James Davison, Ph.D

His Girl From Nowhere:

, **Punch** Mark Lemon, Henry Mayhew, Tom Taylor, Shirley Brooks, Francis Cowley Burnand, Owen Seaman, 1909
The Law Reports, 1924 **The Trouble with Dreiser** Annemarie Koning Whaley, 2009 This book establishes the restored version of Jennie Gerhardt as a far better piece of literature than the 1911 edition It is also the first extensive study of the damaging effects of the editorial process on a significant work of American literature This study carefully compares the restored edition to the 1911 edition revealing clear and precise patterns to the Harper editing These patterns in turn suggest that the Harper editors deliberately approached Dreiser's original manuscript with the intention of softening its social and moral content This study argues that the firm's historical emphasis on family values and its lengthy bout with bankruptcy and reorganization coupled with the conservative social and moral climate at the turn of the century motivated the house to edit the novel with a heavy and censorious hand The end result was a more agreeable and therefore more saleable book This study also provides an extensive discussion on the probable reasons why Dreiser acquiesced to changes he felt were not in the best interest of his novel By continually placing material from the 1911 edition alongside that of the restored edition and then situating the cuts and emendations within their appropriate thematic historical cultural social moral biographical and autobiographical contexts readers will see how the editors distorted Dreiser's original writing of every major character their interaction with their environment and their relationship with others Readers will also see how the editing blunted and in some cases completely erased Dreiser's criticism of the wealthy capitalist society's understanding and treatment of the poor the working class and the immigrant and traditional notions of motherhood womanhood relationships and the American Dream This study argues that once Dreiser's original language is restored Jennie Gerhardt can stand alongside Dreiser's other novels and can add to critical discussions on class gender morality ethnicity naturalism and romanticism in Dreiser's fiction **The Trouble with Dreiser** Harper and the Editing of Jennie Gerhardt is an important work for collections of American literature Theodore Dreiser textual studies early twentieth century cultural studies especially those interested in ethnicity and early twentieth century historical studies **Black Diamonds** Mór Jókai, 1896 We are in the depths of an underground cavern It is bad enough to be underground but here we are all enveloped in black as well the ceiling is black so are the walls they are made of blocks of coal The floor is one great black looking glass It is a sort of pond polished as steel Over this polished surface glistens the reflection of a solitary light the light of a safety lamp shining through a wire net A man guides himself over the pond in a narrow boat By the doubtful light of the lamp he sees high pillars which rise out of the depths below and reach to the very roof of the cavern pillars slender like the columns of a Moorish palace These pillars are half white and half black up to a certain point only are they coal black beyond that they are light in color What are these pillars
 Grey and Gold Emma Jane Worboise, 1888 **Grey and gold ... Second edition** Emma Jane WORBOISE, 1871 *The Continental Classics: Black diamonds*, by M. Jokai, tr. by F.A. Gerard, 1896 *Fairytale in the Ancient World* Graham

Anderson,2002-01-04 In this the first modern study of the ancient fairytale Graham Anderson asks whether the familiar children s fairytale of today existed in the ancient world He examines texts from the classical period and finds many stories which resemble those we know today including a Jewish Egyptian Cinderella a Snow White whose enemy is the goddess Artemis a Pied Piper at Troy He puts forward many previously unsuspected candidates as classical variants of the modern fairytale and argues that the degree of violence and cruelty in the ancient tales means they must have been meant for adults

Eve Green Susan Fletcher,2004 In this timeless and beautifully told story about family secrets and unresolved liaisons Eve Green pregnant with her first child recalls her mother s death when she was eight years old and her struggle to make sense of her parents mysterious romantic past Ill Humour Philip Glennie,2013-02-01 Spanning over fifty years Ill Humour follows Dr Anna Mercer as she struggles to treat a patient named Adam Renfrew whose sickness makes no sense within the terms of modern medical knowledge But a chance encounter brings Anna into the company of Donald Firkin a divorced English professor who soon discovers that Anna s patient makes all too much sense just not according to modern science Through a series of manipulations Firkin convinces Anna that her patient s internal organs have travelled backward through medical history taking on the properties of the four humours of medieval science What ensues is a sometimes wry sometimes passionate story of blackmail family and romance And time travelling organs **The Gay Year** Dorothy Speare,1923

Sweet Release James Davison, Ph.D,2010-06-03 African Americans have come a long way in the difficult upward struggle from slavery to the relatively broad freedoms enjoyed today Together as a potent and well knit group they have battled endlessly in their march toward freedom Finally according to psychologist James Davison Jr the last step to freedom for black Americans has arrived But that last step must be taken as individuals not as a collective In this assessment of the problems and potentials facing African Americans Dr Davison argues that in order for achieving individuals to advance to the final step of freedom they must break free from the mental shackles created by the black community The central theme of Sweet Release is that the forces that impinge most upon psychological freedom for black Americans come from within Guilt for being successful shame in reaction to the misbehaviors of race peers demands to give back to the community and accusations of trying to be white are just a few of the mechanisms that thwart psychological freedom for black persons Dr Davison argues that individual lifestyles aspirations even identities are constrained by the specter of racial unity As a result for black advancers what remains to be overcome is not the system or them but internalized community attitudes that put a choke hold on individual freedom Unafraid of controversy or candid assessment Dr Davison addresses these and other thorny issues with psychological insight while offering strategies to move beyond group constrictions toward personal freedom James Davison Jr PhD Sacramento CA is a psychologist in private practice and also works in the criminal justice system for the California State Prison system In addition he is the author of Prisoners of Our Past **The Saturday Evening Post** ,1928 **Social Forces in German Literature** Kuno Francke,1896 **A Dark California** Katarzyna Nowak-McNeice,Agata Zarzycka,2018-02-14

Focusing on portrayals of California in popular culture this collection of new essays traces a central theme of darkness through literature Toby Barlow Angela Carter Joan Didion Thomas Pynchon and Claire Vaye Watkins video games L A Noire music Death Grips Lana Del Rey and the Red Hot Chili Peppers TV True Detective and American Horror Story and film Starry Eyes Southland Tales and A Girl Walks Home Alone at Night Providing insight into the significance of Californian icons the contributors explore the interplay between positive stereotypes connected to the myth of the Golden State and ambivalent responses to the myth based on social and political power the consequences of consumerism transformations of the landscape and the dominance of hyperreality
