José Ángel Mañas

Historias Del Kronen:

Mujer, amor y sexo en el cine español de los '90 Pilar Aguilar, Pilar Aguilar Carrasco, 1998 Para elaborar esta obra la autora ha analizado cincuenta y cinco películas españolas producidas en los 90. A través de ellas hace un análisis de los roles y estereotipos que encarnan los personajes de ambos sexos. El tratamiento que se da a las mujeres la mayoría de las veces tiene poco que ver con la realidad. Así casi todas son mujeres con poca autonomía propia siendo madres esposas novias y sobre todo amantes. Dos notas llaman la atención. Con la excepción de las películas del director Pedro Almodóvar el protagonismo lo tienen siempre los papeles masculinos y ellas son solo subordinadas de los hombres. En cuanto a la profesión las protagonistas suelen aparecer frecuentemente como prostitutas y como acosadoras sexuales en su trabajo. Nunca se reflejan situaciones críticas de la vida real como el desempleo y las muestras afectuosas de amor se convierten en escenas de incontrolada pasión erótica. Se detecta un exceso de escenas de voyeurismo en las que se muestra el desnudo femenino sin ninguna justificación narrativa. En general y a modo de conclusión se destaca el conservadurismo del cine español y su incapacidad para reflejar la situación de la mujer actual.

History, Violence, and the Hyperreal Kathryn Everly, 2010 What does literature reveal about a country's changing cultural identity? In *History, Violence, and the Hyperreal* by Kathryn Everly this question is applied to the contemporary novel in Spain. In the process similarities emerge among novels that embrace apparent differences in style, structure, and language. Contemporary Spanish authors are rethinking the way the novel with its narrative powers can define a specific cultural identity. Recent Spanish novels by Carme Riera, Dulce Chacón, Javier Cercas, Ray Loriga, Lucía Etxebarria, and José Ángel Manas published from 1995 to 2008 particularly highlight the tension that exists between historical memory and urban youth culture. The novels discussed in this study reconfigure the individual's relationship to narrative history and reality through their varied interpretations of Spanish history with its common threads of national and personal violence. In these books culture acts as mediator between the individual and the rapidly changing dynamic of contemporary society. The authors experiment with the novel form to challenge fundamental concepts of identity when the narrative acknowledges more than one way of reading and understanding history, violence, and reality. In Spain today questions of historical accuracy in all foundational fictions such as the Inquisition, the Spanish Civil War, or globalization collide with the urgency to modernize. The result is a clash between regional and global identities. Seemingly disparate works of historical fiction and Generation X narrative prove similar in the way they deal with history, reality, and the delicate relationship between writer and reader.

Generation X Rocks Christine Henseler, Randolph D. Pope, 2007 Essays in this volume explore the popular cultural effects of rock culture on high literary production in Spain in the 1990s.

Youth Culture in Global Cinema Timothy Shary, Alexandra Seibel, 2009-01-27 Coming of age is a pivotal experience for everyone. So it is no surprise that filmmakers around the globe explore the experiences of growing up in their work. From blockbuster U.S. movies such as the Harry Potter series to thought-provoking foreign films such as *Bend It Like Beckham* and *Whale Rider*.

films about youth delve into young people's attitudes, styles, sexuality, race, families, cultures, class, psychology, and ideas. These cinematic representations of youth also reflect perceptions about youth in their respective cultures as well as young people's worth to the larger society. Indeed, as the contributors to this volume make plain, films about young people open a very revealing window on the attitudes and values of cultures across the globe. *Youth Culture in Global Cinema* offers the first comprehensive investigation of how young people are portrayed in film around the world. Eighteen established film scholars from eleven different national backgrounds discuss a wide range of films that illuminate the varied conditions in which youth live. The essays are grouped thematically around the issues of youthful resistance and rebellion, cultural and national identity, including religion and politics, and sexual maturation, including gender distinctions and coming of age, queer. Some essays engage in close readings of films, while others examine the advertising and reception of films or investigate psychological issues. The volume concludes with filmographies of over 700 youth-related titles arranged by nation and theme.

