Latin for Beginners Benjamin D'Ooge, 2022-03-21 A classic book in learning Latin that has been recreated with a modern typeset. To make the course preparatory to Caesar at the same time systematic, thorough, clear, and interesting is the purpose of this series of lessons. The first pages are devoted to a brief discussion of the Latin language, its history, and its educational value. The body of the book, consisting of seventy-nine lessons, is divided into three parts. Part I is devoted to pronunciation, quantity, accent, and kindred introductory essentials. Part II carries the work through the first sixty lessons and is devoted to the study of forms and vocabulary together with some elementary constructions, a knowledge of which is necessary for the translation of the exercises and reading matter. The first few lessons have been made unusually simple to meet the wants of pupils not well grounded in English grammar. Part III contains nineteen lessons and is concerned primarily with the study of syntax and of subjunctive and irregular verb forms. The last three of these lessons constitute a review of all the constructions presented in the book. There is abundant easy reading matter, and in order to secure proper concentration of effort upon syntax and translation, no new vocabularies are introduced, but the vocabularies in Part II are reviewed.

Latin for Beginners Benjamin Leonard D'Ooge, Clark L. Highsmith, 2009-10 Now in the public domain. *Latin for Beginners* by Benjamin L. D'Ooge Ph.D. was originally published in 1909. The Centurion Edition celebrates the 100th anniversary of the publication of the Latin classic. The text has been retypeset and formatted. All the original illustrations and plates have been included in black and white. While great effort has been made to remain faithful to the original published work, some formatting changes were necessary. Special vocabularies have been moved from the appendix and placed with their respective lessons. Exercises have been reformatted from paragraphs into numbered lists. Some of the irregular verb forms are now located in the lesson material in addition to the appendix. A new index has been generated. As a bonus included after the reading material is the ballad of Horatius from *The Lays of Rome* by Thomas Babington Macaulay. As this was a classroom text, no answer key was or is included with the book.

Latin for Beginners (Annotated) Benjamin L. D'Ooge, 2018-02-11 This is an annotated version of the book. 1. contains an updated biography of the author at the end of the book for a better understanding of the text. 2. This book has been checked and corrected for spelling errors.
