History Post Communist Routledge Contemporary Eastern:

Plural and Multiple Geographies of Modern and Contemporary Art in East-Central Europe Caterina

Preda, Magdalena Radomska, 2024-11-29 This edited volume proposes a theoretical reflection on the different artistic geographies of East Central Europe ECE from an interdisciplinary perspective found at the intersection of art history art and politics and critical geography Contributors argue that this multiplicity is a defining feature of the region At the same time chapters employ the concept of plural geographies and call for an equal geography based on solidarity and an equal distribution of capital which could allow plural geographies to exist and be described The multiple geographies of ECE consider the perspective of local conditions and emphasize how this region was part of successive empires with an important ethnic diversity and changing borders giving it historical layers and multicultural characteristics The book will be of interest to scholars working in art history political studies cultural studies and geography *The Spirit of Socialism* Joseph

Kellner, 2025-06-15 The Spirit of Socialism is a cultural history of the Soviet collapse It examines the millions of Soviet people who during the cascading crises of the collapse and the post Soviet transition embarked on a spirited and highly visible search for new meaning Amid profound disorientation these seekers found direction in their horoscopes or behind gurus in saffron robes or apocalyptic preachers or by turning from the most basic premises of official science and history to orient themselves anew The beliefs they seized on and even more the questions that guided their search reveal the essence of late Soviet culture and its legacy in post Soviet Russia To skeptical outsiders the seekers appeared eccentric deviant and above all un Soviet Yet they came to their ideas by Soviet sources and Soviet premises As Joseph Kellner demonstrates their motley beliefs reflect modern values that formed the spiritual core of Soviet ideology among them a high regard for science an informed and generous internationalism and a confidence in humanity to chart its own course Soviet ideology failed however to unite these values in an overarching vision that could withstand historical change And so as The Spirit of Socialism shows the seekers asked questions raised but not resolved by the Russian Revolution and subsequent Soviet order questions of epistemic authority of cultural identity and of history's ultimate meaning Although the Soviet collapse was not the end of history it was a rupture of epochal significance whose fissures extend into our own uncertain era Conflict and Survival in

Contemporary Western European Film John Alexander Williams, Alexandra Hagen, 2022-02-23 Since the turn of the twenty first century efforts to improve human rights social equality and democracy in western Europe have faced growing challenges that range from economic and medical crises to the resurgence of the tribalist far right Studying western European cinema reveals how filmmakers have been using their art to reflect on the region's contemporary problems and potentials In Conflict and Survival in Contemporary Western European Film John Alexander Williams and Alexandra Hagen have collected a diverse array of essays that analyze how filmmakers have portrayed forms of strife and endurance in the new century Divided into three thematic sections historical conflicts and national identities migrants natives and battles over

space and ethical struggles in everyday life this book offers case studies of historical context narrative and form in a range of significant recent films Showcasing such movies as Days of Glory A War Code Unknown The Edge of Heaven Toni Erdmann The Great Beauty and Weekend this fascinating collection presents contemporary filmmakers as critical citizen artists who are directly involved in interrogating the past present and future of Europe

Radical Ethnic Movements in Contemporary Europe Stefan Troebst, Farimah Daftary, 2004-11-01 Nation states and minorities resort more and more to violence when safeguarding their political interests Although the violence in the Middle East has been dominating world politics for some time now European governments have had their share of ethnic violence to contend with as this volume demonstrates And as the case studies show ranging as they do from the Basque Country to Chechnya from Northern Ireland to Bosnia Herzegovina this applies to western Europe as much as to eastern Europe However in contrast to other parts of the world instances where political struggles for power and social inclusion between minorities and majorities lead to full fledged inter ethnic warfare are still the exception in the majority of cases conflicts are successfully de escalated and even resolved In a comprehensive conclusion the volume offers a theoretical framework for the development of strategies to deal with violent ethnic conflict

A History of Russia, Central Asia and Mongolia, Volume II David Christian, 2018-03-12 Provides an all encompassing look at the history of Russia Central Asia and Mongolia Beginning with the breakup of the Mongol Empire in the mid thirteenth century Volume II of this comprehensive work covers the remarkable history of Inner Eurasia from 1260 up to modern times completing the story begun in Volume I Volume II describes how agriculture spread through Inner Eurasia providing the foundations for new agricultural states including the Russian Empire It focuses on the idea of mobilization the distinctive ways in which elite groups mobilized resources from their populations and how those methods were shaped by the region s distinctive ecology which differed greatly from that of Outer Eurasia the southern half of Eurasia and the part of Eurasia most studied by historians This work also examines how fossil fuels created a bonanza of energy that helped shape the history of the Communist world during much of the twentieth century Filled with figures maps and tables to help give readers a fuller understanding of what has transpired over 750 years in this distinctive world region A History of Russia Central Asia and Mongolia Volume II Inner Eurasia from the Mongol Empire to Today 1260 2000 is a magisterial but accessible account of this area s past that will offer readers new insights into the history of an often misunderstood part of the world Situates the histories of Russia Central Asia and Mongolia within the larger narrative of world history Concentrates on the idea of Inner Eurasia as a coherent ecological and geographical zone Focuses on the powerful ways in which the region s geography shaped its history Places great emphasis on how mobilization played a major part in the development of the regions Offers a distinctive interpretation of modernity that highlights the importance of fossil fuels Offers new ways of understanding the Soviet era A History of Russia Central Asia and Mongolia Volume II is an ideal book for general audiences and for use in undergraduate and graduate courses in world history The Blackwell History of the World Series The goal of

this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time The volumes are narrative in form giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change Each provides a systematic account of a very large subject but they are also both imaginative and interpretative The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production

The Post-Communist Condition Aleksandra Galasińska, Dariusz Galasiński, 2010-06-17 This volume offers interdisciplinary perspectives on discourses in one national context of post communist transformation Proposing a macro micro approach to discourse analysis and transformation it examines a spectrum of topics including Polish history with its interpreters changes in political bodies and the media policies of the Catholic Church and the Institute of National Remembrance xenophobia and anti-Semitism with the emergence of unemployment and homelessness experiences of new gender relations and migrations In effect drawing upon unique sets of data the book shows how post communist transformation can be understood through analyses of the changing public and private discourses It shows Polish post communism as a fragile and uneasy transformation with people and institutions struggling to make sense of it and of life within it The volume will be of interest to a broad range of social scientists discourse analysts sociologists modern historians and political scientists as well as to the informed lay public
