A History of Massachusetts in the Civil War (Classic Reprint) William Schouler, 2015-07-05 Excerpt from A History of Massachusetts in the Civil War The original plan of this work would have included a brief narrative of each Massachusetts regiment which had served in the war and a sketch of the meetings held in the several cities and towns in the Commonwealth to encourage recruiting and to raise money and provide for the families of the soldiers I soon found it was impossible to carry out this plan so as to do any thing like justice to the subjects The mass of papers letters and reports bearing upon them placed in my hands convinced me that one volume should be devoted exclusively to the three years regiments and one to the cities and towns There are several thousand letters in the files of the Governor Adjutant General and Surgeon General written from the front by officers and enlisted men which contain information both interesting and valuable and many more arc doubtless in the possession of the families of those who served in the war From these and other sources material can be furnished to make an interesting volume and it is due to the veteran regiments that it should be written I have received new and valuable material from nearly every city and town in the Commonwealth showing what was done by them in carrying on the war and from this could be compiled a work which would reflect the highest honor upon the municipalities of this Commonwealth About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

IN submitting this volume to the public, we do not expect to be so fortunate as to have avoided all mistakes. We hope, however, that it contains as few as could be expected in a work relating to so broad a field of facts and so long a period of time. The following statements concerning the general plan of the work may assist the reader to a fairer estimate of its merits. The primary object of the writer has been to present the annals or general history of Sudbury. The age of the town, its importance and prominence in the past, and the fullness of its records, have left no room for complete genealogies and partial sketches of families or individuals. Have been given only so far as pertains to the general design of the work. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
