Hip Hop Family Tree 1 1970s 1981 Hip Hop Family Tree:

Hip Hop Family Tree: 1970s-1981 , Originally serialized on the hugely popular website Boing Boing The Hip Hop Family Tree is an encyclopedic comics history of the formative years of hip hop capturing the vivid personalities and magnetic performances of old school pioneers and early stars **Hip-Hop, Art, and Visual Culture** Jeffrey L. Broome, Lisa Munson, 2020-04-02 Visual art has been tied to hip hop culture since its emergence in the 1970s Commentary on these initial connections often emphasizes the importance of graffiti and fashion during hip hop's earliest days Forty years later hip hop music has grown into a billion dollar global industry and its influence on visual art and society has also expanded This book length printed edition of Arts collects essays by scholars who explore this evolving influence through their work in art education cultural theory and visual culture studies The topics covered by these authors include discussions on identity and cultural appropriation equity and access as represented in select works of art creativity and copyright in digital media and the use of fine art tropes within the sociocultural history of hip hop As a collected volume these essays make potentially important contributions to broadening the narrative on art education and hip hop beyond the topics of graffiti fashion and the use of cyphers in educational contexts **Singular Sensations** Michelle Ann Abate, 2024-09-13 What do The Family Circus Ziggy and The Far Side have in common They are all single panel comics a seemingly simple form that cartoonists have used in vastly different ways Singular Sensations is the first book length critical study to examine this important but long neglected mode of cartoon art Michelle Ann Abate provides an overview of how the American single panel comic evolved starting with Thomas Nast's political cartoons and R F Outcault's groundbreaking Yellow Kid series in the nineteenth century In subsequent chapters she explores everything from wry New Yorker cartoons to zany twenty first century comics like Bizarro Offering an important corrective to the canonical definition of comics as sequential art Abate reveals the complexity artistry and influence of the single panel art form Engaging with a wide range of historical time periods sociopolitical subjects and aesthetic styles Singular Sensations demonstrates how comics as we know and love them would not be the same without single panel titles Abate's book brings the single panel comic out of the margins and into the foreground

Collective Participation and Audience Engagement in Rap Music David Diallo, 2019-08-28 Why do rap MCs present their studio recorded lyrics as live and direct Why do they so insistently define abilities or actions theirs or someone else's against a pre-existing signifier This book examines the compositional practice of rap lyricists and offers compelling answers to these questions Through a 40 year span analysis of the music it argues that whether through the privileging of chanted call and response phrases or through rhetorical strategies meant to assist in getting one's listening audience open the focus of the first rap MCs on community building and successful performer audience cooperation has remained prevalent on rap records with lyrics and production techniques encouraging the listener to become physically and emotionally involved in recorded performances Relating rap's rhetorical strategy of posing inferences through intertextuality to early call and

response routines and crowd controlling techniques this study emphasizes how the dynamic and collective elements from the stage performances and battles of the formative years of rap have remained relevant in the creative process behind this music It contends that the customary use of identifiable references and similes by rap lyricists works as a fluid interchange designed to keep the listener involved in the performance Like call and response in live performances it involves a dynamic form of communication and places MCs in a position where they activate the shared knowledge of their audience making sure that they know what they mean thus transforming their mediated lyrics into a collective and engaging performance
