Going Home To The Fifties:

Going Home to the Fifties Bill Yenne, 2002 *Going Home to the Fifties* presents the ideals of suburban living as seen through the lens of magazine advertisements of the era Full colour ads accompany the text to guide the reader on a journey through an idealised neighbourhood of the times from the schools roads and commuter trains to the homes kitchens and backyards

Ireland in the 1950s: News From A New Republic Tom Garvin, 2011-09-02 The 1950s was a decade of international economic recovery in the United States and most of Western Europe after the disasters of World War II There was just one exception The Irish economy actually contracted in those years and over four hundred thousand people out of a population of fewer than three million emigrated Tom Garvin's survey of the 1950s is based largely on a close reading of contemporary newspaper reports and analyses This darkest decade of the Irish state was brought about by an aging government that overstayed its welcome and an ideology of rural frugality that was supported by an under developed educational system and the overweening power of the Catholic Church Garvin also traces the rise of the generation that broke this consensus and carried Ireland into the free trade boom of the 1960s

[Confessions of a Crabgrass Cowboy](#) William Schwarz, 2007-09 *Confessions Of a Crabgrass Cowboy* is a tale about coming of age in a fresh and eccentric environment called suburbia As a personal memoir the book details the vicissitudes of replacing playground bullies with Playboy Playmates while simultaneously preparing daily for the Armageddon we were promised was right around the corner *Confessions Of a Crabgrass Cowboy* also chronicles the cultural quirks of the era itself Dick and Jane CONELRAD Charles Atlas Tupperware R X Ray spectacles coon skin caps and anatomically correct dolls are but a handful that we now so closely and warmly associate with this distinctive period in American history Were Dick and Jane the only children in American without a surname Did Battle Creek Michigan really exist Were the prodigious privates of John Dillinger really placed briefly on display at the world renowned Smithsonian Institute Were the lyrics of the Kingsmen's 1963 one hit wonder Louie Louie as obscenity laced as many believed What hapless sitcom blew the lid off the unspoken toilet taboo by exposing millions of viewers to the interior of an American bathroom for the first time So saddle up for a leisurely ride back in time and discover what all the fuss was really about

Sex and Salvation Jennifer Cole,2010-12-15 Sex and Salvation chronicles the coming of age of a generation of women in Tamatave in the years that followed Madagascar s economic liberalization Eager to forge a viable future amid poverty and rising consumerism many young women have entered the sexual economy in hope of finding a European husband Just as many Westerners believe that young people break with the past as they enter adulthood Malagasy citizens fear that these women have severed the connection to their history and culture Jennifer Cole s elegant analysis shows how this notion of generational change is both wrong and consequential It obscures the ways young people draw on long standing ideas of gender and sexuality it ignores how urbanites relate to their rural counterparts and it neglects the relationship between these husband seeking women and their elders who join Pentecostal churches And yet as talk about the women circulates through the city s neighborhoods bars Internet cafes and churches it teaches others new ways of being Cole s sophisticated depiction of how a generation s coming of age contributes to social change eschews a narrow focus on crisis Instead she reveals how fantasies of rupture and conceptions of the changing life course shape the everyday ways that people create the future
