Historical Romance Viking Yearning:

Longing for Her Forbidden Viking Harper St. George, 2019-09-01 A deeply sensual evocative mesmerizing and fabulously intriguing story I hand on heart cannot recommend this book and this series enough Chicks Rogues and Scandals Saxon maiden Ellan would rather wed a Dane than be forced into marriage by her father In fact she has one Dane in mind But strong warrior Aevir has been ordered to marry for duty all he can offer Ellan is a place as his concubine She may be bold but Ellan can never accept that Even if his burning kisses make it incredibly tempting Harper St George is a must buy for me Terri Brisbin USA Today bestselling author

Longing for the Bomb Lindsey A. Freeman, 2015-04-13 Longing for the Bomb traces the unusual story of the first atomic city and the emergence of American nuclear culture Tucked into the folds of Appalachia and kept off all commercial maps Oak Ridge Tennessee was created for the Manhattan Project by the U S government in the 1940s Its workers labored at a breakneck pace most aware only that their jobs were helping the war effort The city has experienced the entire lifespan of the Atomic Age from the fevered wartime enrichment of the uranium that fueled Little Boy through a brief period of atomic utopianism after World War II when it began to brand itself as The Atomic City to the anxieties of the Cold War to the contradictory contemporary period of nuclear unease and atomic nostalgia Oak Ridge s story deepens our understanding of the complex relationship between America and its bombs Blending historiography and ethnography Lindsey Freeman shows how a once secret city is visibly caught in an uncertain present no longer what it was historically yet still clinging to the hope of a nuclear future It is a place where history memory and myth compete and conspire to tell the story of America s atomic past and to explain the nuclear present

The Waxing of the Middle Ages Charles-Louis Morand-Métivier, Tracy Adams, 2023-04-14 Johan Huizinga s much loved and much contested Autumn of the Middle Ages first published in 1919 encouraged an image of the Late French Middle Ages as a flamboyant but empty period of decline and nostalgia Many studies particularly literary studies have challenged Huizinga s perceptions of individual works or genres Still the vision of the Late French and Burgundian Middle Ages as a sad transitional phase between the High Middle Ages and the Renaissance persists Yet a series of exceptionally significant cultural developments mark the period The Waxing of the Middle Ages sets out to provide a rich complex and diverse study of these developments and to reassert that late medieval France is crucial in its own right The collection argues for an approach that views the late medieval period not as an afterthought or a blind spot but as a period that is key in understanding the fluidity of time

traditions culture and history Each essay explores some cultural form to borrow Huizinga's expression to expose the false divide that has dominated modern scholarship

Violating Time Christina Lee, 2008-11-01 Violating Time explores the complexity of nonlinear and disrupted cinematic time the delayed period between the actual recording of an event and its eventual public viewing the recreation of an historical event years after it has occurred a nostalgic return to retro in the postmodern era and manipulation of the clock in time travel movies to alter the course of events and create new cultural geographies of time space and experience This collection investigates the politics of tactical remembering and forgetting the selective editing of time and narrative not only as acts of subversion but also of creative potential and empowerment It argues that representations of the past and projections of the future are not isolated commentaries of a romantic yesterday or grand visions of tomorrow Rather they evoke the preoccupations and anxieties of the present whether it is the skepticism of nostalgic kitsch The Royal Tenenbaums or the projected post millennial fears of disappearing histories and mutating pasts manufactured memories and loss of identity Eternal Sunshine of the Spotless Mind and 2046