Contemporary Spanish Fiction Dorothy Odatte-Wellington, 2008. Examines the work of six novelists of the Generation X group of writers in Spain, including Jose Angel Manas, Ray Loriga, Gabriela Bustelo, Ismael Grasa, Belen Gopegui, and Antonio Orejudo Utrilla. **Historias del Kronen** José Ángel Mañas, 1996. [A Companion to the Twentieth-century Spanish Novel](#) Marta E. Altisent, 2008. The Spanish novel in a turbulent century. This collection of studies by eighteen prominent theorists and critics offers a diverse panorama of the modern Spanish novel seen through the prism of Spain's recent political, cultural, and ideological history. It considers the development of the novel as a social mirror and as a changing literary form torn between the tradition of stern realism and the aesthetics of rupture affecting all Western literature from the Avant Garde to the Postmodern age. While some essays emphasise the Spanish cultural context and canonical writers, others are of a broader nature, grouping lesser-known writers under certain literary tendencies: the metaphysical novel, the urban novel, recuperative accounts of the Civil War, feminine first-person narrations, and the rise of the popular detective, historical, and erotic novels. Three studies address the resurgence of the Catalan, Basque, and Galician novel and their departure from a poetics of identity to one of global concerns. Interdisciplinary approaches address the reciprocal impacts of literature and cinema, and the effects of the marketplace on the consumption of fiction are not forgotten. The Companion provides ample bibliographies and a valuable chronology, while all titles and quotations are translated into English. Contributors: Marta E. [Contemporary Spanish Cinema](#) Barry Jordan, Rikki Morgan-Tamosunas, 1998-07-15. Contemporary Spanish Cinema offers an essential analysis of the main trends and issues in Spanish film since the death of Franco in 1975. While taking account of cinema during the Franco

dictatorship the book focuses principally on developments in the last two decades Acknowledging the sheer breadth and diversity of Spanish film production since the ending of the regime and the transition to democracy this study includes chapters on Spanish film s obsessive concern with the past on popular genre film including the comedy and the thriller on representations of gender and sexuality and the work of women film professionals both behind and in front of the camera as well as on film produced in Spain s autonomous communities particularly in Catalonia and the Basque Country This book offers a unique and up to date focus on a wide range of materials including work on such established directors as Carlos Saura V ctor Erice Pedro Almod var Pilar Mir Bigas Lina and Josefina Molina as well as exciting new talents such as Julio Medem Juanma Bajo Ulloa Alex de la Iglesia Ic ar Bollan Isabel Coixet and Marta Balleb Coll *Historias del Kronen* Montxo Armendáriz, José Ángel Mañas, 1994 After-Images of the City Joan Ramon Resina, Dieter Ingenschay, 2018-08-06 Criticism on the textual and iconographic construction of the city is extensive yet the problem of historical change in representations of the urban has received little attention Believing traditional accounts are limited by their reflection of a specific historical moment Joan Ramon Resina and Dieter Ingenschay focus by contrast on transition In essays written for this volume scholars of literary and visual studies the history of architecture cultural theory and urban geography explore the ways perceptual or conceptual paradigms of the city supersede or replace others while at the same time retaining the after image of what went before The writers touch on a wide variety of issues related to contemporary urban cultures as they journey through cities including New York Barcelona Madrid Paris Tijuana Berlin and London Drawing on the work of Roland Barthes Walter Benjamin Camilo Jos Cela Honor de Balzac and Alfred Stieglitz their approach is broadly cultural rather than technical After Images of the City takes into account the intrinsic instability of the image and reveals that representations of the modern metropolis cannot be fixed in time and history **Forth and Back** Cintia Santana, 2013-06-27 Forth and Back broadens the scope of Hispanic trans Atlantic studies by shifting its focus to Spain s trans literary exchange with the United States at the end of the twentieth century Santana analyzes the translation boom of U S literature that marked literary production in Spain after Franco s death and the central position that U S writing came to occupy within the Spanish literary system Santana examines the economic and literary motives that underlay the phenomenon as well as the particular socio cultural appeal that U S dirty realist writers which in Spain included authors as diverse as Charles Bukowski Raymond Carver and Bret Easton Ellis held for Spaniards in the 1980s Santana also studies the subsequent appropriation of this writing by a polemic group of young Spanish writers in the 1990s whoself consciously and insistently associated themselves with the U S Forth and Back illustrates that literary movements do not unilaterally spread rather those that flourish take root in fertile soil and are transformed in their travel by the desires creative choices and practical constraints of their differing producers and consumers It is precisely in the crossing of these currents that plots thicken The translation of dirty realism its reception in Spain and its cultural legacy as appropriated by the young Spanish writers serve to interrogate a perceived U S

hegemony If Spanish *realismo sucio* has been said to be symptomatic of the globalization of literature Forth and Back argues that the Spanish works in question posed a subtle reaffirmation of Spanish literature's strong ties to realist fiction a gesture of continuity in a decade that seemed to presage the undoing of much of Spain's Spanishness Ultimately this project asks an ambitious pair of questions at the heart of human culture how do we read each other quite literally across geography and language How do we construct others and ourselves vis-à-vis those readings **The Art of Time** Nina L Molinaro, 2019-07-12

