The History and Design of the Foundling Hospital John Brownlow, 2015-08-09 Excerpt from *The History and Design of the Foundling Hospital With a Memoir of the Founder* It is related that when Captain Thomas Coram the Founder of this Hospital resided at Rotherhithe about the year 1720 his avocations obliging him to go early into the city and return late he frequently saw infants exposed and deserted in the public streets and as there was but one step in his active mind from the knowledge of an evil to a desire for remedying it he immediately set about inquiring into the probable causes for so outrageous a departure from humanity and natural affection He knew what every man who studies the human heart must know that the motive to such a dereliction of maternal duty must be beyond the ordinary casualties of indigence He was not long in discovering the true source of the evil He found that it arose out of a morbid morality then possessing the public mind by which an unhappy female who fell a victim to the seductions and false promises of a designing man was left to hopeless contumely and irretrievable disgrace About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
