Latin Momentum Tests For Gcse:

Latin Momentum Tests for GCSE Ashley Carter, 2016-05-12 This collection of 15 tests is modelled on those used in GCSE examinations. The first few are at the standard of Foundation Tier and provide appropriate practice for Foundation Tier candidates as well as an easier introduction to the harder tests for Higher Tier candidates. The remaining tests are designed for Higher Tier candidates. All the tests contain a range of grammatical and syntactical features appropriate for GCSE and assume a basic knowledge of about 500 words of vocabulary; other words and proper names are glossed. Each test consists of three sections: a passage of about 60 words tested by simple comprehension questions; a passage of about 100 words for translation; and a passage of about 90 words tested by more demanding questions. A gradient of difficulty is maintained throughout the Latin. Each test also has two mark schemes suitable for use by the teacher or by the student for self assessment.

Latin to GCSE Part 1 Henry Cullen, John Taylor, 2016-04-28 A companion to Bloomsbury's popular two volume Greek to GCSE, this is the first course for Latin students that directly reflects the curriculum in a clear, concise and accessible way. Enhanced by colour artwork and text features, the books support the new OCR specification for Latin first teaching 2016 as well as meeting the needs of later students both at university and beyond. Written by two experienced school teachers, one also an examiner, the course is based on a keen understanding of what pupils find difficult: concentrating on the essentials and on the explanation of principles in both accidence and syntax; minor irregularities are postponed and subordinated so that the need for rote learning is reduced. User friendly, it also gives pupils a firm foundation for further study. Part 1 covers the basics and is self-contained with its own reference section. It outlines the main declensions, a range of active tenses and a vocabulary of 275 Latin words to be learned. Pupil confidence is built up by constant consolidation of the material covered. After the preliminaries, each chapter concentrates on stories with one source or subject: the Fall of Troy, the journeys of Aeneas, the founding of Rome and the early kings, providing an excellent introduction to Roman culture alongside the language study.

User friendly, it also gives pupils a firm foundation for further study. Part 1 covers the basics whilst Part 2 introduces a wider range of grammatical forms and constructions with a vocabulary of 450 words and reading material about the developing Republic, the war with Hannibal, the rise of Julius Caesar and Augustus, and the early emperors. Practice passages and revision sentences for GCSE complete Part 2 which has a
