History Of The 15th The Kings Hussars 1914 1922:

The History of the 15th The King's Hussars, 1914-1922 Frederick Archibald Nicolson baron Carnock,1932 The History of the 15th The King's Hussars, 1914-1922 Frederick Archibald Nicholson,2003 *The History of the 15th, the King's, Hussars, 1914-1922. By Lord Carnock ... Illustrated by Capt. C. Shaw* Great Britain. Army. Cavalry. Cavalry Regiments. Fifteenth (King's) Hussars,Frederick Archibald NICOLSON (Baron Carnock.),1932 History of the 15th the King's Hussars 1914-1922 Foreword Brig -Gen a. Cou Lord Carnock,Lord Carnock,A. (FWD) Cou,2006-06 **A History of the British Cavalry** Lord Anglesey,1994-11-15 In the seventh and second last volume in t his historical work Lord Anglesey shows how superior the Br itish cavalry was compared to those of the French and German s He concentrates on the first five months of the War **A Bibliography of Regimental Histories of the British Army** Arthur S. White,2013-02-04 This is one of the most valuable books in the armoury of the serious student of British Military history It is a new and revised edition of Arthur White s much sought after bibliography of regimental battalion and other histories of all regiments and Corps that have ever existed in the British Army This new edition includes an enlarged addendum to that given in the 1988 reprint It is quite simply indispensable **History of the 15th the King OS Hussars 1914-1922** Arthur Nicolson Carnock, Baron,Foreword Brig -Gen a. Cou Lord Carnock,2003-02 In August 1914 the organisation of the infantry division called for a reconnaissance element which was provided by a squadron of cavalry and it was the role of the 15th Hussars 15 H to provide that squadron for each of the 1st 2nd and 3rd Infantry Divisions The other three divisions of the original BEF were served by squadrons of the 19th Hussars and so it may seem appropriate that when in 1922 the number of cavalry regiments were reduced by amalgamations the 15th combined with the 19th to form a new regiment the 15th 19th Hussars When war came in 1914 15 H had been back in England nearly two years after an overseas tour of fourteen years and by 18th August the three squadrons were in France with their divisions The first four chapters describe the involvement of the squadrons in the early fighting Mons and the retreat Marne Aisne and Ypres In April 1915 the regiment was re formed as a single unit and posted to the newly formed 9th Cavalry Brigade in 1st Cavalry Division as was 19 H their places in the three infantry divisions were taken by Yeomanry For the rest of the war the Regiment remained in the 9th Brigade 3rd Cavalry Division on the Western Front and fought in many actions as their twenty three Battle Honours testify They were awarded one of the earliest VCs to be won Cpl Garforth There are five appendices one of them is a diary of marches billets and bivouacs of the Regiment from 27th July 1914 to 6th September 1919 and another most useful one gives the strengths of the Regiment officers and other ranks on various dates between 29th April 1915 and 31st March 1921 figures are also given for riding draught and pack horses and mules The casualty lists show not only fatalities but also wounded identifying those wounded more than once and those missing There is a list of officers of the Regiment and attached officers who served between 1914 and 1922 and a list of NCOs and men who were commissioned during the war There is an index The Battles of the British

Expeditionary Forces, 1914-1915 Fred R. van Hartesveldt, 2005-04-30 In this valuable resource over 1 000 annotated sources from Great Britain France and Germany offer a historiographical reference for study of the British army at the beginning and in the first battles of World War I Unique to this bibliography is the comprehensive coverage of sources resulting in a more complete picture of the circumstances of activities of the British Expeditionary Force BEF Sources include coverage of the BEF s military role as well as background information about domestic military considerations and Allied and enemy efforts This volume will support researchers and students in their efforts to find out what the Expeditionary Force s contributions were in World War I and for expanding their knowledge of the Great War and British military history In this valuable resource over 1 000 annotated sources from Great Britain France and Germany offer a historiographical reference for study of the British army at the beginning and in the first battles of World War I Unique to this bibliography is the comprehensive coverage of sources and it results in a more complete picture of the circumstances of activities of the British Expeditionary Force BEF Sources include coverage of the BEF s military role as well as background information about domestic military considerations and Allied and enemy efforts This volume will support researchers and students in their efforts to find out what the Expeditionary Force s contributions were in World War I and for expanding their knowledge of the Great War and British military history The volume includes four chapters of historiographical essays discussing the interpretations and controversies that surround the performance and leadership of the BEF in 1914 1915 The essays direct readers to the major sources that support various ideas and indicate gaps in the historiography of the subject Following the historiographical essays is an annotated bibliography of more than 1 000 sources that are relevant to the study of the BEF

