Mujeres novelistas Alicia Redondo Goicoechea,2003-01-01 WOMEN NOVELISTS Young narrators of the nineties A critical study on Spanish writers born after 1960 who have published their works in the decade of the nineties In the analysis the literary production of writers in Castilian Catalan and Galician are contemplated and the complementary bibliographies of writers in Basque and Latin American novelists are introduced

A New History of Spanish Writing, 1939 to the 1990s Chris Perriam,2000 A New History of Spanish Writing 1939 to the 1990s explores the diversity of some sixty years of imaginative writing by Spaniards its interactions with Spain s peculiarly dramatic history

since the end of its Civil War and its wider thematic significance. It covers the famous and canonical texts of the most recent in Modern Spanish literature but also explores areas less well known outside Spain: essays and editorials, queer narrative, new poetry, comics and texts of the militant and reactionary Right. More space than is usual in literary histories is allowed for commentary on famous texts but the book also makes room for the marginalized and for socially contextualized explorations of the interconnectedness of various forms of writing. The overall structure is not chronological but thematic, dealing with abstract and topical issues such as silence, the family or realism.

The "strange Girl" in Twentieth Century Spanish Novels Written by Women Ellen Cecilia Mayock, 2004. With an eye to the rather insular particular development and definition of feminism in Spain, the author recognizes that the twentieth century has been a period of great change for peninsular women authors. Her study of the creative compromises wrought by severe oppression followed by relative liberation, all within the context of Spain's specific religious and regional influences, illustrates the unique positioning of these women writers as shown through their female characters. While this is a reflection of the current scholarship in Women's Studies, examining the feminist resonance of the construction of female identity through texts written by women about women, it is one that is in its first stages of development in Spanish criticism and has been primarily author specific. Ellen C. Mayock's research provides a more panoramic view so to speak, facilitating an overview of progression between trends as opposed to a singular progression of a single author within the context of an era, a very positive move that allows for full comprehension.

BOOK JACKET El mono del desencanto Teresa M. Vilarós, 2018-05-14. La losa que sella el sepulcro de Francisco Franco en el Valle de los Caídos sella también la memoria y el futuro de España. El final del franquismo trajo consigo una suerte de amnesia colectiva, un rechazo del pasado reciente y la necesidad desesperada de olvidar aquellas caducas ideologías y resistencias que habían protagonizado la oposición antifranquista. Por qué la sociedad española justo en el momento en que no había una fuerza opresora reprimió su pasado y sus ansias rupturistas. Lo queramos o no, el franquismo no era meramente un régimen dictatorial sino que abasteció a la sociedad española de la droga del desencanto. Sin el dictador se acaba el desencanto y comienza el mono. Sin él no es viable dismantelar las estructuras y el Estado franquista es imposible comenzar de cero. El régimen pervivir dentro de la democracia. El mono del desencanto, libro fundamental e imprescindible, rastrea este pasado reprimido a través de una crítica cultural de la transición incluida tanto la Movida madrileña como la pre-movida de Barcelona. En ella Teresa M. Vilarós se alía a cuáles fueron las adicciones de la sociedad española que producen este mono que cimentó el consenso social sobre el que se construyó el régimen del 78.

Contemporary Spanish Women's Narrative and the Publishing Industry Christine Henseler, 2003 As in other countries the effects of commercialization in Spain are changing the direction of publishing Arguing that women face a particularly complex situation because the inclusion of their work is still considered a novelty in a male dominated field Christine Henseler examines the strategies of Spanish women authors in

the face of market forces In a consumer economy that places books in supermarkets and mega bookstores and in which novels are promoted and read more for entertainment than for their literary merit women's books tend to be more highly regarded when they cater to feminist erotic or commercial niche markets Henseler examines the visual creation of the seductive female body inside and outside the texts and the verbal application of this female figure on a narrative level in the works of authors including Paloma Díaz Mas Lourdes Ortiz Cristina Peri Rossi Esther Tusquets Almudena Grandes and Lucía Etxebarra She looks at novels of seduction award winning novels and novels sold on the basis of an author's prior reputation as well as advertisements literary prizes and reviews She also draws on interviews with authors to provide insider views of contemporary Spanish publishing Contemporary Spanish Women's Narrative and the Publishing Industry reveals the ways women writers are reacting both textually and promotionally to the changing demands of the publishing industry and the construction of a literary canon
