An Historical Review of the Spanish Revolution Edward Blaquiere, 2017-12-23 Excerpt from *An Historical Review of the Spanish Revolution Including Some Account of Religion Manners and Literature in Spain* The tone of impartiality I have adopted now as on every former occasion and those modifications of Opinion suggested by a more careful examination of facts will necessarily expose me to the censure of those who think consistency in error to be the best criterion of virtue Invariably actuated by a desire to promote the happiness of the greater number I had no other course left than the one I have pursued satisfied that the surest per haps the only way of diminishing those fatal effects which the slavery of party and faction have heretofore exercised on the liberties of mankind will be found in observing the strictest impartiality towards all those who divide political society I have never lost sight of that object in the following pages though this path neither leads to ministerial patronage emolument nor place yet it is that which honour and patriotism dictate About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
