## **History Makers Ancient Philosophers:**

**Ancient Philosophers** Don Nardo, 2004 Investigates the roots of philosophy when it was still blended with science and profiles five philosophers from the distant past considering how their thinking contributed to society and civilizations

**Filmmakers** Andy Koopmans, 2005 Profiles the lives of several filmmakers and the films they created including Alfred Hitchcock Francis Ford Coppola and Spike Lee  
*Who Saved the Parthenon?* William St Clair, 2022-05-26 In this magisterial book William St Clair unfolds the history of the Parthenon throughout the modern era to the present day with special emphasis on the period before during and after the Greek War of Independence of 1821 32 Focusing particularly on the question of who saved the Parthenon from destruction during this conflict with the help of documents that shed a new light on this enduring question he explores the contributions made by the Philhellenes Ancient Athenians Ottomans and the Great Powers Marshalling a vast amount of primary evidence much of it previously unexamined and published here for the first time St Clair rigorously explores the multiple ways in which the Parthenon has served both as a cultural icon onto which meanings are projected and as a symbol of particular national religious and racial identities as well as how it illuminates larger questions about the uses of built heritage This book has a companion volume with the classical Parthenon as its main focus which offers new ways of recovering the monument and its meanings in ancient times St Clair builds on the success of his classic text *The Reading Nation in the Romantic Period* to present this rich and authoritative account of the Parthenon's presentation and reception throughout history With weighty implications for the present life of the Parthenon it is itself a monumental contribution to accounts of the Greek Revolution to classical studies and to intellectual history **Fighters**

**Against Censorship** Kate Burns, 2004 Profiles some of those who dedicated their lives to fighting censorship including James Madison Theodore Schroeder Emma Goldman Tommy Smothers Larry Flynt and Mitchell Kapor *Alexandre Kojève*  
Luis J. Pedrazuela, 2024-04-08 This edited volume addresses Alexandre Kojève's work from different perspectives emphasizing the continuity between his early reception of a set of non philosophical and philosophical influences and that which he might have sought himself to exercise in a pedagogical and practical manner The first part of the book comprises six essays in which their authors explore Kojève's understanding of art religion and atheism and his reception of the thought of Hegel Marx and Carl Schmitt The book's second part is made up by two contributions that tackle respectively Kojève's conceptions of the end of history and empire in the light of his notion of Sophia or Wisdom and his understanding of the relationship between philosophy and power in the light of an exegetical reading of the debate he held with Leo Strauss The authors of the final three essays set out to explore the extent to which Kojève's previous processing of a set of non philosophical and philosophical influences might have resulted in three increasingly concrete outcomes namely his notion of authority the Lacanian mirror stage and global trade **Big and Little Histories** Marnie Hughes-Warrington, Anne Martin, 2021-08-19

This book introduces students to ethics in historiography through an exploration of how historians in different times and

places have explained how history ought to be written and how those views relate to different understandings of ethics No two histories are the same The book argues that this is a good thing because the differences between histories are largely a matter of ethics Looking to histories made across the world and from ancient times until today readers are introduced to a wide variety of approaches to the ethics of history including well known ethical approaches such as the virtue ethics of universal historians and utilitarian approaches to collective biography writing while also discovering new and emerging ideas in the ethics of history Through these approaches readers are encouraged to challenge their ideas about whether humans are separate from other living and non living things and whether machines and animals can write histories The book looks to the fundamental questions posed about the nature of history making by Indigenous history makers and asks whether the ethics at play in the global variety of histories might be better appreciated in professional codes of conduct and approaches to research ethics management Opening up the topic of ethics to show how historians might have viewed ethics differently in the past the book requires no background in ethics or history theory and is open to all of those with an interest in how we think about good histories

Lewis--An Annotated Bibliography and Resource* P. H. Brazier,2012-09-20 This bibliography and resource consists of a chronological introduction to the development of Lewis's works a copious bibliography and a guide to the study of Lewis an introductory essay on Christology in Lewis and a glossary for those unfamiliar with some of the background and terms to Lewis's understanding of revelation and the Christ It will be an invaluable resource for all scholars of C S Lewis The bibliography stands alone but it also serves to complement the three volumes of the series C S Lewis Revelation and the Christ      **Washington Irving's Critique of American Culture** J. Woodrow McCree,2021-06-24 Washington Irving's Critique of American Culture Sketching a Vision of World Citizenship challenges long standing views of Washington Irving He has been portrayed as writing in the 18th century style of Addison and Goldsmith without having much substance of his own Irving has also been accused of being insufficiently American and adrift in an identity crisis The author argues that Irving addressed the American cultural context very extensively he was a writer of substance who articulated an ethic of world citizenship that was found in the philosophy of ancient Greek cynics and stoics This ethic was united with a love of picturesque travel which emphasized variety and texture in experience resulting in an extraordinary affirmation of the value of cultural diversity in the new Republic Irving was in fact a liminal figure straddling Romantic and neoclassical modes of writing and acting The author draws attention to Irving's success as a writer in the pictorial mode Irving also expressed a

critique of cultural loss and environmental destruction like that articulated by the artist Thomas Cole The work embraces an interdisciplinary approach where insights from philosophy religion art history and social history shed light on an underestimated writer

*The Life of Herod the Great* Zora Neale Hurston, Deborah G. Plant, 2025-01-07 A never before published novel from beloved author Zora Neale Hurston revealing the historical Herod the Great not the villain the Bible makes him out to be but a religious and philosophical man who lived a life of valor and vision In the 1950s as a continuation of *Moses Man of the Mountain* Zora Neale Hurston penned a historical novel about one of the most infamous figures in the Bible Herod the Great In Hurston's retelling Herod is not the wicked ruler of the New Testament who is charged with the slaughter of the innocents but a forerunner of Christ a beloved king who enriched Jewish culture and brought prosperity and peace to Judea From the peaks of triumph to the depths of human misery the historical Herod appears to have been singled out and especially endowed to attract the lightning of fate Hurston writes An intimate of both Marc Antony and Julius Caesar the Judean king lived during the first century BCE in a time of war and imperial expansion that was rife with political assassinations and bribery as the old world gave way to the new Portraying Herod within this vivid and dynamic world of antiquity little known to modern readers Hurston's unfinished manuscript brings this complex compelling and misunderstood leader fully into focus Hurston shared her findings about Herod's rise his reign and his waning days in letters to friends and associates Text from three of these letters concludes the manuscript in an intimate way Scholar Editor Deborah Plant's Commentary A Story Finally Told assesses Hurston's pioneering work and underscores Hurston's perspective that the first century BCE has much to teach us and that the lens through which to view this dramatic and stirring era is the life and times of Herod the Great