Retreat of I Corps 1914 Jerry Murland, 2014-09-30 On 23 August 1914 it was only the two divisions of General Smith Dorrien s II Corps that were directly engaged with the German First Army along the line of the Mons Conde Canal As the British Expeditionary Force withdrew from Mons and bivouacked around Bavay on 25 August Sir John French and his GHQ advisors unsure of the condition of the routes through the Fort de Mormal ordered the British Expeditionary Force to continue their retirement the next day and to avoid the 35 square miles of forest roads Consequently II Corps used the roads to the west of the Fort de Mormal and Sir Douglas Haig s I Corps those to the east with the intention that the four divisions should meet again at Le Cateau It was an intention that was ambushed by circumstance as I Corps encountered units of the German 7th Division at Landrecies on 25 26 August Unsure of the weight of the German attack at Landrecies Douglas Haig hurriedly left for Grand Fayt and ordered his two divisions to immediately begin their retirement along a route that would take them west of Le Cateau It was this decision that kept the by now five divisions of the BEF apart until 1 September and is the subject of this book I Corps was now coming under attack from the German Second Army and the resulting rearguard actions that Haig s men were involved in are covered in this volume

Trial By Gas GEORGE H. CASSAR, 2014-12-01 World War I has long captured the macabre imagination for the seemingly willful manner in which nations sent their young men to die in droves

while fighting over essentially the same patch of land for four long years The vision of those senseless deaths becomes even harsher and more depraved when we consider how many soldiers were killed by poison gas In May 1915 the long and bloody Second Battle of Ypres gained notoriety for the participants use of poison gas the first time the weapon had been used in battle With both sides realizing the importance of victory in Ypres moral considerations were set aside Although other more costly battles of World War I have often overshadowed the Second Battle of Ypres despite the unprecedented use of gas in the latter that battle now receives an examination commensurate with its significance In *Trial by Gas* George H Cassar focuses on the conflict s second half the battles at Frezenberg Ridge and Bellewaarde Ridge both of which were fought primarily by British units taking the reader inside the trenches and behind the desks of those making the decisions Cassar s intimate account offers an accurate clear and complete chronicle of a battle with a remarkably enduring impact despite its indecisive outcome

A History of the British Cavalry 1816 to 1919 George Charles Henry Victor Paget Marquis of Anglesey, 1973 In Volume VII it is shown how superior the British Cavalry was to those of the French and German in the first five months of the Great War A major factor in their success was their skill in dismounted firepower and their capacity to move speedily from one point to another

Retreat and Rearguard, 1914 Jerry Murland, 2011-12-13 The British action at Mons on 23 August 1914 was the catalyst for what became a full blown retreat over 200 blood drenched miles This book examines eighteen of the desperate rearguard actions that occurred during the twelve days of this near rout While those at Le Cateau and Nery are well chronicled others such as cavalry actions at Morsain and Taillefontaine the Connaught Rangers at Le Grand Fayt and 13 Brigades fight at Crepy en Valois are virtually unknown even to expert historians We learn how in the chaos and confusion that inevitably reigned units of Gunners and other supporting arms found themselves in the front line The work of the Royal Engineers responsible for blowing bridges over rivers and canals behind the retreating troops comes in for particular attention and praise Likewise that of the RAMC No less than 16 VCs were won during this historic Retreat showing that even in the darkest hours individuals and units performed with gallantry resourcefulness and great forbearance The book comes alive with first hand accounts letters diaries official unit records much of which has never been published before

