Publishers' circular and booksellers' record, 1886 **The Simple Annals** Peter Sanders, 1989 History and genealogical data about the Sanders family between about 1628 and about 1945 with some family notes as late as 1988 The simple annals traces the history of the Sanders family from Stansted in rural Essex in the seventeenth century via Braintree to the harsh but vital life of Bethnal Green in the East End of London during the early decades of this century The author places the story of this essentially ordinary family firmly in its social economic and political context whilst skilfully dovetailing his analysis of relevant manuscript and printed sources with the oral testimony of his older relatives to produce a rich and vivid story Back lining paper **The Liminal Horse** Rena Maguire, Anastasiya Ropa, 2021-12-31 The historical horse is at once material and abstract as is the notion of the border Borders and frontiers are not only markers delineating geographical spaces but also mental constructs there are borders between order and disorder between what is permitted and what is prohibited Boundaries and liminal spaces also exist in the material economic political moral legal and religious spheres In this volume the contributing authors explore the theme of the liminality of the horse in all of these historical arenas asking how does one reconcile the very different roles played by the horse in human history
