## **Historic Newtown Pa Images Of America:**

*Bucks County Trolleys* Mike Szilagyi, 2020-10-26 Bucks County Pennsylvania was once served by 120 miles of trolley lines During the decades spanning the 1890s to 1950s a variety of trolley cars glided through Bucks County s towns and countryside beginning with Langhorne s quaint open streetcars and culminating with streamlined interurbans streaking across open fields from Sellersville to Quakertown at 80 miles per hour The trolleys were powered by electricity with the line stretching north from Doylestown energized by renewable hydroelectric power generated by the Delaware Canal Before automobiles and trucks were commonplace and before roads were paved the rapid convenient electric trolley was the best mode of travel for both passengers and freight shipments Although the trolleys have almost completely disappeared today the photographs on these pages provide rare glimpses of a long lost mode of travel and charming scenes of Bucks County s soon to be altered landscapes     [Real Photo Postcard Guide](#) Robert Bogdan, Todd Weseloh, 2006-09-21 The Real Photo

Postcard Guide is an informative comprehensive and practical treatment of this wildly popular American phenomenon that dominated the United States photographic market during the first third of the twentieth century Robert Bogdan and Todd Weseloh draw on extensive research and observation to address all aspects of the photo postcard from its history origin and cultural significance to practical matters like dating purchasing condition and preservation Illustrated with over 350 exceptional photo postcards taken from archives and private collections across the country the scope of the Real Photo Postcard Guide spans technical considerations of production characteristics of superior images collecting categories and methods of research for dating photo postcards and investigating their photographers In a broader sense the authors show how real photo postcards document the social history of America From family outings and workplace awards to lynchings and natural disasters every image captures a moment of American cultural history from the society that generated them Bogdan and Weseloh s book provides an admirable integration of informative text and compelling photographic illustrations Collectors archivists photographers photo historians social scientists and anyone interested in the visual documentation of America will find the Real Photo Postcard Guide indispensable     **Teaching American History with Art Masterpieces**

Tales from the Easel ,2004 Tales from the

Easel features seventy full color reproductions that convey the expressive allusive powers of narrative painting. Though they range widely in subject and setting, all of the paintings gathered here are rendered in a representational or realistic style. Carrying moral, social, or patriotic messages, the paintings are meant to teach, enlighten, or inspire. Then again, the paintings can also tweak the very conventions that define them, with results that range from the delightfully idiosyncratic to the visionary. Thomas Hart Benton, Winslow Homer, Andrew Wyeth, and Jacob Lawrence are just some of the household names whose work appears in *Tales from the Easel*. Others like Elihu Vedder and Lilly Martin Spencer are less well known but still vital to the development of narrative painting. While some of the artists, including George Caleb Bingham and Paul Cadmus, were classically trained, self-taught painters such as Carlos Shirey, Moon, and Thomas Waterman Wood are also represented. American rivers, cities, and battlefields are among the native surroundings shown in many of the paintings. However, artists also looked elsewhere for settings, to Europe, the Holy Land, or even some imagined realm. Charles C. Eldredge's essay discusses the rich and varied sources of American narrative painting, from literature and history to childhood and domestic life, and an essay by William Underwood Eiland provides a discussion of the southern tale-telling tradition. Artist biographies by Reed Anderson and Stephanie J. Fox appear opposite the paintings, adding further context. *Tales from the Easel*, a companion volume to the national touring exhibit of the same name, is a stunning reminder of a tradition in American painting that has endured across two centuries and numerous art movements.
