Tijdschrift voor geschiedenis Anthonie Marius Kolléwijn, Roelof Schuiling, Michiel George de Boer, 1918 *History of the Low Countries* J. C. H. Blom, E. Lamberts, 2006-06 The history of the smaller European countries is rather neglected in the teaching of European history at university level We are therefore pleased to announce the publication of the first comprehensive history of the Low Countries in English from Roman Times to the present Remaining politically and culturally fragmented with its inhabitants speaking Dutch French Frisian and German the Low Countries offer a fascinating picture of European history en miniature For historical reasons parts of northern France and western Germany also have to be included in the Low Countries a term that must remain both broad and fluid a convenient label for a region which has seldom if ever composed a unified whole In earlier ages it as even more difficult to the region set parameters again reflecting Europe as a whole when tribes and kingdoms stretched across expanses not limited to the present states of Belgium Luxembourg and the Netherlands Nevertheless its parts did demonstrate many common traits and similar developments that differentiated them from surrounding countries and lent them a distinct character Internationally the region often served both as a mediator for and a buffer to the surrounding great powers France Britain and Germany an important role still played today as Belgium and the Netherlands have increasingly become involved in the broader process of European integration in which they often share the same interest and follow parallel policies This highly illustrated volume serves as an ideal introduction to the rich history of the Low Countries for students and the generally interested reader alike **De Hollandsche Revue** , 1898

Handbook of Dutch Church History Herman J. Selderhuis,2014-12-10 Herman Selderhuis as editor of this volume has brought together a team of experts resulting in a unique approach since each chapter is co written by a catholic and a protestant author who have all integrated the latest research results Each section begins with a brief historiographical overview The same time ecclesiastical events are always set within a greater framework of political social and cultural developments for which reason each author has taken the liberty to describe its own method The user will find in this book tables diagrams and illustrations Also many source texts are integrated in the narration Theses texts are intended to bring the described events and people closer to the reader and as it were to let them speak the words The name of the book as Handbook of the church history of the Netherlands immediately brings to mind three problematic complexes which are relevant to its user First there is the nature of a handbook that is intended to be a good tool but also has its limitations it stimulates and necessitates the use of further books Second the area The Netherlands is a plurality and that is also noticeable in its church history for each region town and village has its own church history Third the history of the church for sure is the most important aspect but this history can only be understood if it is described in the context of political and social developments Insulinde Douwe Wouters,1924 Uitgebreid werk over Nederlands Indi waarin alle facetten rond 1920 behandeld worden Verhalen anekdotes en vele feiten uit deze periode Het boek is geschreven met een hogere onderwijsdoelstelling Dit boek beschrijft de ontwikkeling van Oost Indi onder Nederlands gezag in de periode van het jaar 1924 Hierin worden onder andere de mogelijkheden aan de orde gesteld om Indi en de bevolking ervan naar een betere toekomst te laten streven zowel op economisch en psychologisch gebied Het motto van dit boek is Het koloniaal belang is een algemeen Nederlandsch belang **De Nieuwe gids ,1918** **Bijdragen en mededeelingen...** Historisch Genootschap (Utrecht, Netherlands),1917 Vols 69 include its Verslag van de algemene vergadering as a section The Low Countries History Yearbook 1979 C.
