Historia de la estética II Wladyslaw Tatarkiewicz, 1990-02 Volumen segundo de la Historia de la estética de W Tatarkiewicz. Las corrientes culturales y artísticas orientales y occidentales hasta la época de Dante. Incluye en versión bilingüe una extensa antología de los textos originales en que la obra se basa.

Introducción a la historia de las ideas estéticas María José López Terrada, 2011-11-28 En aquest segon volum dedicat a l'edat mitjana la professora Maria Jos Lpez Terrada comença amb una exposició de les conviccions de l'estètica medieval per a detenir-se després en les propostes de Sant Agustí, Pseudo Dionís i Sant Tomàs d'Aquino. S'ofereix amb això una visió cronològica de les principals idees dels autors més representatius originals i influents d'ambdós períodes incloent també en cada cas aquells aspectes del seu pensament filosòfic necessaris per a entendre les seves aportacions a l'estètica que solen donar-se per sabuts sense oblidar el context històric en el qual van ser formulades. Finalment s'inclou una antologia de fonts traduïdes que fa possible l'anàlisi directa del pensament estètic.

Biblioteca, 1917 Renaissance & Seventeenth - Century Studies Joseph Anthony Mazzeo, 2021-11-29 First published in 1964 Renaissance Seventeenth Century Studies contains essays which fall into two groups. The first four are concerned with problems of metaphor and style and treat two important eras in literary history when these problems underwent critical re-examination. St Augustine marks the classical attempt to take account of biblical poetics while the two essays on the theory of the metaphysical style treat the attempt of seventeenth century critics to comprehend at the theoretical level the expansion of metaphysical possibilities that marked the metaphysical movement. The second group of essays are in general concerned with Machiavelli and Machiavellism and Andrew Marvell. However they are again essentially concerned with the way in which crucial metaphors and idea images serve as principles for organising experience both in Machiavelli's own writings and in that of work of Marvell which reflects his influence. The final essay Cromwell as Davidic King weaves together Machiavellian and Augustinian strands as they are manifested in the works of a poet of wit the various light of whose mind responded harmoniously to the different currents of thought and taste these essays discuss. This book will be an essential read for scholars and researchers of literature literary history political philosophy and philosophy in general.

Menéndez Pelayo y la literatura: estudios y antología María José Rodríguez Sánchez de León, 2014-06-04 La Historia de la Literatura Española entre otras cosas de ningún modo existiría tal como ha llegado hasta nosotros sin la obra de Menéndez Pelayo. Más allá de partidismos ideológicos u otras consideraciones los hechos son los que son y es preciso empezar por reconocerlos. Como es sabido y se podrá comprobar hay

quienes ponen en duda la pertinencia de la obra del gran maestro cuando su producción y resultado objetivo más allá de cualquier otra opinión o ideología demuestra ser por sí sola en ocasiones de resultado muy superior a la de generaciones de especialistas por individualidades o incluso en conjunto. A quien le interesa Menéndez Pelayo la respuesta es muy sencilla cuando menos a toda persona interesada por la Historia de la Literatura Española. En el presente volumen se ofrece una serie de estudios fundamentalmente dedicados a esta materia y su entorno a fin de introducir debidamente una Antología de textos sobre la misma. El cometido de esta Antología no es nuevo pero su contenido sí ejemplar por su función historiográfica. La obra de Menéndez Pelayo cuenta entre las grandes reconstrucciones modernas de la cultura europea.

Asia in the Making of Europe, Volume II Donald F. Lach, 2010-01-15 Praised for its scope and depth *Asia in the Making of Europe* is the first comprehensive study of Asian influences on Western culture. For volumes I and II the author has sifted through virtually every European reference to Asia published in the sixteenth century; he surveys a vast array of writings describing Asian life and society; the images of Asia that emerge from those writings; and in turn the reflections of those images in European literature and art. This monumental achievement reveals profound and pervasive influences of Asian societies on developing Western culture; in doing so it provides a perspective necessary for a balanced view of world history. Volume I *The Century of Discovery* brings together everything that a European could know of India, Southeast Asia, China, and Japan from printed books, missionary reports, traders' accounts, and maps. The New York Review of Books. Volume II *A Century of Wonder* examines the influence of that vast new body of information about Asia on the arts, institutions, literatures, and ideas of sixteenth-century Europe.

Ficino in Spain Susan Byrne, 2015-07-27 As the first translator of Plato's complete works into Latin, the Florentine writer Marsilio Ficino (1433-99) and his blend of Neoplatonic and Hermetic philosophy were fundamental to the intellectual atmosphere of the Renaissance. In Spain, his works were regularly read, quoted, and referenced at least until the nineteenth century, when literary critics and philosophers wrote him out of the history of early modern Spain. In *Ficino in Spain*, Susan Byrne uses textual and bibliographic evidence to show the pervasive impact of Ficino's writings and translations on the Spanish Renaissance. Cataloguing everything from specific mentions of his name in major texts to glossed volumes of his works in Spanish libraries, Byrne shows that Spanish writers such as Miguel de Cervantes, Lope de Vega, Bartolomé de las Casas, and Garcilaso de la Vega all responded to Ficino and adapted his imagery for their own works. An important contribution to the study of Spanish literature and culture from the fifteenth to the seventeenth centuries, *Ficino in Spain* recovers the role that Hermetic and Neoplatonic thought played in the world of Spanish literature.
