strong and stable power became a priority and for this Hirohito was needed to provide continuity and a form of rule to which the Japanese people were accustomed. Thus Hirohito went on to rule throughout the astonishing Japanese economic recovery in the 1950s and 1960s all the way until his death in 1989. The new constitution imposed by America after the war was framed around the monarchy and to justify keeping Hirohito in power it was necessary to demonstrate that he had not been personally culpable for Japanese aggression or military brutality. This was so successful that for many years few historians disputed this version of history. It was only relatively recently that new works have concluded that the personality and influence of the Japanese emperor were far greater than this post war invention suggested. Today most modern historians agree that Hirohito was neither a helpless dupe nor an aggressive hawk who drove Japan into war; his role was more complex and his personality played a far more significant role than either of these simplified views would suggest. This book looks at the role of the enigmatic leader in the rise, fall and rebirth of modern Japan. Along with pictures depicting important people, places and events you will learn about Emperor Hirohito like never before.

Hirohito Hourly History, 2018-12-05

Hirohito Japanese Emperor Hirohito is one of history's most enigmatic figures. He led the Japanese during the darkest point of their history as they joined forces with the fascism of Nazi Germany and Italy. Upon Japan's defeat, most believed that Emperor Hirohito would stand trial for the war crimes he was accused of presiding over. But the trial never happened. Instead, to the surprise of the whole world and most likely Hirohito himself, he was placed back on his throne and allowed to administer affairs in Japan until the day he died peacefully in 1989. How did all this come about? Read further to discover the life and the legend of Japan's most notorious leader. Inside you will read about Hirohito Takes the Throne, Invasion of China and Assassination Attempts, The Rape of Nanking and Unit 731, Imperial Japan an Axis Power Entering World War II, Atomic Bombs Hiroshima and Nagasaki, and much more.
