 1908 **History and Historians of Hispanic America** A.C. Wilgus, 2012-11-12 First published in 1966 This volume holds a selection of published materials on Hispanic American life covering general works works on individual countries and regions religious accounts and voyages and travels that range from the sixteenth to the twentieth century **Luis Gerónimo de Oré** Noble David Cook, Alexandra Parma Cook, 2023-12-06 Born in a provincial city in the Peruvian Andes the Franciscan linguist and theologian Luis Gerónimo de Oré 1554-1630 lived during a critical period in the formation of the modern world as the global empire of Spain engaged in a nearly continuous struggle over resources and religion In the first full length biography of Oré Noble David Cook and Alexandra Parma Cook reconstruct the friar's life and the communities in which he circulated tracing the career of this first generation Creole from his roots in Huamanga to his work in Andean missions his activities at the royal courts of Spain and throughout Spanish America until his final years as bishop of Concepción in Chile While serving in Peru's Colca Valley Oré composed multilingual texts translating doctrinal concepts into the indigenous languages Quechua and Aymara alongside Latin and Spanish which missionaries and secular clergy frequently used in their conversion efforts As commissioner to Cuba and La Florida he inspected the frontier missions along the coast of what became the southeastern United States and wrote an influential history of these outposts and their environment After Philip III dispatched him to Concepción Oré spent his last years working in the southernmost end of the Americas where he continued his advocacy for indigenous justice and engaged in heated arguments with the governor over defensive war royal patronage and Indian enslavement Drawn from research conducted in Spain and Latin America over several decades this consequential biography recovers from obscurity a colonial friar whose legacy continues in the Andean world today **The Hispanic-Mapuche Parlamentos: Interethnic Geo-Politics and Concessionary Spaces in Colonial America** José Manuel Zavala, Tom D. Dillehay, Gertrudis Payàs, 2019-09-06 Anthropological histories and historical geographies of colonialism both have examined the material and discursive processes of colonization and have identified the opportunities for different kinds of relationships to emerge between Europeans and the indigenous people they encountered and in different ways colonized These studies have revealed complex differentiated colonializing and colonized identities shifting and ambiguous political relations social pluralities and mutating and distinctive modes of colonization This book focuses on the complementary historical linguistic and archaeological evidence for indigenous resistance and resilience in the specific form of parlamento political negotiations or attempted treaties between the Spanish Crown and the Araucanians in south central Chile from the late 1600s to the early 1800s Armed conflict the rejection of most Spanish material culture and the use of the indigenous Mapudungun language at parlamentos were obvious forms of Araucanian resistance From a bigger picture the book is based on an interdisciplinary

perspective and asserts that historical archeology can provide better interpretations of past societies only if combined with other disciplines experienced by the treatment of existing data for historical periods such as those provided by the written documents and which can be subjected to an anthropological ethnohistorical and linguistic reading by these disciplines This creates tension because complementarity but also requires a questioning of the methods themselves as an offset look in order to include the other disciplinary perspectives
