A Logical Approach to Discrete Math David Gries,Fred B. Schneider,2013-03-14 This text attempts to change the way we teach logic to beginning students Instead of teaching logic as a subject in isolation we regard it as a basic tool and show how to use it We strive to give

students a skill in the propositional and predicate calculi and then to exercise that skill thoroughly in applications that arise in computer science and discrete mathematics We are not logicians but programming methodologists and this text reflects that perspective We are among the first generation of scientists who are more interested in using logic than in studying it

With this text we hope to empower further generations of computer scientists and mathematicians to become serious users of logic Logic is the glue Logic is the glue that binds together methods of reasoning in all domains The traditional proof methods for example proof by assumption contradiction mutual implication and induction have their basis in formal logic

Thus whether proofs are to be presented formally or informally a study of logic can provide understanding

The Magi's Gift of Gold Charles A. Sennewald,2019-05-14 Mr Sennewald s first book was a fictional novel about foreign cars namely a Volkswagen He was offered a story line buyout because a producer wanted the story for a motion picture Sennewald declined the generous offer For years friends family and colleagues have talked about the story with its totally surprising ending and have complained about his failure to write more fictional works The real demand for his work has been in writing textbooks on management consulting shoplifting and criminal investigations To satisfy the complainants he s been writing short stories that are fun to read and invariably have surprising and or unexpected endings This book is a collection of those great stories between two covers If the reader likes to or tries to outguess the stories endings he or she will enjoy every page of this book They will agree that this collection is an interesting journey indeed

My Theory of Evolution Life with Meaning Will Coakley,2023-03-06 This book is about my life and how we are all affected by the events that are taking place in our society right now I have a sports section which shows how I view certain sports events and my view on the evolution on sports There

is also a section where I talk about neighbors and community and how certain people play big roles in our society has grown into a beautiful place with examples such as intuition and how it is also good to have positive momentum and a positive attitude about life I also talk about things I have learned from other people such as why the weather is nice some days and why mother nature is affecting us negatively I also talk about the problems I have solved in this world such as back problems and diseases that have affected many people There are many signs and symbols that I pick up on in our everyday lives and I define my definition based on my knowledge of the world In my book I talk about how Hollywood has affected my life and how I feel the words in their movies and songs speak to me The songs and movies that Hollywood produces have a lot of messages that speak to me so I wanted to tell people how they benefit me and the entire world
