Women, Gender, and the Palace Households in Ottoman Tunisia Amy Aisen Kallander, 2013-09-15 In this first in depth study of the ruling family of Tunisia in the eighteenth and nineteenth centuries Kallander investigates the palace as a site of familial and political significance Through extensive archival research she elucidates the domestic economy of the palace as well as the changing relationship between the ruling family of Tunis and the government thus revealing how the private space of the palace mirrored the public political space Instead of viewing the period as merely a precursor to colonial occupation and the nation state as

emphasized in precolonial or nationalist histories this narrative moves away from images of stagnation and dependency to insist upon dynamism Kallander explains She delves deep into palace dynamics comparing them to those of monarchies outside of the Ottoman Empire to find persuasive evidence of a global modernity She demonstrates how upper class Muslim women were active political players exerting their power through displays of wealth such as consumerism and philanthropy Ultimately she creates a rich view of the Husaynid dynastic culture that will surprise many and stimulate debate and further research among scholars of Ottoman Tunisia Making Women's Histories Pamela S. Nadell, Kate Haulman, 2013-01-07 Examines how women's histories are explored and explained around the world Making Women's Histories showcases the transformations that the intellectual and political production of women's history has engendered across time and space It considers the difference women's and gender history has made to and within national fields of study and to what extent the wider historiography has integrated this new knowledge What are the accomplishments of women's and gender history What are its shortcomings What is its future The contributors discuss their discovery of women's histories the multiple turns the field has taken and how place affected the course of this scholarship Noted scholars of women's and gender history they stand atop such historiographically defined vantage points as Tsarist Russia the British Empire in Egypt and India Qing dynasty China and the U S roiling through the 1960s From these and other peaks they gaze out at the world around them surveying trajectories in the creation of women's histories in recent and distant pasts and envisioning their futures

Handbook of the Sociology of Gender Janet Saltzman Chafetz, 2006-11-22 During the past three decades feminist scholars have successfully demonstrated the ubiquity and omnirelevance of gender as a sociocultural construction in virtually all human collectivities past and present Intrapsychic interactional and collective social processes are gendered as

are micro meso and macro social structures Gender shapes and is shaped in all arenas of social life from the most mundane practices of everyday life to those of the most powerful corporate actors Contemporary understandings of gender emanate from a large community of primarily feminist scholars that spans the gamut of learned disciplines and also includes non academic activist thinkers However while incorporating some cross disciplinary material this volume focuses specifically on socio logical theories and research concerning gender which are discussed across the full array of social processes structures and institutions As editor I have explicitly tried to shape the contributions to this volume along several lines that reflect my long standing views about sociology in general and gender sociology in particular First I asked authors to include cross national and historical material as much as possible This request reflects my belief that understanding and evaluating the here and now and working realistically for a better future can only be accomplished from a comparative perspective Too often American sociology has been both tempero and ethnocentric Second I have asked authors to be sensitive to within gender differences along class racial ethnic sexual preference and age cohort lines
