Adam Eve Langlais, 2015-03-17. On Earth when a rebel cyborg leader is drawn into a search for answers, he doesn't expect things to blow up. And he's not just talking about his house. Somehow his heart explodes too with the last thing he ever expected: love. Adam survived the great cyborg purge because the military made a mistake, a mistake they lived to regret. They crossed the line when they decided to take away his free will and turn him into a machine. They erroneously thought him a slave they could command. However, their biggest screw up of all was when they didn't terminate him at the first sign cyborgs were regaining sentience. As the rebel cyborg leader on Earth, Adam is doing everything he can to rescue others of his kind. Part of his current undercover mission involves infiltrating a top secret military facility where he comes in contact with a human scientist, a sexy scientist whom he's ordered to protect. What should have been an easy job turns into a fight for his life because it's not just bullets and hit squads he's got to worry about, but his heart. How can one fragile female mean so much? It's almost too much for a rational-minded cyborg to understand. When the choice is given: escape or let her die, he lets his heart decide, and that's when things begin to explode, literally. Cyborgs More than Machines series C791 F814 B785.

Apocalypse Cowboy Eve Langlais, 2015-04-02. It figured that the last man on earth would be the one who broke her heart. The world died practically overnight, leaving behind sparse pockets of survivors who must learn to live without electricity, internet, cable, or grocery stores. When it came to survival, it was kill or be killed. When Brody rides off into the sunset with grandiose dreams, he leaves behind not just his small town but also his first love. But the hopes he had of making it big are shattered when a deadly virus hits. Lonely in this new reality, he finds himself drawn back to his hometown and rediscovers the woman he left behind. Hannah never thought the expression "Not if you were the last man on earth, would ever come back to haunt her" but when the world's population is decimated by a deadly virus, she regrets her words, especially when Brody comes riding back into her life. A very alive Brody who reminds her she's not just a survivor but also a woman. Eking out an existence in this new world is hard. Forgiving the blunders of the past is sometimes harder. Against all odds, Brody and Hannah survived the plague, but will their stubborn nature still tear them apart?
