Polytropos Ajax Silvia Speriani, Stephen Harrison, 2024-10-07 Meanings are realized at the point of reception and this volume intends to offer an in depth discussion of some of the meanings associated with and raised by the figure of Telamonian Ajax at various specifically contextualized and yet somehow connectable points of reception Part 1 looks at how and from where and with what effects the epic and tragic figure of Ajax is constructed and re defined in archaic and classical Greece Part 2 moves on to Roman Ajax es evaluating how he is used in and by Latin literature as a tool for window references and innovation and for reflecting on national identity and cultural categories Part 3 discusses various ways in which the myth of Ajax especially in its Sophoclean version has been translated into theatrical psychological and philosophical discussions This is not an attempt to look for Ajax s true nature an ill posed question in itself Nor is it a claim to evaluate Ajax s features as if they could be placed on a straight evolutionary line they never can be On the contrary the volume provides a multiform and interconnected ensemble of relevant patterns always particularly situated and constantly changing *From Flood to Fallen Kingdoms* Jarno Moilanen, 2025-05-13 From Flood to Fallen Kingdoms FFFK is the first truly authoritative detailed and coherent young earth creationist overview of the post flood history of the ancient Near East and the land of Israel for laypersons and scholars alike It is a unique work which does not have serious rivals in the biblical creationist book market The lack of a good and comprehensive introductory book was the main reason why I started to write the book in the first place I have made use of the best available scholarly literature Christian as well as secular The book contains a lot of my own research but it is also in very good agreement with the archaeological articles written by A J M Osgood can be read at creation com and the books of David Down Unwrapping the Pharaohs and Unveiling the Kings of Israel for example FFFK follows the absolute chronology of Floyd Nolen Jones The Chronology of the Old Testament As a Bible faithful narrative introduction to the history and archaeology of the ancient Near East From Flood to Fallen Kingdoms is far better than the existing apologetic works that come towards the genre of FFFK Evidence for the Bible by Clive Anderson and Brian Edwards Ancient Post Flood History by Ken Johnson The World s Story 1 The Ancients by Angela O Dell for example From Flood to Fallen Kingdoms will strengthen the faith of numerous believing readers who take the Holy

Egypt's Ramesside Pharaohs and the Persians Emmet Sweeney,2021-10-01 The accepted chronology of ancient Egypt Persia and Babylonia is wrong to a dramatic degree with some major historical events mis dated by several centuries Matching events matching biographies and matching cultural artifacts show that many important people whom we are taught lived in different eras were in fact contemporaries Modern Egyptologists tell us that Seti I and Ramses II reigned 700 years before the rise of the Medes and Persians but Emmet Sweeney marshals archeological and linguistic evidence to show that Ramses II s dynasty was terminated by the Persian Conquest of Egypt 525 BC Seti II hailed by the Egyptians as a warrior and hero turns out to be one and the same as Inaros the Egyptian patriot who waged war against Xerxes and was eventually impaled on the orders of Artaxerxes I Egypt s Ramesside Pharaohs and the Persians represents the final volume in the reconstruction of Near Eastern antiquity bringing us from the start of the 6th century down to the early 3rd The history presented here will appear at the same time both familiar and startlingly new Readers will see how Ramses II normally believed to have reigned during the 14th 13th century BC was actually a contemporary of Cyrus the Great founder of the mighty Persian Empire They shall find how during the latter years of Ramses II Cyrus usurped the Median throne and under the Assyrian title of Tukulti apil esharra Tiglath Pileser conquered Lydia Babylon and all of Palestine as far as the borders of Egypt Names well known from biblical history such as Sargon and Nebuchadrezzar are shown to be identical to characters equally well known from classical history including Darius I Artaxerxes I and others Analyzing events like the Persian War against Greece and Alexander s conquest of Persia Emmet Sweeney goes far beyond studying the monuments of each land He has consulted ancient authors such as Manetho and Herodotus as well as the hieroglyphic documents of Egypt but in addition Sweeney discusses how the design of chariots for example went through a very definite evolution an evolution accurately depicted by the artists of the time Close study of such evidence may help to date the reign of a king with a high degree of accuracy Three dozen illustrations and a variety of timelines help bring the startling picture into sharp focus

The Art and Culture of Early Greece, 1100-480 B.C. Jeffrey M. Hurwit,1985 This handsomely illustrated book offers a broad synthesis of Archaic Greek culture Unlike other books dealing with the art and architecture of the Archaic period it places these subjects in their historical social literary and intellectual contexts Origins and originality constitute a central theme for during this period representational and narrative art monumental sculpture and architecture epic lyric and dramatic poetry the city state polis tyranny and early democracy and natural philosophy were all born *In the Beginning Was Chaos* Sarah L. Maguire,2018-09-06 From the noble Titan Prometheus who stole fire from Mount Olympus to the bloody

tale of how Kronos castrated his own father Ouranos to avenge his mother Gaia these visceral often dark and powerful stories about the creation of the world are also larger than life projections of human passions the exercise of power in a violent and hierarchical world and a reflection on the bitter sweet human condition With their remote origins in Mesopotamia and the ancient civilisations of the Near East these myths come down to us primarily from the early Greek poet and farmer Hesiod in his two epic poems the Theogony and the Works and Days Drawing on Hesiod s account as well as ancient authors such as Ovid Aeschylus and Apollodorus of Alexandria In the Beginning was Chaos recounts the stories of the ancient Greeks about how the world began the creation of humanity and their troubled relationship with the Gods It includes the war between the Olympians and the Titans Prometheus and his struggle with Zeus as well as detailed descriptions of the twelve Olympian gods and goddesses and an account of the Underworld It also includes the story Deucalion and Pyrrha and the great flood with its striking parallels to the Biblical account of the flood
