Language Learners With Special Needs An International Perspective Second Language Acquisition:

Language Learners with Special Needs Judit Kormos, Edit H. Kontra, 2008-07-18 In this age of globalisation people who do not speak a foreign language are at a serious disadvantage in the job market It is therefore of great relevance that learners with learning disabilities are also provided with equal and appropriate opportunities to acquire a second or foreign language The aim of the book is to give readers an insight into the language learning process of learners with disabilities The articles discuss the learning process and the teaching of dyslexic as well as hearing impaired learners in various parts of the world from the USA and Canada to England Norway Poland and Hungary The intended audience of the book is language teachers MA and MEd students and researchers in the field of SLA applied linguistics or special education Aspects of Culture in Second Language Acquisition and Foreign Language Learning Janusz Arabski, Adam Wojtaszek, 2011-08-27 In recent years language learning has been increasingly viewed by some SLA researchers as an essentially social psychological process in which the role of a wider sociocultural context should not be marginalized This volume offers a valuable contribution to this growing body of research by providing theoretical considerations and empirical research data on themes such as the development of intercultural communicative competence the role of English as a lingua franca in intercultural communication and the place of cultural factors in SLA theorizing research second foreign language teaching and teacher training The volume also contains contributions which share the linguistic interest in the culture related concepts and constructs such as time modesty politeness and respect discussing the culture dependent differences in conceptualization and their reflection in particular language forms and linguistic devices **The Cambridge Guide to Learning English as a Second Language** Anne Burns, Jack C. Richards, 2018-03-15 This volume provides an up to date and comprehensive coverage of second language learning The focus throughout the book is primarily on language learning but each chapter also discusses the implications for teaching and assessment thus informing both understanding and practice The book contains nine sections which aim to organise and reflect different dimensions of the diverse and complex scope of learning English as a second or additional language Four themes which permeate the chapters are learning and learners learning and language learning and language development learning and learning context The 36 chapters are up to date and authoritative written by experts in the field The content is accessibly written with questions for discussion and follow up reading suggestions provided **The Second Language Learning Processes of Students with Specific Learning Difficulties** Judit Kormos, 2016-12-08 The Second Language Learning Processes of Students with Specific Learning Difficulties is the only recent book available to offer a detailed and in depth discussion of the second language learning processes of students with specific learning difficulties SpLDs It summarizes research advances in the fields of cognitive and educational psychology and integrates them with recent studies in the area of second language acquisition SLA Thus the book is relevant not only to readers who are particularly interested in the role of specific learning difficulties in learning additional languages but also to

those who would like to understand how individual differences in cognitive functioning influence SLA The book focuses on four important areas that are particularly relevant for language learners with SpLDs the processes of SLA in general and the development of reading skills in particular the effectiveness of pedagogical programs the assessment of the language competence of students with SpLDs and identifying SpLDs in another language The book also views learners with SpLDs in their social and educational contexts and elaborates how the barriers in these contexts can affect their language learning processes This is an excellent resource for language teachers students and researchers in the areas of second language acquisition and applied linguistics

Researching Dyslexia in Multilingual Settings Deirdre Martin, 2013-09-27 This volume draws together current research on dyslexia and literacy in multilingual settings across disciplines and methodologies The contributors all internationally recognised in the field address developmental and acquired literacy difficulties and dyslexia in a range of language contexts including EAL EFL The book uses theories and analytical frameworks of a critical nature to reveal prejudicial social practices and suggests future research directions towards a critical re consideration of current understandings of dyslexia in multilingual settings with a view to foregrounding the potential for interdisciplinarity The book also suggests ways forward for evidence informed practice and it will be a valuable resource for researchers practitioners and students alike

New Perspectives on Individual Differences in Language Learning and Teaching Mirosław Pawlak, 2012-04-05 The volume constitutes an attempt to capture the intricate relationship between individual learner differences and other variables which are of interest to theorists researchers and practitioners representing such diverse branches of applied linguistics as psycholinguistics sociolinguistics pragmatics or language teaching methodology It brings together contributions by Polish and international authors including leading experts in the field touching upon changing perspectives on individual variation cognitive affective and social variables learning deficits as well as their impact on learning and teaching It offers a multifaceted perspective on these problems and shows how theory and research can be translated into classroom practice

Investigating Pragmatics in Foreign Language Learning, Teaching and Testing Eva Alcón Soler, Alicia Martínez Flor, 2008 The book focuses on investigating pragmatic learning teaching and testing in foreign language contexts The volume brings together research that investigates these three areas in different formal language learning settings and focuses on different foreign languages The book should be of interest to graduate students and researchers working in the area of second language acquisition

Teaching Languages to Students with Specific Learning Differences Judit Kormos, Anne Margaret Smith, 2023-10-10 This book is intended to help language teachers to work effectively and successfully with students who have Specific Learning Differences SpLDs It enables teachers to gain a thorough understanding of the nature of SpLDs and how these affect both general learning processes and the mechanisms of second language acquisition In addition the book explores the particular inclusive methods and techniques of teaching and assessment that foster success in language learning Language teaching is embedded in a

wider social and educational context and therefore the book also provides an in depth discussion of general educational issues related to identifying and disclosing disabilities and to making transitions from one institution to the other The content has been thoroughly updated and revised for the second edition particularly in the areas of inclusive pedagogies new evidence based methods and tools for identifying SpLDs and new conceptualisations of neurodiversity The book also includes the latest research on assessment transition and progression and the impact of SpLDs on additional language learning

Socializing Identities Through Speech Style Haruko Minegishi Cook,2008 Drawing on the perspective of language socialization and a theory of indexicality this book examines dinnertime talk in a homestay context and explores ways in which learners of Japanese as a foreign language and their Japanese host families socialize their identities through speech style

Beyond Age Effects in Instructional L2 Learning Simone E. Pfenninger,David Singleton,2017-04-21 This book constitutes a holistic study of how and why late starters surpass early starters in comparable instructional settings Combining advanced quantitative methods with individual level qualitative data it examines the role of age of onset in the context of the Swiss multilingual educational system and focuses on performance at the beginning and end of secondary school thereby offering a long term view of the teenage experience of foreign language learning The study scrutinised factors that seem to prevent young starters from profiting from their extended learning period and investigated the mechanisms that enable late beginners to catch up with early beginners relatively quickly Taking account of contextual factors individual socio affective factors and instructional factors within a single longitudinal study the book makes a convincing case that age of onset is not only of minimal relevance for many aspects of instructed language acquisition but that in this context for a number of reasons a later onset can be beneficial

Theorizing and Analyzing Agency in Second Language Learning Ping Deters,Xuesong Gao,Elizabeth R. Miller,Gergana Vitanova,2015 Through several unique perspectives and contexts this volume contributes to current understanding of agency in second language learning It includes chapters discussing theoretical analytical and pedagogical approaches and will serve as a key reference for researchers of language learning and teaching

Language Learning Strategies in Independent Settings Stella Hurd,Tim Lewis,2008-10-03 Language learning strategies have been a topic of research for roughly three decades Broadly speaking that research has focused on classroom tuition predominantly at secondary level Increasingly however language learning occurs in independent settings whether at distance on Institution Wide Language Programmes IWLPs or in virtual environments Success in independent language learning is achieved by autonomous individuals with a capacity for self regulation Yet we still know relatively little about the specific means they use to learn effectively whether in terms of the affective strategies they employ to sustain motivation the metacognitive strategies required for planning monitoring and evaluating their learning or the specific cognitive strategies applied to difficult learning tasks These are all discussed and evaluated in *Language Learning Strategies in Independent Settings*