Horsemen in No Man's Land David Kenyon, 2020-01-24 An in depth look at the contributions of the British cavalry during World War I Of what use was the British cavalry during the years of trench warfare on the Western Front On a static battlefield dominated by the weapons of the industrial age by the machine gun and massed artillery the cavalry was seen as an anachronism It was vulnerable to modern armaments of little value in combat and a waste of scarce resources At least that is the common viewpoint Indeed the cavalry have been consistently underestimated since the first histories of the Great War were written But in light of modern research is this the right verdict David Kenyon seeks to answer this question in his thought provoking new study His conclusions challenge conventional wisdom on the subject they should prompt a radical reevaluation of the role of the horseman on the battlefields of France and Flanders a century ago

Using evidence gained from research into wartime records and the eyewitness accounts of the men who were there who saw the cavalry in action Kenyon reassesses the cavalry's contribution and performance. He offers insight into cavalry tactics and the spirit of the cavalymen of the time. He also examines how the cavalry combined with the other arms of the British army in particular the tanks. His well balanced and original study is essential reading for students of the Western Front and for anyone who is interested in the long history of cavalry combat. The Cavalry Journal, 1933 Retreat and Rearguard, Somme 1918 Jerry Murland, 2014-07-09 The German Spring offensive or Kaiserschlacht was a period of great danger for the Allies. Both sides were exhausted after years of bitter fighting and huge losses. While eventually catastrophically unsuccessful and the prelude to their final defeat the Germans forced the Allies back over hard won ground until the tide turned. Historian Jerry Murland has researched and visited the scenes of desperate actions during late March 1918. He describes in graphic detail the battles fought by British, Irish and South African regiments in the area from St Leger in the North to La Fere in the South. He unearths the extraordinary stories of unit and individual courage. He also examines the work of the Royal Engineers who blew bridges and disrupted lines of communication. This original approach covers battles that in many cases have only been described briefly in official histories. The book is a useful companion for any battlefield visitor. **Quarterly Review of Military Literature**, 1933 **Slaughter and Stalemate in 1917** Alan Warren, 2021-02-01 What went wrong for British forces in 1917? Relive the key battles through first hand accounts and little known incidents of World War I. This book offers a fresh critical history of the 1917 campaign in Flanders. Alan Warren traces the three major battles fought by the British Expeditionary Force in the final months of 1917 from the mines of Messines to the mud of Passchendaele and the tanks at Cambrai. Drawing on a rich array of sources Warren provides a vivid account of two tragically mismanaged battles showing that Cambrai further underlined what went wrong for British forces at Passchendaele and thus more fully explains the course of events on the Western front. His compelling narrative history features first hand accounts, little known dramatic incidents and portraits and assessments of the main generals. All readers interested in World War I and the tragic mistakes that led in the words of Winston Churchill to a forlorn expenditure of valour and life without equal in futility will find this an invaluable military history. **The Guinness History of the British Army** John Pimlott, 1993 *Light Dragoons* Allan Mallinson, 2012-06-11 Although only formed in December 1992 The Light Dragoons look back to a history that began in the days of the first Jacobite rebellion. In 1922 a reduction in the Army's strength saw the amalgamation of four regiments of Hussars into the 13th 18th Hussars and the 15th 19th Hussars. Now they too have been amalgamated with a name that reverts to the titles of the four original regiments in the eighteenth century. Allan Mallinson the novelist and a former commanding officer of the 13th 18th Hussars not only follows with admirable clarity and dexterity the fortunes of The Light Dragoons predecessors in this new edition but describes the activities of the new regiment up to the minute. It is a crowded canvas which reflects much of the last two hundred and seventy years of British history. No campaign of significance has been

fought in that time without the participation of one or more of the Regiments Three for instance fought in the Peninsula one in the Crimea and three in South Africa In the twentieth century they gained fresh honours in both World Wars and since 1945 have been fully involved in Britains withdrawal from Empire the Cold War United Nations peacekeeping and Iraq and Afghanistan The new Postscript gives the reader a fine account of what wars in Bosnia and Iraq have involved for the Regiment and the men who serve in it and this updated history is a superb snapshot of life in war and peace for a British armoured reconnaissance regiment Light Dragoons takes its place among the classics of this genre such as Sir Arthur Bryants Jackets of Green and Rudyard Kiplings account of the Irish Guards in the Great War
