## **Histoire Critique Des Evenements De Lourdes Apparitions Guerisons:**

**Histoire critiques des évènements de Lourdes** Georges Bertrin, 1905      **Approaching Hysteria** Mark S. Micale, 2019-01-15 What does this burgeoning corpus of writing tell us Why in recent years has the history of hysterical disorders carried such resonance for commentators in the sciences and humanities What can we learn from the textual traditions of hysteria about writing the history of disease in general What is the broader cultural meaning of the new hysteria studies In the second half of the book Micale discusses the many historical cultures of hysteria He reconstructs in detail the past usages of the hysteria concept as a powerful descriptive trope in various nonmedical domains including poetry fiction theater social thought political criticism and the arts His book is a pioneering attempt to write the historical phenomenology of disease in an age preoccupied with health and a prescriptive remedy for writing histories of disease in the future

**Lourdes** Ruth Harris, 2008-09-04 Lourdes was at the very centre of nineteenth century debates on religion science and medicine Both the Church and secularists championed the miracle town as crucial in shaping how society should think about the mind body and spirit Since the visions of Bernadette Soubirous in 1858 transformed the quiet Pyrenean town into an international tourist and pilgrimage destination it has been a site for controversy In her well crafted and carefully researched book Harris deftly places Lourdes and its attendant spiritual movement firmly at the centre of French history and shows its significance in the country's development      *Catholic World*, 1906      **Histoire critique des événements de Lourdes, apparitions et guérisons. **God's Eugenics** Andrés Horacio Reggiani, 2007 The temptations of a new genetically informed eugenics and of a revived faith based world wide political stance this study of the interaction of science religion politics and the culture of celebrity in twentieth century Europe and America offers a fascinating and important contribution to the history of this movement The author looks at the career of French born physician and Nobel Prize winner Alexis Carrel 1873 1944 as a way of understanding the popularization of eugenics through religious faith scientific expertise cultural despair and right wing politics in the 1930s and 1940s Carrel was among the most prestigious experimental surgeons of his time who also held deeply illiberal views In *Man the Unknown* 1935 he endorsed fascism and called for the elimination of the unfit The book became a huge international success largely thanks to its promotion by *Readers Digest* as well as by the author's friendship with Charles Lindbergh In 1941 he went into the service of the French pro German regime of Vichy which appointed him to head an institution of eugenics research His influence was remarkable affecting radical Islamic groups as well Le Pen's Front National that celebrated him as the founder of ecology      *Bibliotheca Osleriana* William Osler, Joseph Hodes, 1969      *Enquête sur les miracles de Lourdes* Yves Chiron, 2025-02-12 Lourdes surnommée capitale de la prière est aussi une terre de miracles Peut-on conter l'histoire de miracles Oui car ils sont d'abord des faits constatés avant d'être des guérisons proclamées miraculeuses L'enquête menée par Yves Chiron n'a pas un caractère médical mais historique Il s'agit de retracer l'histoire des guérisons depuis l'époque des

apparitions 1858 jusqu'à nos jours Pour ne pas faire un catalogue des quelque 7 300 cas de guérison enregistrés ont été privilégiés les guérisons reconnues miraculeuses par l'Église Il y en a eu 71 ce jour là la dernière tant celle John Traynor un soldat britannique guéri en 1923 mais dont la guérison miraculeuse n'a été proclamée qu'un siècle plus tard le 8 décembre 2024 Comment la médecine est-elle amenée Lourdes constater une guérison travers deux instances médicales de contrôle le Bureau médical et le Comité médical international Comment l'Église ensuite peut-elle procéder la proclamation d'un miracle selon des critères solidement établis Yves Chiron historien spécialisé dans l'histoire de l'Église contemporaine est l'auteur de plusieurs biographies de papes de Pie IX Paul VI Il a consacré aussi plusieurs ouvrages aux apparitions mariales saint Pio de Pietrelcina Lourdes Plusieurs de ses livres ont été traduits en diverses langues **Consuming Visions** Suzanne K. Kaufman, 2018-09-05

Plastic Madonnas packaged holy tours and biblical theme parks can arouse discomfort laughter and even revulsion in religious believers and nonbelievers alike Scholars too often see the intermingling of religion and commerce as a corruption of true spirituality Suzanne K Kaufman challenges these assumptions in her examination of the Lourdes pilgrimage in late nineteenth century France Consuming Visions offers new ways to interpret material forms of worship female piety and modern commercial culture Kaufman argues that the melding of traditional pilgrimage activities with a newly developing mass culture produced fresh expressions of popular faith For the devout women of humble origins who flocked to the shrine this intensely exciting commercialized worship offered unprecedented opportunities to connect with the sacred and express their faith in God New devotional activities at Lourdes transformed the act of pilgrimage the train became a moving chapel and popular entertainments such as wax museums offered vivid recreations of visionary events Using the press and the strategies of a new advertising industry to bring a mass audience to Lourdes Church authorities remade centuries old practices of miraculous healing into a modern public spectacle These innovations made Lourdes one of the most visited holy sites in Catholic Europe Yet mass pilgrimage also created problems The development of Lourdes while making religious practice more democratically accessible touched off fierce conflicts over the rituals and entertainments provided by the shrine These conflicts between believers and secularists played out in press scandals across the European continent By taking the shrine seriously as a site of mass culture Kaufman not only breaks down the opposition between sacred and profane but also deepens our understanding of commercialized religion as a fundamental feature of modernity itself
