Barnett,2006-11 **Drums of Hope** Varun Shah,2015-04-08 The Story of Burzen garth is a fictional depiction of a magical land that makes its self known as an eternal struggle of the mind to cope with foreign bodiesthe battle against disease We come across strange beasts that are good and bad all symbolic of the psyche and the magical nature of how healing works on the body Strange ways are brought to light as the journey of the hero transforms into the work of destiny This is a little memento of the work of an ageless dream that humanity constantly searches for in philosophical classical and spiritual literature **Poetry, Catastrophe, and Hope in the Vision of Isaiah** Francis Landy,2023-06-21 The book of Isaiah is one of the longest and strangest books of the Hebrew Bible composed over several centuries and traversing the catastrophe that befell the two kingdoms of Israel and Judah in the 8th and 6th centuries BCE Francis Landy s book tells the story of the poetic response to catastrophe and the hope for a new and perfect world on the other side The study traces two parallel developments the displacement of the Davidic promise onto the Persian Empire Israel and the prophet himself and the transition from exclusively male images of the deity to the matching of male and female prototypes whereby YHWH takes the place of the warrior goddess Poetry Catastrophe and Hope in the Book of Isaiah consists of close readings of individual passages in Isaiah commencing with Chapter One and the problems of beginning and ending with Deutero Isaiah composed subsequent to the Babylonian exile The volume is arranged thematically as well as sequentially the first chapter following the introduction concerns gender the second death the third the Oracles about the Nations At the centre there is what Landy calls the constitutive enigma Isaiah s commission in his vision to speak so that people will not understand This renders the entire book potentially incomprehensible the more we try to understand it the greater the difficulty For Landy this creates a model of reading and writing the challenge and the risk of

going up blind alleys of trying to make sense of a disastrous world Isaiah's commission pervades the book Throughout there is a promise of an age of clarity as well as social and political transformation which is always deferred beyond the horizon Hence it is a book without an ending or with multiple endings In the final chapters the author turns to the central Chapter Thirty Three a mise en abyme of the book and a prayer for deliverance and the issues of exile and the possibility of return Like every poetic work particularly in an era of cultural collapse it is a critique of the past and a hope for a new humanity