Ethics or the systematized set of inquiries and responses to the question what should I do has infused the history of human narrative for more than two centuries One of the foremost theorists of ethics during the twentieth century Emmanuel Levinas 1906-1995 radicalized the discipline of philosophy by arguing that the ethical is the foundational moment for human subjectivity and that human subjectivity underlies all of Western philosophy Levinas's voice is crucial to the resurging global attention to ethics because he grapples with the quintessential problem of alterity or otherness which he conceptualizes as the articulation of and prior responsibility to difference in relation to the competing movement toward sameness Academicians and journalists in Spain and abroad have recently fastened on an emerging cluster of peninsular writers who they argue pertain to a discernible literary generation provisionally referred to as Generación X These writers are distinct from their predecessors they and their literary texts are closely related to the specific socio-political and historical circumstances in Spain and their novels relate stories of more and less proximity more and less responsibility and more and less temporality In short they trace the temporal movement of alterity through narrative Published by Bucknell University Press Distributed worldwide by Rutgers University Press **Live Flesh** Santiago Fouz-Hernández, Alfredo Martínez-Exposito, 2007-06-29

In post-Franco Spain a re-shaping of notions of the masculine has been under way for some time The authors of *Live Flesh* demonstrate how contemporary Spanish films during this modern period have contributed to this process They do so by visualizing the ways in which Spanish men have been abandoning old self-images and adopting new ones and they explain and explore the complexity and diversity of these fresh cinematic creations of masculine identities The book's point of focus is Spanish films of the democratic period both popular and auteur made by directors of national and international prominence such as Pedro Almodóvar Alejandro Amenábar Bigas Luna or Julio Medem as well as films featuring acclaimed actors who have contributed to the construction of contemporary ideas of the masculine in their country including Antonio Banderas and Javier Bardem Using a fresh theoretical framework embracing queer and feminist theory and concepts of nation race and class each chapter examines key films that represent the male body highlighting notable elements young muscular homosexual disabled foreign and so on and goes on to focus on recent case studies from the early 1990s to the present An increasingly transnational Spanish cinema is a most promising field in which to explore questions of how male bodies are represented and mediated in film *Live Flesh* more than fulfils this promise and goes further to reveal how these representations have intervened in the Spanish cultural imagination **The Cambridge Companion to Modern Spanish**

Culture David T. Gies, 1999-02-25 This book offers a comprehensive account of modern Spanish culture tracing its dramatic and often unexpected development from its beginnings after the Revolution of 1868 to the present day. Specially commissioned essays by leading experts provide analyses of the historical and political background of modern Spain, the culture of the major autonomous regions notably Castile, Catalonia and the Basque Country, and the country's literature, narrative, poetry, theatre, and the essay. Spain's recent development is divided into three main phases: from 1868 to the outbreak of the Spanish Civil War, the period of the dictatorship of Francisco Franco, and the post-Franco arrival of democracy. The concept of Spanish culture is investigated and there are studies of Spanish painting and sculpture, architecture, cinema, dance, music, and the modern media. A chronology and guides to further reading are provided, making the volume an invaluable introduction to the politics, literature, and culture of modern Spain.

A New History of Spanish Writing, 1939 to the 1990s Chris Perriam, 2000 A New History of Spanish Writing, 1939 to the 1990s explores the diversity of some sixty years of imaginative writing by Spaniards, its interactions with Spain's peculiarly dramatic history since the end of its Civil War, and its wider thematic significance. It covers the famous and canonical texts of the most recent in Modern Spanish literature but also explores areas less well known outside Spain: essays and editorials, queer narrative, new poetry, comics, and texts of the militant and reactionary Right. More space than is usual in literary histories is allowed for commentary on famous texts but the book also makes room for the marginalized and for socially contextualized explorations of the interconnectedness of various forms of writing. The overall structure is not chronological but thematic, dealing with abstract and topical issues such as silence, the family, or realism.

Spanish Cinema Rob Stone, 2014-10-13 From the surrealist films of Luis Buñuel to the colourful melodramas of Pedro Almodóvar, Spain has produced a wealth of exciting and distinctive film makers who have consistently provided a condoning or dissenting eye on Spanish history and culture. For modern cinema goers, it has often been the sexually charged and colourful nature of many contemporary Spanish films which has made them popular world-wide and led directors and stars such as Almodóvar, Banderas, and Penélope Cruz to be welcomed by Hollywood. Using original interview material with Spanish Cinema luminaries such as Carlos Saura, Julio Medem, Imanol Uribe, and Elías Querejeta, Rob Stone charts a history of Spanish Cinema throughout the turbulent Francoist years and beyond. The book aims to provide a broad introduction to Spanish Cinema, the nine chapters divided into four types: chapters on Spanish Cinema during the Dictatorship and following the transition to democracy, survey, current debate and opinion, while tracing the development of themes and film movements throughout those periods, chapters on early Spanish cinema and Basque cinema, present vital and fascinating aspects of Spanish cinema that have previously been ignored, chapters on childhood in Spanish cinema, and sex and the new star system offer new pathways into the study of Spanish cinema. Chapters on Carlos Saura, Elías Querejeta, and Julio Medem offer specific case studies of film makers who are emblematic of different periods in Spanish cinema and indeed Spanish history. As with other titles in the Inside Film series, the book is

comprehensively illustrated with representative stills and has a thorough bibliography index and list of resources
