Erish, 2021-06-08 Winner of the 2022 Peter C Rollins Book Award and the 2022 Browne Best Edited Reference Primary Source Work in Popular and American Culture Award In *Vitagraph America's First Great Motion Picture Studio* Andrew A Erish provides a comprehensive examination and reassessment of the company most responsible for defining and popularizing the American movie This history challenges long accepted Hollywood mythology that Paramount and Fox invented the feature film that Universal created the star system and that these companies along with MGM and Warner Bros developed motion pictures into a multimillion dollar business In fact the truth about Vitagraph is far more interesting than the myths that later moguls propagated about themselves Established in 1897 by J Stuart Blackton and Albert E Smith Vitagraph was the leading producer of motion pictures for much of the silent era Vitagraph established America's studio system a division of labor utilizing specialized craftspeople and artists and developed fundamental aspects of American movies from framing lighting and performance style to emphasizing character driven comedy and drama in stories that respected and sometimes poked fun at every demographic of Vitagraph's vast audience For most of its existence America's most influential studio was headquartered in Brooklyn New York before relocating to Hollywood A historically rigorous and thorough account of the most influential producer of American motion pictures during the silent era Erish draws on valuable primary material long overlooked by other historians to introduce readers to the fascinating forgotten pioneers of Vitagraph

History in Practice Ludmilla Jordanova, 2019-08-22 Exploring the breadth and complexities of history as a field of study History in Practice demystifies what historians actually do and the tasks they take on This study written by one of the most acute practitioners in the field examines not only the academic discipline but also engages with the use of historical ideas in the wider world The new edition features A new chapter on history in the digital age covering the use of information technology in historical practice Extended coverage of the relationships between history and other disciplines Fresh material on current trends in the practice of history Over 35 new illustrations spread throughout the book drawn from around the world This book is essential reading for all students seeking an understanding of history as a discipline *The Routledge Handbook of Architecture, Urban Space and Politics, Volume I* Nikolina Bobic, Farzaneh Haghighi, 2022-10-28 For architecture and urban space to have relevance in the 21st Century we cannot merely reignite the approaches of thought and design that were operative in the last century This is despite or because of the nexus between politics and space often being theorized as a representation or by product of politics As a symbol or an effect the spatial dimension is depoliticized Consequently architecture and the urban are halted from fostering any systematic change as they are secondary to the event

and therefore incapable of performing any political role This handbook explores how architecture and urban space can unsettle the unquestioned construct of the spatial politics of governing Considering both ongoing and unprecedented global problems from violence and urban warfare the refugee crisis borderization detention camps terrorist attacks to capitalist urbanization inequity social unrest and climate change this handbook provides a comprehensive and multidisciplinary research focused on the complex nexus of politics architecture and urban space Volume I starts by pointing out the need to explore the politics of spatialization to make sense of the operational nature of spatial oppression in contemporary times The operative and active political reading of space is disseminated through five thematics Violence and War Machines Security and Borders Race Identity and Ideology Spectacle and the Screen and Mapping Landscapes and Big Data This first volume of the handbook frames cutting edge contemporary debates and presents studies of actual theories and projects that address spatial politics This Handbook will be of interest to anyone seeking to meaningfully disrupt the reduction of space to an oppressive or neutral backdrop of political realities Chapters 1 and 23 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license
